English In Cross-cultural Communication An Analysis Of Conversation Management:

English in Cross-cultural Communication Arpita Mishra,1992 Intercultural Conversation Winnie

Cheng,2003-01-01 This innovative study of naturally occurring English conversations between Hong Kong Chinese and their native English friends and colleagues makes a worthwhile contribution to the research literature on intercultural conversation Through analyzing dyadic intercultural conversations the study investigates the ways in which culturally divergent conversationalists manage their organizational and interpersonal aspects of the unfolding conversations The study focuses on five features of conversational interaction disagreements compliments and compliment responses simultaneous talk discourse topic management and discourse information structure where cultural values and attitudes are particularly evident For each of the features hypotheses are formulated and tested through the detailed analysis of twenty five intercultural conversations This quantitative analysis is then followed by qualitative analysis of excerpts from the conversations to show the ways in which conversational interaction is performed and negotiated The study shows in very revealing ways that intercultural conversations involve a complex interactive and collaborative process of communication between the participants

The Routledge Handbook of Chinese Discourse Analysis Chris Shei,2019-01-14 Chinese is a discourse oriented language and the underlying mechanisms of the language involve encoding and decoding so the language can be correctly delivered and understood To date there has been a lack of consolidation at the discourse level such that a reference framework for understanding the language in a top down fashion is still underdeveloped The Routledge Handbook of Chinese Discourse Analysis is the first to showcase the latest research in the field of Chinese discourse analysis to consolidate existing findings put the language in both theoretical and socio functional perspectives offer guidance and insights for further research and inspire innovative ideas for exploring the Chinese language in the discourse domain The book is aimed at both students and scholars researching in the areas of Chinese linguistics and discourse analysis
