English Tournament Imprese:

The English Tournament Imprese Alan R. Young, Beert C. Verstraete, 1988 *Anglo-Dutch Relations in the Field of the Emblem* Westerweel, 2023-08-21 This volume deals with the interrelation between English and Dutch culture as it emerged in the field of the emblem and the emblem book in the 16th and 17th centuries The traffic of emblems was mostly from the Low Countries to England The very first printed English emblem book by Geoffrey Whitney was printed in Leiden in 1586 One of the last English emblem books to be published in the 17th century by Philip Ayres 1683 goes straight back to the Dutch love emblem tradition Heinsius Vaenius et al The reasons for this mainly one way traffic are manifold For one thing the best engravers and printers were to be found in the Low Countries For another the Church of England also accommodated adaptations of the highly popular continental Jesuit emblem books of the early 17th century The book consists of fourteen original articles by a wide range of specialists in the field each of whom addresses a different aspect of the general subject

Catholicism, Controversy and the English Literary Imagination, 1558-1660 Alison Shell, 1999-07-08 The Catholic contribution to English literary culture has been widely neglected or misunderstood This book sets out to rehabilitate a wide range of Catholic imaginative writing while exposing the role of anti Catholicism as an imaginative stimulus to mainstream writers in Tudor and Stuart England It discusses canonical figures such as Sidney Spenser Webster and Middleton those whose presence in the canon has been more fitful and many who have escaped the attention of literary critics Among the themes to emerge are the anti Catholic imagery of revenge tragedy and the definitive contribution made by Southwell and Crashaw to the post Reformation revival of religious verse in England Alison Shell offers a fascinating exploration of the rhetorical stratagems by which Catholics sought to demonstrate simultaneous loyalties to the monarch and to their religion and of the stimulus given to the Catholic literary imagination by the persecution and exile so many of these writers suffered

The English Emblem Tradition Alan R. Young, 1988-01-01 This volume of the Index Emblematicus deals with three early seventeenth century works Remaines of a Greater Worke Concerning Britaine by William Camden The Mirrour of Maiestie by H G and Otto van Veen s Amorum Emblemata Camden s Remaines is noteworthy for using imprese in language as pictorial image for mixing imprese with cognizance and for considering impresa itself as the identity of the individual rather than as a general principle H G s Mirrour is remarkable in that every one of its emblems consists of a personal heraldic coat of arms of an identified statesman twinned with a pictorial engraving motto and epigram on an opposite page Van Veen s Emblemata enters literary history as a volume of emblem pictures consecrated to secular love experience encapsulating some of the conventions of the sonnet sequences and having a strong influence on religious love literature Each book is reproduced with critical and bibliographic introductions translation of the poems and mottos descriptions of the emblems and indices to the visual and verbal components of the works A Dictionary of English Manuscript Terminology Peter Beal, 2008 Bespr in Book collector 57 2008 4 *The Routledge Companion to Medieval Iconography* Colum Hourihane, 2016-12-19 Sometimes

enjoying considerable favor sometimes less iconography has been an essential element in medieval art historical studies since the beginning of the discipline Some of the greatest art historians including M le Warburg Panofsky Morey and Schapiro have devoted their lives to understanding and structuring what exactly the subject matter of a work of medieval art can tell Over the last thirty or so years scholarship has seen the meaning and methodologies of the term considerably broadened This companion provides a state of the art assessment of the influence of the foremost iconographers as well as the methodologies employed and themes that underpin the discipline The first section focuses on influential thinkers in the field while the second covers some of the best known methodologies the third and largest section looks at some of the major themes in medieval art Taken together the three sections include thirty eight chapters each of which deals with an individual topic An introduction historiographical evaluation and bibliography accompany the individual essays The authors are recognized experts in the field and each essay includes original analyses and or case studies which will hopefully open the field for future research

Interpretation and Allegory Jon Whitman, 2003 Concentrating on interpretive allegory this book s interdisciplinary approach simultaneously opens and organizes new perspectives on historic developments from pagan Jewish Christian and Islamic commentaries to postmodern critiques From publisher s description

Writing and Reading Royal Entertainments Gabriel Heaton, 2010-06-17 This major new study of Elizabethan and Jacobean royal entertainments including country house entertainments tiltyard speeches and court masques is the first to look in detail at the evidence provided by the surviving material texts Drafts royal presentation manuscripts widely circulating scribal copies and printed pamphlets are all carefully placed in their cultural context and the medium of manuscript is shown to have been at least as important as print for these texts circulation From the close collaboration between commissioning host and hired writer to the varied interpretations imposed by copyists and publishers entertainments were written and read within a complex social nexus far from being royal propaganda they reflected the distinct and sometimes competing agendas of monarchs commissioning hosts authors publishers scribal intermediaries and readers Writing and Reading Royal Entertainments explores this interpretative community through a range of texts The first part of the book looks at Elizabethan entertainments the Woodstock entertainment of 1575 Chapter I tiltyard speeches Chapter II and the distinctive features of printed pamphlets and scribal copies notably of the 1602 Harefield entertainment Chapter III The second part of the book is mostly concerned with Ben Jonson s work for the Jacobean court with chapters on the Merchant Taylors entertainment Chapter IV and the Theobalds entertainment Chapter V The final chapter looks at the texts of court masques especially in the light of Jonson s understanding of the poet s elevated role The book s conclusion takes the story of these material texts beyond the early modern period and looks at how they have been collected bought and sold over the centuries

The Painted Closet of Lady Anne Bacon Drury H.L. Meakin, 2017-07-05 Lady Anne Bacon Drury 1572 1624 was the granddaughter and niece of two of England s Lord Keepers of the Great Seal Sir Nicholas Bacon and Sir Francis Bacon Lady

Anne was also the friend and patroness of John Donne and Joseph Hall however she deserves to be remembered in her own right Within her massive country house Lady Anne created a tiny painted room that she seems to have used as a kind of three dimensional book The walls consisted of panels of pictures and mottoes grouped under Latin sentences These panels can still be viewed in a Suffolk museum Christchurch Mansion in Ipswich Some panels point to classical and Biblical sources and to popular emblem books The sources of other panels are more recondite while still others are original compositions by Lady Anne The panels exhibit a contemptus mundi theme and reflect a struggle with ambition pride and even despair Some panels also appear to register carefully veiled but pointed critiques of political and religious events and figures Lady Anne s painted closet or architext is thus relevant to a wide range of early modern scholarship in various disciplines but is as yet largely unappreciated For the first time in four hundred years this book fully describes the closet and places it in its personal social intellectual and aesthetic contexts It argues for the painted closet s importance for understanding early modern conceptualizations of private and public spaces and for illuminating fundamental early modern habits of seeing and reading especially combinations of text and image Finally this book explores the closet as an example of the ingenious ways in which female subjectivity found ways to express itself even within the constraints of early modern patriarchal society in England

Writing After Sidney Gavin Alexander, 2010 *Writing After Sidney* examines the literary response to Sir Philip Sidney 1554-86 author of the *Arcadia* *Astrophil and Stella* and *The Defence of Poesy* and the most immediately influential writer of the Elizabethan period It does so by looking closely both at Sidney and at four writers who had an important stake in his afterlife his sister Mary Sidney his brother Robert Sidney his best friend Fulke Greville and his niece Mary Wroth At the same time as these authors wrote their own works in response to Sidney they presented his life and writings to the world and were shaped by other writers as his literary and political heirs Readings of these five central authors are embedded in a more general study of the literary and cultural scene in the years after Sidney s death examining the work of such writers as Spenser Jonson Daniel Drayton and Herbert The study uses a wide range of manuscript and printed sources and key use is made of perspectives from Renaissance literary theory especially Renaissance rhetoric The book aims to come to a better understanding of the nature of Sidney s impact on the literature of the fifty or so years after his death in 1586 it also aims to improve our understanding both of Sidney and of the other writers discussed by developing a more nuanced approach to the questions of imitation and example so central to Renaissance literature It thereby adds to the general store of our understanding of how writing of the English Renaissance offered examples to later readers and writers and of how it encountered and responded to such examples itself
