English Atlantic 1675 1740 An Exploration Of Communication And Community

Michiel van Groesen, Johannes Müller

English Atlantic 1675 1740 An Exploration Of Communication And Community:

The English Atlantic, 1675-1740 Ian K. Steele, 1986-09-18 Exploding the curious myth that the ocean is a barrier rather than a highway for communication this unusual interdisciplinary study examines the English Atlantic context of early American life From the winterless Caribbean to the ice locked Hudson Bay maritime communications in fact usually met the legitimate expectations for frequency speed and safety while increased shipping new postal services and newspapers hastened the exchange of news These changes in avenues of communications reflected and in turn enhanced the political economic and social integration of the English Atlantic between 1675 and 1740 As Steele deftly describes the influence of physical technological socioeconomic and political aspects of seaborne communication on the community he suggests an exciting new mode of analyzing Colonial history

The English Atlantic, 1675-1740 Ian Kenneth Steele, 19?? *British North America in the Seventeenth and Eighteenth Centuries* Stephen Foster, 2016-11-10 Until relatively recently the connection between British imperial history and the history of early America was taken for granted In recent times however early American historiography has begun to suffer from a loss of coherent definition as competing manifestos demand various reorderings of the subject in order to combine time periods and geographical areas in ways that would have previously seemed anomalous It has also become common place to announce that the history of America is best accounted for in America itself in a three way melee between settlers the indigenous populations and the forcibly transported African slaves and their creole descendants The contributions to *British North America in the Seventeenth and Eighteenth Centuries* acknowledge the value of the historiographic work done under this new dispensation in the last two decades and incorporate its insights However the volume advocates a pluralistic approach to the subject generally and attempts to demonstrate that the metropolitan power was of more than secondary importance to America in the seventeenth and eighteenth centuries The central theme of this volume is the question to what extent did it make a difference to those living in the colonies that made up British North America in the seventeenth and eighteenth centuries that they were part of an empire and that the empire in question was British The contributors some of the leading scholars in their respective fields strive to answer this question in various social political religious and historical contexts

The Political Economy of British Historical Experience, 1688-1914 Donald Winch, Patrick O'Brien, British Academy, 2002 How did Britain emerge as a world power and later as the world's first industrial society What policies cultural practices and institutions were responsible for this outcome How were the inevitable disruptions to social and political life coped with This innovative volume illustrates the contribution of economic thinking scientific official and popular to the public understanding of British economic experience over the period 1688 1914 Political economy has frequently served as the favourite mode of public discourse when analysing or justifying British economic policies performance and institutions These sixteen essays centering on the peculiarities of the British experience are grouped under five main themes foreign assessments of that experience land tenure empire and free trade

fiscal and monetary regimes and the poor law and welfare This is a collaborative endeavour by historians with established reputations in their field which will appeal to all those interested in the current development of these branches of historical scholarship

The Sea Peter N. Miller, 2013-04-24 The Sea brings together a group of noted contributors to evaluate the different ways in which seas have served as subjects in historiography and asks how this has changed and will change the way history is written The essays in this volume provide exemplary demonstrations of how a sea based history writing that focuses on connectivity networks and individuals describes the horizons and the potential of thalassography the study of the world made by individuals embedded in networks of motion As Peter N Miller contends in his introduction writing about the sea today is a way of partaking in the wider historiographical shift toward microhistory exchange relations networks and above all materiality both literally and figuratively The Sea focuses not on questions of discipline and professionalization as much as on the practice of scholarship the writing and therefore the planning and organizing of histories of the sea

Tudor Stuart Britain and the Wider World, 1485-1685: Oxford Bibliographies Online Research Guide Ken MacMillan, 2010-06 This ebook is a selective guide designed to help scholars and students of the early modern world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated This ebook is just one of many articles from Oxford Bibliographies Online Atlantic History a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of Atlantic History the study of the transnational interconnections between Europe North America South America and Africa particularly in the early modern and colonial period Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com

The Economy of Early America Cathy D. Matson, 2006 In recent years scholars in a number of disciplines have focused their attention on understanding the early American economy This text enters the resurgent discussion by showcasing the work of leading scholars who represent a spectrum of historiographical and methodological viewpoints

The Contagious City Simon Finger, 2012-05-03 By the time William Penn was planning the colony that would come to be called Pennsylvania with Philadelphia at its heart Europeans on both sides of the ocean had long experience with the hazards of city life disease the most terrifying among them Drawing from those experiences colonists hoped to create new urban forms that combined the commercial advantages of a seaport with the health benefits of the country The Contagious City details how early Americans struggled to preserve their collective health against both the strange new perils of the colonial environment and the familiar dangers of the traditional city through a period of profound transformation in both politics and medicine Philadelphia was the paramount example of this reforming

tendency Tracing the city's history from its founding on the banks of the Delaware River in 1682 to the yellow fever outbreak of 1793 Simon Finger emphasizes the importance of public health and population control in decisions made by the city's planners and leaders He also shows that key figures in the city's history including Benjamin Franklin and Benjamin Rush brought their keen interest in science and medicine into the political sphere Throughout his account Finger makes clear that medicine and politics were inextricably linked and that both undergirded the debates over such crucial concerns as the city's location its urban plan its immigration policy and its creation of institutions of public safety In framing the history of Philadelphia through the imperatives of public health *The Contagious City* offers a bold new vision of the urban history of colonial America

More than words John Willis, 2007-01-01 *More Than Words* features the work of more than twenty scholars from Canada and abroad on post related topics Drawing on recent trends in social and cultural history these new essays address the history and importance of the post from such perspectives as infrastructure technology nation building and interpersonal communications Published in English

The Oxford Handbook of Early Evangelicalism Jonathan Yeager, 2022 Contexts Churches and movements The culture of evangelicalism Personalities ***The Whispers of Cities*** John-Paul A. Ghobrial, 2013 Explores interactions between early modern Europe and the Ottoman Empire through the experiences of the English ambassador to the Ottoman Empire from 1687 to 1692 showing how information flows between Istanbul London and Paris were rooted in the personal exchanges between Ottomans and Europeans in everyday encounters

In My Power Konstantin Dierks, 2011-09-29 *In My Power* tells the story of letter writing and communications in the creation of the British Empire and the formation of the United States In an era of bewildering geographical mobility economic metamorphosis and political upheaval the proliferation of letter writing and the development of a communications infrastructure enabled middle class Britons and Americans to rise to advantage in the British Atlantic world Everyday letter writing demonstrated that the blessings of success in the early modern world could come less from the control of overt political power than from the cultivation of social skills that assured the middle class of their technical credentials moral deserving and social innocence In writing letters the middle class not only took effective action in a turbulent world but also defined what they believed themselves to be able to do in that world Because this ideology of agency was extended to women and the youngest of children in the eighteenth century it could be presented as universalized even as it was withheld from Native Americans and enslaved blacks Whatever the explicit purposes behind letter writing may have been educational improvement family connection business enterprise the effect was to render the full terms of social division invisible both to those who accumulated power and to those who did not The uncontested power that came from letter writing was Konstantin Dierks provocatively argues as important as racist violence to the rise of the white middle class in the British Atlantic world

Far From the Truth Michiel van Groesen, Johannes Müller, 2023-12-28 Information and knowledge were essential tools of early modern Europe's global ambitions This volume addresses a key concern that emerged as the competition for

geopolitical influence increased how could information from afar be trusted when there was no obvious strategy for verification How did notions of doubt develop in relation to intercultural encounters Who were those in the position to use misinformation in their favour and how did this affect trust How in other words did distance affect credibility and which intellectual and epistemological strategies did early modern Europe devise to cope with this problem The movement of information and its transformations in the process of gathering ordering and disseminating makes it necessary to employ both a global and a local perspective in order to understand its significance The rise of print leading to various new forms of mediation played a crucial role everywhere inspiring theories of modernization in which media served as agents of new connections and eventually of globalization Paradoxically during the entire period between 1500 and 1800 the demise of distance through various strategies of verification coincided with constructions of otherness that emphasized the cultural and geographical difference between Europe and the worlds it encountered Ten leading scholars of the early modern world address the relationship between distance information and credibility from a variety of perspectives This volume will be an essential companion to those interested in the history of knowledge and early modern encounters as well as specialists in the history of empire and print culture The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

London Booksellers and American Customers James Raven, 2002 In 1994 James Raven encountered a letterbook from the Charleston Library Society detailing the ordering processing and shipping of texts from London booksellers to their American customers The 120 letters covering the period 1758-1811 provided unique material for understanding the business of London booksellers for whom very little correspondence has survived and Raven decided to publish an annotated edition of the letters The letterbook reproduced in its entirety forms an appendix to the present volume but Raven's study has blossomed from a relatively narrow examination of booksellers and their customers to a larger exploration of the role of books and institutions such as the Library Society in the formation of elite cultural identity on the fringes of empire As a result this meticulously researched book has much to offer scholars of gentry culture and community in the eighteenth century British Atlantic world as well as historians of the book Publisher's Description

The Handbook of Communication History Peter Simonson, Janice Peck, Robert T. Craig, John Jackson, 2013-01-03 The Handbook of Communication History addresses central ideas social practices and media of communication as they have developed across time cultures and world geographical regions It attends to both the varieties of communication in world history and the historical investigation of those forms in communication and media studies The Handbook editors view communication as encompassing patterns processes and performances of social interaction symbolic production material exchange institutional formation social praxis and discourse As such the history of communication cuts across social cultural intellectual political technological institutional and economic history The volume examines the history of communication history the history of

ideas of communication the history of communication media and the history of the field of communication Readers will explore the history of the object under consideration relevant practices media and ideas review its manifestations in different regions and cultures comparative dimensions and orient toward current thinking and historical research on the topic current state of the field As a whole the volume gathers disparate strands of communication history into one volume offering an accessible and panoramic view of the development of communication over time and geographical places and providing a catalyst to further work in communication history

American Revolutions in the Digital Age Nora Slonimsky, Mark Boonshoft, Ben Wright, 2024-08-15 The interdisciplinary essays in *American Revolutions in the Digital Age* explore what digital tools can tell us about the late eighteenth and early nineteenth century United States and reveal how an understanding of the American past can make sense of our digital present By employing a host of innovative digital research methods these authors challenge long held assumptions about the American past In addition this collection uniquely demonstrates how contemporary anxieties about an array of topics including media disinformation patriarchy economic inequality and public memory can be better understood through careful considerations of early American history Open Access edition funded by Iona University

Making News Richard R. John, Jonathan Silberstein-Loeb, 2015 This book charts the rise and fall of the newspaper as the primary medium for the conveyance of news The book focuses on two of the most influential media markets in the modern world Great Britain and the United States between 1688 and 1995 In 1688 Parliament created institutional arrangements that would hasten the rise of the newspaper as the dominant medium for the circulation of news In 1995 the National Science Foundation commercialized the Internet encouraging an astonishing proliferation of information on all manner of topics including the news Per capita newspaper circulation had been declining for decades partly due to shifting social norms and partly due to the rise of broadcast news The Internet exacerbated this trend partly because it provided a cheaper news source and partly because it quickly became a superior vehicle for advertising a major source of revenue for newspaper publishers for over two hundred years However only rarely has advertising revenue and direct sales covered costs Almost never has the demand for news generated the revenue necessary for its supply Non market institutional arrangements have ranged from direct government subsidies to organizational forms that enabled news organizations to cooperate From a historical perspective the large profits reaped by a handful of newspaper publishers in the post Second World War era were anomalous and in no sense a baseline for public policy Never again will the newspaper be the dominant news medium To guarantee an informed citizenry in the future it is necessary to understand how the news business worked in the past This book is organized around eight essays each written by a distinguished specialist and each explicitly comparative Its theme is the indispensability in both Great Britain and the United States of non market institutional arrangements in the provisioning of news

Emergence and Empire John Bonnett, 2013-11-01 Harold Innis was one of the most profound thinkers that Canada ever produced Such was his influence

on the field of communication that Marshall McLuhan once declared his own work was a mere footnote to Innis But over the past sixty years scholars have had a hard time explaining his brilliance in large measure because Innis's dense elliptical writing style has hindered easy explication and interpretation But behind the dense verbiage lies a profound philosophy of history In *Emergence and Empire* John Bonnett offers a fresh take on Innis's work by demonstrating that his purpose was to understand the impact of self-organizing emergent change on economies and societies Innis's interest in emergent change induced him to craft an original and bold philosophy of history informed by concepts as diverse as information Kantian idealism and business cycle theory Bonnett provides a close reading of Innis's oeuvre that connects works of communication and economic history to present a fuller understanding of Innis's influences and influence *Emergence and Empire* presents a portrait of an original and prescient thinker who anticipated the importance of developments such as information visualization and whose understanding of change is remarkably similar to that which is promoted by the science of complexity today

Books between Europe and the Americas L. Howsam, J. Raven, 2011-05-25 A ground breaking collection by thirteen distinguished international scholars this volume presents fresh perspectives on the exchange of culture and ideas between isolated communities through books and correspondence and offers pioneering comparisons between the northern Atlantic and that of Spanish and Portuguese territories further south

The Oxford History of the British Empire: Volume I: The Origins of Empire : British Overseas Enterprise to the Close of the Seventeenth Century Nicholas Canny, 1998-05-28 Volume I of the Oxford History of the British Empire explores the origins of empire It shows how and why England and later Britain became involved with transoceanic navigation trade and settlement during the sixteenth and seventeenth centuries The chapters by leading historians both illustrate the interconnections between developments in Europe and overseas and offer specialist studies on every part of the world that was substantially affected by British colonial activity As late as 1630 involvement with regions beyond the traditional confines of Europe was still tentative by 1690 it had become a firm commitment series blurb The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records It deals with the interaction of British and non western societies from the Elizabethan era to the late twentieth century aiming to provide a balanced treatment of the ruled as well as the rulers and to take into account the significance of the Empire for the peoples of the British Isles It explores economic and social trends as well as political

English Atlantic 1675 1740 An Exploration Of Communication And Community Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free English Atlantic 1675 1740 An Exploration Of Communication And Community PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and

innovation in various fields. It is worth noting that while accessing free English Atlantic 1675 1740 An Exploration Of Communication And Community PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of English Atlantic 1675 1740 An Exploration Of Communication And Community free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About English Atlantic 1675 1740 An Exploration Of Communication And Community Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. English Atlantic 1675 1740 An Exploration Of Communication And Community is one of the best book in our library for free trial. We provide copy of English Atlantic 1675 1740 An Exploration Of Communication And Community in digital format, so the resources that you find are reliable. There are also many Ebooks of related with English Atlantic 1675 1740 An Exploration Of Communication And Community. Where to download English Atlantic 1675 1740 An Exploration Of Communication And Community online for free? Are you looking for English Atlantic 1675 1740 An Exploration Of Communication And Community PDF? This is definitely going to save you time and cash in something you should think about.
