Handbook of the Economics and Political Economy of Transition Paul Hare, Gerard Turley, 2013-05-02 Transition from central planning to a market economy involving large scale institutional change and reforms at all levels is often described as the greatest social science experiment in modern times As more than two decades have passed since the fall of the Berlin Wall and the collapse of the Soviet Union it is now an excellent time to take stock of how the transition process has turned out for the economies that have moved on from socialism and the command economy This new handbook assembles a team of leading experts many of whom were closely involved in the transition process as policymakers and policy advisors to explore the major themes that have characterized the transition process After identifying the nature of initial conditions and the strengths and weaknesses of institutions the varying paths and reforms countries have taken are fully analyzed from the shock therapy privatization or gradualism of the early years to the burning issues of the present including global integration and sustainable growth Topics covered include the socialist system pre transition economic reforms institutions the political economy of transition performance and growth enterprise restructuring and people and transition The country coverage is also extensive from the former socialist countries of the USSR and the satellite states of Central and Eastern Europe to the Asian countries of China Vietnam and others The rise of China as a key actor in the drama is chronicled along with the emergence of a new more confident oil rich Russia The comparative prosperity of the Central European countries such as Poland and the Czech Republic is contrasted with the mixed fortunes of the former USSR where some countries are stagnating while others boom This Handbook of the Economics and Political Economy of Transition is the definitive guide to this new order of things in the former Communist world *Bosnia and Herzegovina 2001 - 2004* Commission of the European Communities, 1999 *Uzbekistan Business Intelligence Report - Strategic Information, Opportunities, Contacts* IBP, Inc., 2018-03-29 Uzbekistan Business Intelligence Report Practical Information Opportunities Contacts **Making Transition Work for Everyone** World Bank, 2000 Annotation This book brings together the latest findings on the nature and

evolution of poverty and inequality in the region *Bosnia and Herzegovina 2001-2004* , **Housing Finance Markets in Transition Economies Trends and Challenges** OECD,2005-08-10 A comprehensive issue by issue and country by country study of housing markets and housing finance markets in Central and Eastern Europe Tilting at the Windmills of Transition Michael Schlattau,2020-10-01 This book investigates spatial institutional variation and its influence on entrepreneurial activity in the Russian Federation building on an innovative geometric clustering approach The book looks into how entrepreneurial entry can be explained by institutional factors at the regional level Furthermore it examines the relevance of understanding entrepreneurial ecosystems as systems of interrelated elements whose overall function may be impeded by individual components Most importantly substantial evidence is presented that higher levels of regional democratization and the liberties that come with them are essential prerequisites for higher rates of entrepreneurial entry and innovation in Russia The author draws on a comprehensive panel dataset and an unconventional prediction model approach to account for the interrelatedness of institutions with regard to their effects on entrepreneurship The heterogeneous transition context of the Russian Federation which continues to have one of the lowest shares of innovative founders provides an ideal setting for investigating the tedious efforts to tilt at the windmills of transition Accordingly the book is a must read for researchers scholars practitioners and policymakers seeking a better understanding of spatial economics entrepreneurship economic development transition economics public administration and political studies *The Political Economy of Innovation Development* Iurii Bazhal,2017-06-27 This book finds that the R D and technological innovation of a country is not a result but a factor of sustained economic growth Bazhal develops Schumpeter s theory to argue that genuine economic growth especially in transitioning and developing countries is only possible with innovation With a particular focus on the work of Ukrainian economists Tugan Batanobvsky and Vernadsky the text seeks to move the discipline forward and explain why innovation has become a primary factor of economic development in recent decades and why its role will become even more dominant in the future Chapters interrogate whether modern economic theory can explain how we ensure the effective functioning of the market economy The book shows that explanations of economists and politicians regarding the nature of the current economic and financial crisis and the causes of huge gaps in levels of wealth in market economies demonstrates that there are not enough satisfactory answers to this question **How Capitalism Was Built** Anders Aslund,2013 Anders Aslund is known to make bold predictions that initially arouse controversy but soon become common wisdom In Gorbachev s Struggle for Economic Reform 1989 he foresaw the collapse of the Soviet political and economic system After Russia s financial crisis of 1998 observers declared the market economic experiment a failure Aslund foresaw market economic success Building Capitalism 2002 In How Capitalism Was Built 2nd Edition he asks and answers for the twenty one countries he investigates Why did communism collapse Why did Russia not choose gradual reforms like China did Wherein lies the relative success of postcommunist transformation How did the oligarchs arise and

decline vis vis authoritarian leaders Anyone who wants to understand the often confusing postcommunist dramas and obtain an early insight into the future will find this intellectually stimulating book useful This edition includes updates to each chapter and new chapters on the impact of the global financial crisis and the European Union

Balancing Protection and Opportunity ,2000-01-01 The conversion from planned to market economies spawned new opportunities and challenges in Central and Eastern Europe and Central Asia Since the social safety nets of guaranteed employment and retirement security disintegrated the transition governments are trying to develop new social protection systems or adapt the old ones to emerging welfare needs and fiscal realities Political upheavals macroeconomic instability and the difficulty of implementing reforms have hampered progress Thus the World Bank needs to address social protection issues to inform future Bank activities To that end this report presents a social protection strategy for transition economies rooted in three pillars of analysis a conceptual framework based on risk management an understanding of the context challenges and choices in each country and Bank experience in social protection in the region

Frontiers in the Economics of Gender Francesca Bettio,Alina Verashchagina,2009-11-24 Gender is now recognized as a fundamental organizing principle for economic as well as social life and related research has grown at an unprecedented pace in the recent decades across branches of economics The volume takes stock of this research proposes novel analytical frameworks and outlines further research directions It grew out of the Summer School of International Research in Pontignano University of Siena that traditionally brings together the most representative scholars in the chosen field The thirteen essays included in the volume cover recent advances in gender related issues across disciplinary branches from Economic History and the History of Economic Thought to Macroeconomics Household Economics the Economics of Care Work Labour Economics Institutional and Experimental Economics The volume is primarily addressed to graduate students in Economics and is an essential companion for researchers in the area of Gender Economics As most essays are written in a non technical language it is also of interest to a wider audience including specialists in Sociology Demography and History

Western Balkan Integration and the EU Sanjay Kathuria,2008-01-01 This title explores ways for the Western Balkan countries to improve growth prospects through deepening of regional integration and improving selected elements of their investment climate It analyzes areas relating to trade in goods and services regional integration and selected aspects of the investment climate It suggests that countries in the region could reap sustained growth payoffs by focusing on deepening regional integration improving human capital reducing telecommunication costs and pre empting energy shortages , **Unleashing Prosperity** ,2008 Over the past few years the countries of Eastern Europe and the Former Soviet Union have seen rapid productivity growth that has driven up living standards and reduced poverty Unleashing Prosperity examines the microfoundations of the recent growth The report shows

that these countries have enjoyed substantial productivity gains from the reallocation of labor and capital to more productive sectors and firms from the entry of new firms and the exit of obsolete firms and from the more efficient use of resources Unleashing Prosperity also illustrates that policy reforms that promote governance and macroeconomic stability market competition infrastructure quality financial deepening labor market flexibility and skill upgrading are important in achieving higher productivity growth However significant challenges remain in sustaining productivity growth The report argues that for the early reformers most of the 10 new members of the European Union plus Turkey policy reforms aimed at improving the ability of firms to innovate and compete in global markets are a main concern By contrast for the late reformers most of Southeastern Europe and the Commonwealth of Independent States policy reforms aimed at addressing the legacy of transition continue to be a top priority Unleashing Prosperity shows why microeconomic reforms deserve more attention It is a must read for policy makers government officials researchers and economists who are interested in furthering growth and prosperity in the region
