**English Painting From the Seventh Century to the Present Day (Classic Reprint)** Charles Johnson, 2017-12-22  
Excerpt from English Painting From the Seventh Century to the Present Day This is the first book on English Painting that deals with the whole period from the seventh century to the present day Something of the relation of English to Continental Art has also been indicated I have studied at first hand the great majority of the paintings that I have described and in judging of them my conclusions are my own In covering so wide a field within the limits of a single volume it was impossible to describe the work of all painters of merit I have therefore selected for description whatever interested me most at the same time aiming at keeping clear the general developments in each period Landscape England's greatest contribution to painting has been given more space than portraiture Imaginative figure composition though it ceased for a long period to exist in England is one of the oldest as it is one of the newest of English pictorial arts It has brought forth our most varied powers of invention and the illustrations here are a reminder that Hogarth and Blake Stevens and Holman Hunt and even Lamb and Spencer are of the same race as the great mediaeval illuminators and wall painters About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Discovery** ,1924 *American Journal of Archaeology* ,1917 **American Journal of Archaeology and of the History of the Fine Arts** ,1909 [John Rothenstein in the Interwar Years](#) David McCann,2023-07-12 Appointed in 1938 Sir John Rothenstein was the first director of the Tate to embrace modern art mounting a series of daring exhibitions and procuring a procession of audacious masterworks that in the words of one contemporary completely knocked the stuffiness out of that veritable institution So why since he died in 1991 has his name become a byword for reactionary conservatism The answer is that from the outset of his career Rothenstein refused to bow to the patriarchs of the avant garde In the 1920s while they were busy decrying the figurative tradition Rothenstein was championing a brilliant generation of artists whose work remained firmly rooted within it In the 1930s while they advocated a geometrical art of the utmost austerity Rothenstein used his first curatorial positions to promote a new wave of exciting young British realists Pitted against the progressives of Hampstead and Bloomsbury and inspired by the anti vanguardism of his father and Wyndham Lewis this book charts Rothenstein s earliest efforts to champion modern realistic painting in an age of abstraction Along the way it uncovers his selfless and pioneering patronage of artists as diverse as Stanley Spencer Edward Bawden Evelyn Dunbar Paul Nash Charles Mahoney and Eric Ravilious In so doing it also establishes his importance in the reassessment of twentieth century figuration going on today
