England, The Unknown Isle Paul Cohen-Portheim,1934 England Paul Cohen-Portheim,1935 **Orwell in Context** B. Clarke,2015-12-26 This bold new reading of Orwell's work focuses upon his representation of communities and the myths that shape them It analyzes his interpretations of class gender and nationality within the context of the period The book uses a range of texts to argue that Orwell attempted to integrate traditional communal identities with socialist politics

**England's Fortress** Andrew Hopper, Philip Major, 2016-05-13 Overshadowed in the popular imagination by the figure of Oliver Cromwell historians are increasingly coming to recognize the importance of Thomas Fairfax 3rd Lord Fairfax of Cameron in shaping the momentous events of mid seventeenth century Britain As both a military and political figure he played a central role in first defeating Charles I and then later supporting the restoration of his son in 1660 England s Fortress shines new light on this significant yet surprisingly understudied figure through a selection of essays addressing a wide range of topics from military history to poetry Divided into two sections the volume reflects key aspects of Fairfax s life and career which are nevertheless as interconnecting as they are discrete Fairfax the soldier and statesman and Fairfax the husband horseman and scholar This fresh account of Fairfax s reputations and legacy questions assumptions about neatly demarcated seventeenth century chronological geographic and cultural boundaries What emerges is a man who subverts as much as he reinforces assumed characteristics of martial invincibility political disengagement and literary dilettantism

Speech and Voice Leopold Stein, 2018-10-26 Originally published in 1942 this title was recognised as setting new standards in the scientific approach to speech problems Much speech therapy in the past had been unsatisfactory because of its emphasis upon the purely mechanical aspects of the condition while at the same time the purely psychological approach was not sufficient to lead to satisfactory and radical treatment either In this title the author combines the two approaches and by setting out the basic pathology of the various conditions he throws new light upon them Today it can be read and enjoyed in its historical context **Anglomania** Ian Buruma, 2012-12-05 Imaginative original wittily written The Washington Post Book World To some England has long represented tolerance reason and political moderation To others it is a moribund bastion of snobbery and outdated tradition In this lively and diverting social history noted author Ian Buruma himself the son of Dutch immigrants to England provides an incisive look at anglophilia and anglophobia over the last two centuries From passionate enthusiasts like Voltaire and Goethe to exiles like Garibaldi and Herzen to colorful England bashers like Napoleon Marx and Kaiser Wilhelm II Anglomania gives a sharply satirical account of Europe's sometimes comical sometimes deadly prejudices and explains why England's individuality and her relationship with Europe is still vitally important as we enter the **Public Images** Ryan Linkof, 2020-08-12 The stolen snapshot is a staple of the modern tabloid press twenty first century as ubiquitous as it is notorious.
