El Cuatrero the Rustler:

The Mexican Filmography, 1916 through 2001 David E. Wilt, 2024-10-17 Mexican cinema has largely been overlooked by international film scholars because of a lack of English language information and the fact that Spanish language information was difficult to find and often out of date This comprehensive filmography helps fill the need Arranged by year of release and then by title the filmography contains entries that include basic information film and translated title production company genre director cast a plot summary and additional information about the film Inclusion criteria a film must be a Mexican production or co production feature length one hour or more silent films excepted fictional documentaries and compilation films are not included unless the topic relates to Mexican cinema some docudramas and films with recreated or staged scenes are included and theatrically released or intended for theatrical release *Sound, Image, and National Imaginary in the Construction of Latin/o American Identities* Héctor Fernández L'Hoeste, Pablo Vila, 2017-12-26 Sound Image and National Imaginary in the Construction of Latin o American Identities addresses a gap in the many narratives discussing the cultural histories of Latin American nations particularly in terms of the birth configuration and perpetuation of national identities It argues that these processes were not as gradual or constrained as traditionally conceived The actual circumstances dictating the adoption of particular technologies for the representation of national ideas shifted and varied according to many factors including local circumstances political singularities economic disparities and highly individualized cultural transitions This book proposes a model of chronology that is valid not only for nations that underwent strong processes of nationalism during the early or mid twentieth century but also for those that experienced highly idiosyncratic cultural economic and political development into the early twenty first century *Studies in Latin American Popular Culture* ,1991 **Anarchaeologies** Erin Graff Zivin, 2020-01-07 How do we read after the so called death of literature If we are to attend to the proclamations that the representational apparatuses of literature and politics are dead what aesthetic ethical and political possibilities remain for us today Our critical moment Graff Zivin argues demands anarchaeological reading reading for the blind spots errors points of opacity or untranslatability in works of philosophy and art Rather than applying concepts from philosophy in order to understand or elucidate cultural works the book exposes works of philosophy literary theory narrative poetry film and performance art and activism to one another Working specifically with art film and literature from Argentina Jorge Luis Borges Ju n Jos Saer Ricardo Piglia C sar Aira Albertina Carri the Internacional Errorista Graff Zivin allows such thinkers as Levinas Derrida Badiou and Ranci re to be inflected by Latin American cultural production Through these acts of interdiscursive and interdisciplinary or indisciplinary exposure such ethical and political concepts as identification and recognition decision and event sovereignty and will are read as constitutively impossible erroneous Rather than weakening either ethics or politics however the anarchaeological reading these works stage and demand opens up and radicalizes the possibility of justice **Pasajes** Mary Lee Bretz, 1987 **Revolutionaries, Rebels and Robbers** Pascale

Baker,2015-10-02 This volume delivers a comprehensive study of banditry in Latin America and of its cultural representation In its scope across the continent looking closely at nations where bandit culture has manifested itself forcefully Mexico the subject of the case study the Hispanic south west of the United States Argentina Brazil Venezuela and Cuba it imagines a Golden Age of banditry in Latin America from the mid nineteenth century to the 1940s when so called social bandits an idea first proposed by Eric Hobsbawm and further developed here flourished In its content this work offers the most detailed and wide ranging study of its kind currently available *Delito, derecho y sociedad* Jerome Hall,2023-12-08 La necesidad de un conocimiento científico de la conducta interpersonal con respecto al Derecho se hace cada vez más imperiosa en una época de tensiones conflictos y controles en expansión Este libro constituye un esfuerzo para satisfacer una pequeña parte de esa gran necesidad aunque ha sido realizado en forma que tal vez pueda tener alguna significación general Las teorías de la ciencia social especialmente las que se refieren a metodología suelen ser expuestas de modo muy abstracto y utilizando vocabularios técnicos que parecen hallarse muy alejados de los problemas reales de la investigación De aquí no se sigue que la teoría debe abandonarse o quedar subordinada en la investigación a una orientación práctica Lo que planteamos es justamente el problema de una teoría social persuasiva crítica realista Por eso nos ha parecido que podría ser de interés la presentación y el análisis de los métodos y teorías empleados en esta investigación acerca de la apropiación ilícita de lo ajeno Jerome Hall
