English Linguistics

Thomas Herbst

English Linguistics:

Introduction to English Linguistics Ingo Plag, Maria Braun, Sabine Lappe, Mareile Schramm, 2011-12-22 The book introduces beginning university students of English to the study of English linguistics The major difference between this book and its potential competitors lies in its hands on didactic orientation with a strong focus on linguistic analysis and argumentation Language and linguistic theory are approached from a strictly empirical perspective given a certain set of data to be accounted for certain theoretical and methodological problems must be solved in order to analyze and understand the data properly Thus the theoretical apparatus is crucially developed in conversation with the data and not presented as a set of given facts After having worked with the book the students should be able to use necessary methodological tools to obtain relevant data such as corpora dictionaries experiments and to systematically analyze their data and relate their findings to theoretical problems The book is not written from the perspective of a particular theoretical framework and draws on insights from various research traditions Introduction to English Linguistics concentrates on gaining expertise and analytical skills in the traditional core areas of linguistics i e phonology morphology syntax semantics and pragmatics The final chapter on Extensions and applications widens the perspective to other areas of linguistic research such as historical socio and psycholinguistics Exercises and a glossary are also provided

English Linguistics Thomas Herbst, 2010-06-17 The book introduces the reader to the central areas of English linguistics The main sections are the English language and linguistics sounds meaning carrying units sentences models of grammar meaning utterances variation Notably the book is written from a foreign student s perspective of the English language i e aspects relevant to foreign language teaching receive particular attention A great deal of emphasis is put on the insights to be gained from the analysis of corpora especially with respect to the idiomatic character of language idiom principle valency approach In addition the text offers basic facts about the history of the language and elaborates on the differences between British and American English The author demonstrates that a linguistic fact can usually be described in more than one way To this end each section contains a chapter written for beginners providing a broad outline and introducing the basic terminology The remaining chapters in each section highlight linguistic facts in more detail and give an idea of how particular theories account for them The book can be used both from the first semester onwards and as perfect study aid for final B A examinations

The Handbook of English Linguistics Bas Aarts, April McMahon, 2008-04-15 The Handbook of English Linguistics is a collection of articles written by leading specialists on all core areas of English linguistics that provides a state of the art account of research in the field Brings together articles from the core areas of English linguistics including syntax phonetics phonology morphology as well as variation discourse stylistics and usage Written by specialists from around the world Provides an introduction to a key area of English Linguistics and includes a discussion of the most recent theoretical and descriptive research as well as extensive bibliographic references

Introducing English Linguistics Charles F. Meyer, 2009-05-14 Are you looking for a genuine

introduction to the linguistics of English that provides a broad overview of the subject that sustains students interest and avoids excessive detail Introducing English Linguistics accomplishes this goal in two ways First it takes a top down approach to language beginning with the largest unit of linguistic structure the text and working its way down through successively smaller structures sentences words and finally speech sounds The advantage of presenting language this way is that students are first given the larger picture they study language in context and then see how the smaller pieces of language are a consequence of the larger goals of linguistic communication Second the book does not contain invented examples as is the case with most comparable texts but instead takes its sample materials from the major computerised databases of spoken and written English giving students a more realistic view of language English Linguistics Bernd Kortmann,2020-10-28

This is the completely revised updated and enlarged 2nd edition of a classic textbook used in many English and linguistics departments in Germany for more than 20 years It serves both as an introduction for beginners and as a companion for more advanced undergraduate and graduate students familiarizing its readers with the major and distinctive properties of English Standard English as well major national regional and social varieties including an in depth structural comparison with German Written in an accessible style and with many reader friendly features including checklists with key terms and concepts basic and advanced exercises with solutions the book offers a state of the art survey of the core terminology and issues of the central branches of linguistics including an account of the major current research traditions and methodologies

Introducing English Linguistics Charles F. Meyer,2009-05-14 A genuine introduction to the linguistics of English that provides a broad overview of the subject that sustains students interest and avoids excessive detail It takes a top down approach to language beginning with the largest unit of linguistic structure the text and working its way down through successively smaller structures Introduction to English Linguistics Markus Bieswanger,Annette Becker,2017-02-13

McMahon,Lars Hinrichs,2023-02-13 Second edition of this popular Handbook bringing together stimulating discussions of core English linguistics topics in a single authoritative volume includes numerous new and thoroughly updated chapters The second edition of the popular Handbook of English Linguistics brings together stimulating discussions of the core topics in English linguistics in a single authoritative volume Written by an international team of experts the chapters cover syntax methodology phonetics and phonology lexis and morphology variation stylistics and discourse and also provide discussions of theoretical and descriptive research in the field The revised edition includes new and updated chapters on English Corpus

Linguistics experimental approaches complements and adjuncts English phonology and morphology lexicography and more In depth yet accessible chapters introduce key areas of English linguistics discuss relevant research and suggest future research directions An important academic contribution to the field this book Presents thirty two in depth yet accessible chapters that discuss new research findings across the field written by both established and emerging scholars from around the world Builds upon the very successful first edition published in 2006 Incorporates new trends in English linguistics including digital research methods and theoretical advances in all subfields Suggests future research directions The Handbook of English Linguistics 2nd Edition is an essential reference work for researchers and students working in the field of English language and linguistics

New Approaches to English Linguistics Olga Timofeeva, Anne-Christine Gardner, Alpo Honkapohja, Sarah Chevalier, 2016-11-01 This book aims at providing a cross section of current developments in English linguistics by tracing recent approaches to corpus linguistics and statistical methodology by introducing new inter and multidisciplinary refinements to empirical methodology and by documenting the on going emphasis shift within the discipline of English linguistics from the study of dominant language varieties to that of post colonial minority non standardised learner and L2 varieties Among the key focus areas that define research in the field of English linguistics today this selection concentrates on four corpus linguistics English as a global language cognitive linguistics and second language acquisition Most of the articles in this volume concentrate on at least two of these areas and at the same time bring in their own suggestions towards building bridges within and across sub disciplines of linguistics and beyond

Digitally-assisted Historical English Linguistics Carolina P. Amador-Moreno, Dagmar Haumann, Arne Peters, 2023-12-22 This collection features different perspectives on how digital tools are changing our understanding of language varieties language contact sociolinguistics pragmatics and dialectology through the lens of different historical contexts With a clear focus on English chapters in the volume showcase a broad range of digital methods and approaches that can contribute to advancing the study of historical linguistics Visualization tools and corpus linguistic techniques are part of the methodologies included in the volume The chapters present empirically based research and discuss theoretical aspects that emphasize how digitalization is changing our analysis of different domains of language going from phonology to specific grammatical morphosyntactic and lexical features to discourse related issues more broadly This book will be of interest to scholars of the history of the English language historical linguistics corpus linguistics and digital humanities

English Linguistics Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free English Linguistics PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free English Linguistics PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that

the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of English Linguistics free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
