From Art to Politics Yvon Grenier, 2001 This book offers an analysis of Paz's political thought arguing that it is rooted in two separate and often antagonistic traditions Liberalism and Romanticism Grenier shows that Paz's political thought is best approached not so much by looking at the specific positions Paz took in the issues of his day but rather by uncovering the core values at the heart of Paz's political philosophy From Art to Politics gives not only a better understanding of Paz's thought but also a discussion of the political culture and democratization of Mexico The book

takes a novel look at issues such as the relations between art and politics the role of intellectuals and the penchant of academics for machination theories in the area of art and culture The result is an account of Paz s work that is both more focused and more ambitious than those offered in previous books on Paz s politics *An Eternal Struggle* Michael J. Ard,2003-10-30 Ard examines Mexico s long transition to democracy and the vital role played by the National Action Party an opposition system party inspired by Catholic social doctrine and dedicated to democratic values Ard examines the problem of democratic transitions by focusing on Mexico s National Action Party PAN a democratic opposition party based on Catholic social doctrine The 2000 defeat of Mexico s long time ruling Institutional Revolutionary Party was more than the displacement of one ruling clique by another More profoundly Fox s stunning victory closed the book on a persistent political religious conflict a great party conflict that had dogged Mexico since its break with the Spanish Empire The 2000 election represented the end of a long conversion process a reconciliation between Mexico s Catholic and Revolutionary political traditions and the forging of a new national political consensus Ard examines Mexico s long transition to democracy in which the PAN an opposition system party inspired by Catholic social doctrine and dedicated to democratic values played a vital role The book begins with a theoretical framework to understanding the Mexican transition with an emphasis placed on the importance of conciliation political liberties and the democratic opposition party Ard then addresses the fundamental church state cleavage and how it shaped Mexico s great parties He then looks at the founding of the National Action Party a reforming system party that broke the great party mold The bulk of his analysis centers on the details of the political transition and the challenges ahead for Mexican democracy This book is of particular importance to scholars students and researchers involved with Mexican politics and history and Latin American Studies in general *El feminismo mexicano ante el movimiento urbano popular* Alma Rosa Sánchez Olvera,2002-01-01 **Desamortización y propiedad de las élites en el noreste mexicano 1850-1870** Rocío González Maiz,2011-11-07 La desamortización fue el proceso a través del cual los bienes pertenecientes a las corporaciones civiles y eclesísticas se transfirieron a los particulares a partir de la ley del 25 de junio de 1856 Con la aplicación de las leyes de Reforma desapareció la propiedad corporativa y se establecen las condiciones para la generalización de la propiedad individual En Desamortización y propiedad de las lites en el noreste mexicano se estudian las dos primeras etapas de la aplicación de dichas leyes y se da cuenta de la enajenación de tierras rústicas y urbanas aguas y fincas en un contexto histórico que involucra elementos políticos y económicos *Filosofía y política mexicana en la Independencia y Revolución* Mario Magallón Anaya,2014-04-14 A través de una filosofía de la historia Mario Magallón elabora una revisión de las ideas que han permeado el pensamiento político de nuestro país desde la Ilustración imperante en el periodo decimonónico que gestó en los planteamientos liberales surgidos durante la Revolución mexicana hasta el pensamiento positivista generado en años posteriores enarbolado en personajes como Gabino Barreda y Justo Sierra A la par de la reflexión y crítica sobre ese pasado integrado por el entrecruzamiento de ideas liberales anarquistas socialistas y

positivistas se encuentran las reflexiones del autor sobre el quehacer filosófico y su vínculo histórico social

Las grandes traiciones de México Francisco Martín Moreno, 2020-12-18 El dramático recuento de las traiciones que torcieron el destino de nuestro país La palabra traición es uno de los hilos conductores que han definido el rumbo de nuestra historia y nos han atrapado en el presente que hoy vivimos los mexicanos Como hubiera sido nuestra historia sin la larga cadena de felones que hemos padecido en carne propia Sin un Santa Anna traicionando a la patria hasta lo inimaginable si Hidalgo o Morelos no hubieran
