English Grammar Teach Yourself:

Teach Yourself English Grammar Gordon Stephen Humphreys, 1956 *English Grammar: A complete introduction* Ron Simpson, 2020-04-07 English grammar doesn't have to be difficult. This book, complete with exercises and answers, forms a course which will take you from beginner or intermediate level to writing or using English confidently and correctly. This book includes simple step by step explanations to help you grasp new principles or those that have previously confused you. Practice questions throughout to help you embed your learning and improve your confidence and points of interest to lighten your learning. All in one great value book so you don't need any separate workbooks or course books. Chapters include the history of the English language, syllables and morphemes, nouns, pronouns, verbs, adjectives and adverbs, prepositions and conjunctions, phrases and clauses, kinds of sentences, direct and indirect speech, prefixes and suffixes, gender and grammar, spelling and punctuation. The Complete Introduction series from Teach Yourself is the ultimate one stop guide for anyone wanting a comprehensive and accessible entry point into subjects as diverse as philosophy, mathematics, psychology, Shakespeare and economics. Loved by students and perfect for general readers who simply want to learn more about the world around them, these books are your first choice for discovering something new. **Teach Yourself English Grammar** Gordon Humphreys, 1969 English Grammar B. A. Phythian, 1980 This grammar text aims to provide readers with a sound grasp of English grammar and an appreciation of the variety of English expression. Chapters deal with the nature and function of all principle parts of speech and sentence structure and exercises and tests reinforce learning. English Grammar John Shephard, 2003 The guided discovery approach of Teach Yourself English Grammar will give you the confidence to work out the rules of grammar for yourself and will help you learn and understand English grammar without a teacher. Each unit starts by looking at the meaning of the structure and asks you questions to check that you have understood. Then it gives the form and looks at the spelling. It goes on to list the most common mistakes students make and ends with practice and exercises so you can have a final check that you have fully understood the grammar point the unit has been teaching you. The answers to all the exercises are at the back of the book so you can check your progress and go back over grammar points that you have not fully understood. You can dip in and out of the book as a quick grammar check or you can work your way through it to give you a thorough grounding in essential and more advanced grammar. **Teach Yourself English Grammar** B A Phythain, G. Humphries, 1979-06-01 **Essential English Grammar: Teach Yourself** Brigitte Edelston, Ron Simpson, 2010-08-27 Essential English Grammar is packed with easy to follow explanations and summaries, practical tips on how to avoid common grammar mistakes, interesting facts about the historical and regional use of English and a special section on punctuation. muchos años de su vida en clases de inglés logrando alcanzar un excelente nivel de vocabulario y gramática y todavía con grandes dificultades a la hora de comunicarse oralmente. La mayoría de esos problemas podrán resolverse si los hispanohablantes hubiesen prestado más atención al aspecto de la pronunciación teniendo en cuenta que es el área en la que más difieren el inglés y el español. Este libro está pensado para ayudar a resolver esos problemas de comunicación en inglés presentando las cuestiones más relevantes de la pronunciación inglesa y comparándolas con aquellas de la pronunciación española. No sólo abarca las vocales y las consonantes sino también otros aspectos como el ritmo, la entonación o la colocación del acento. El libro viene acompañado de un CD-ROM con material de audio y ejercicios interactivos. **Teach Yourself**
