*Late Georgian and Regency England, 1760-1837* Robert A. Smith, 2004-07-08 A guide to historical literature on England between 1760 and 1837 emphasising more recent work      **Historical Records of Australia: Governors' despatches to and from England (26 v.)**, 1916      **Historical Records of Australia** Australia. Parliament. Joint Library Committee, 1916      **The National union catalog, 1968-1972**, 1973      Trollope And The Law R D McMaster, 1986-08-18      **Historical Records of Australia: Governors' despatches to and from England. v. v. 1. 1788-1796**, 1916      **The National Union Catalogs, 1963-**, 1964      **Responsible Government and the Australian Constitution** Benjamin B Saunders, 2023-06-15

This book looks at responsible government under the Australian Constitution It undertakes a detailed examination of the history leading to the incorporation of responsible government into the Constitution examining the political history and constitutional ideas which informed the framers views It draws on this history to develop a theory of responsible government and explore its implications for the interpretation of the Constitution and the structure of modern government in Australia The book fills a major gap in our knowledge of the intellectual background of the Australian Constitution by explaining the constitutional ideas that have shaped the text and structure of the Australian Constitution It contributes to worldwide debates about constitutional interpretation by showing how rigorous use of history can lead to novel interpretations of constitutions without being tied to the dead hands of the founders      A Short History of the American Revolutionary War Stephen Conway, 2013-04-12 The American war against British imperial rule 1775 1783 was the world s first great popular revolution Ideologically defined by the colonists formal Declaration of Independence in 1776 the struggle has taken on something of a mythic character From the Boston Tea Party to Paul Revere s ride to raise the countryside of New England against the march of the Redcoats and from the American travails of Bunker Hill 1775 to the final humiliation of the British at Yorktown 1781 the entire contest is now emblematic of American national identity Stephen Conway shows that beyond mythology this was more than just a local conflict rather a titanic struggle between France and Britain The Thirteen Colonies were merely one frontline of an extended theatre of operations with each superpower aiming to deliver the knockout blow This bold new history recognizes the war as the Revolution but situates it on the wider global canvas of European warfare
