Norman Jeffares Contributors Index R **Community Series in Mental Illness, Culture, and Society: Dealing with the COVID-19 Pandemic, volume VIII** Mohammadreza Shalbafan, Samer El Hayek, Renato de Filippis, 2024-06-21 The COVID 19 outbreak has impacted many areas of our lives including mental health. Lockdown and physical distancing measures have been one major effective intervention to counter the spread of the virus and reduce the impact of the disease. However, they have negatively impacted mental well-being and behaviors, either triggering the onset of new psychiatric symptoms and diseases or amplifying pre-existing ones. The pandemic and lockdown measures have also been associated with reduced access to treatment and facilities all over the world, further worsening mental health outcomes. The impact on mental health, although universal, varied between nations. Cultural and societal variables, including norms, values, religion, and stigma, have played an important role in shaping COVID-19 related mental health symptoms, including anxiety, depression, grief, psychosis, and addiction. These sociocultural factors have also molded how mental health interventions are tailored and provided. Highlighting the intertwining relationship between the pandemic, mental health, and sociocultural factors are essential to managing emerging mental health symptoms adequately.

The works of Samuel Johnson, LL. D., with an essay on his life and Samuel Johnson, 1843 **Heaven and Earth** Arturo Riojas, 2016-10-07 From the heavens they came to our Mother Earth. Through a different dimension they move freely to examine the fruits of the seeds they had planted several millennia ago. Their race was characterized by a highly developed intellect, evolving only after the conquest of the poisoned environment of their world and the maladies that had nearly driven their race to extinction. They travel the galaxy on a search. This tale of intrigue involves national secrets that NASA, DHS, the Air Force, the CDC, and the FDA cannot disclose. From a web of misinformation and concealment that spans the nation from coast to coast, the truth must be extracted and revealed. Why are we being protected from the truth, the existence of a race of alien beings, and the known environmental causes of problems ailing our society, and what is the price we pay for this protection? The story unfolds while drawing parallels between their world and our own conspiracies to exploit the masses, events, and conditions that are not as they appear. The universal need to know, the conflict between self-interests and the universal good, and the ultimate triumph of valor over fear. This is a story involving different kinds of races. For the space travelers, it is a race against time and a message traversing the vast emptiness of space at the speed of light. For earthlings, it is a race to reverse an environmental tailspin, leaving death in its wake. A tale of mass deceit and denial, conquest without overt violence, insidious enemies, and turbulent battles fought within Heaven and Earth, explores the very sources of pain and suffering and offers a surprise ending to free two races from oppression and exploitation. But the battles are just beginning.
