Englishman The:

The Englishman's Fortnight in Paris Jean Jacques Rutledge, 1777 *The Englishman's Cameo* Madhulika Liddle, 2012-08-07 A poisoned paan a non government issue arrow and the cameo of a mysterious Englishman Muzaffar Jang is that rare creature in Mughal Emperor Shahjahan's Dilli an aristocrat with friends in low places One of whom Faisal stands accused of murder When the body of Mirza Murad Begh is found stabbed in the chest lying in a water channel in the Qila poor Faisal is the only one around But what of the fact that minutes before his demise the victim had stepped out of the haveli of Shahjahanabad's most ravishing courtesan Could not the sultry Mehtab Banu and her pale delicate sister Gulnar have something to do with the murder Determined to save his friend Muzaffar decides to investigate with only a cup now and then of that new fangled brew Allah so bitter called coffee to help him A trail of clues leads him from Mehtab's haveli out into the streets of seventeenth century Dilli rife with rumours of Dara Shukoh's strange leanings and Prince Aurangzeb's rebelliousness into a conspiracy far more sinister than he had imagined *On the Sports and Pursuits of the English, as Bearing Upon Their National Character* Thomas Egerton Earl of Wilton, 1868 *The United States Magazine and Democratic Review*, 1843 **The Principal Navigations, Voyages, Traffiques & Discoveries of the English Nation** Richard Hakluyt, 1926 *Punch*, 1859 *Hints on the Study of English* F. Rowe, 2023-02-18 Reprint of the original first published in 1874 **Punch, Or, The London Charivari**, 1859 **The Politics of English Nationhood** Michael Kenny, 2014-03-13 Winner of the Political Studies Association WJM MacKenzie Prize for best book of 2014 The Politics of English Nationhood supplies the first comprehensive overview of the evidence research and major arguments relating to the revival of Englishness exploring its varied and often overlooked political ramifications and dimensions It examines the difficulties which the major political parties have encountered in dealing with the English question against the backdrop of the diminishing hold of established ideas of British government and national identity in the final years of the last century And it explores a range of factors including insecurities generated by economic change Euroscepticism and a growing sense of cultural anxiety which helped make the renewal of Englishness appealing and imperative prior to the introduction of devolution by the first Blair government a policy which also gave this process a further impetus The book therefore provides a powerful challenge to the two established orthodoxies in this area These either maintain that the English are dispositionally unable to assert their own nationhood outside the framework of the British state or point to the supposed resurgence of a resentful and reactive sense of English nationalism This volume instead demonstrates that a renewed resonant and internally divided sense of English nationhood is apparent across the lines of class geography age and ethnicity And it identifies several distinct strands of national identity that have emerged in this period contrasting the appearance of populist and resentful forms of English nationalism with an embedded and deeply rooted sense of conservative Englishness and attempts to reconstruct a more liberal and civic idea of a multicultural England This volume also includes a wide ranging analysis of the

culturally rooted revival of Englishness drawing out the political dimensions and implications of this re emerging form of national consciousness
