**English Religious Poetry Printed 1477-1640** Roman Rudolph Dubinski, 1996      **Literary Research and the British Renaissance and Early Modern Period** Jennifer Bowers, Peggy Keeran, 2010-04-13 Recognizing that every literary era presents scholars with particular challenges this volume covers the best practices and describes important reference resources both print and electronic that can be used in conducting literary research of the British Renaissance and Early Modern period Although the primary emphasis is on literature produced in England the guide also covers literature from Scotland Wales and Ireland This book addresses specific research characteristics integral to studying the period including a more inclusive canon and the predominance of Shakespeare a dual environment of print and manuscript production the challenges of reading early modern handwriting a lack of reviewing media the role of translations and researching non standardized genres among others Central to this volume and to literary research of the era are the equally valid approaches to studying this literature through the more traditional Renaissance lens or through the varying theoretical approaches falling under the rubric early modern Bowers and Keeran explore primary and secondary research resources of this era including general literary research guides union library catalogs print and online bibliographies scholarly journals manuscripts and archives microfilm and digitization projects 17th century periodicals contemporary reception translations and lexicons genres and electronic texts journals and Web resources A final chapter entitled Researching a Thorny Problem demonstrates how many of the research tools and strategies presented in the volume can be employed to explore a question that perhaps has no definitive answer Each chapter addresses how research methods and tools are best used to extract relevant information and compare and evaluate sources The strengths and weaknesses of core and specialized electronic and print research tools and standard search techniques are also examined making this book an invaluable guide to any scholar of the Renaissance and early modern era      **Catholicism, Controversy and the English Literary Imagination, 1558-1660** Alison Shell, 1999-07-08 The Catholic contribution to English literary culture has been widely neglected or misunderstood This book sets out to rehabilitate a wide range of Catholic imaginative writing while exposing the role of anti Catholicism as an imaginative stimulus to mainstream writers in Tudor and Stuart England It discusses canonical figures such as Sidney Spenser Webster and Middleton those whose presence in the canon has been more fitful and many who have escaped the attention of literary critics Among the themes to emerge are the anti Catholic imagery of revenge tragedy and the definitive contribution made by Southwell and Crashaw to the post Reformation revival of religious verse in England Alison Shell offers a fascinating exploration of the rhetorical stratagems by which Catholics sought to demonstrate simultaneous loyalties to the monarch and to their religion and of the stimulus given to the Catholic literary imagination by the persecution and exile so many of these writers suffered      **Commonplace Reading and Writing in Early Modern England and Beyond** Hao Tianhu, 2023-12-01 Approaching from bibliographical literary cultural and intercultural

perspectives this book establishes the importance of *Hesperides* or the *Muses Garden* a largely unexplored manuscript commonplace book to early modern English literature and culture in general *Hesperides* or the *Muses Garden* is a seventeenth century manuscript commonplace book known primarily for its Shakespearean connections which extracts works by dozens of early modern English authors including Shakespeare Bacon Ben Jonson and Milton This book sheds light on the broader significance of *Hesperides* that refashions our full knowledge of early modern authorship and plagiarism composition reading practice and canon formation Following two introductory chapters are three topical chapters which respectively discuss plagiarism and early modern English writing early modern English reading practice and early modern English canon formation The final chapter further expands the field to ancient China comparing commonplace books with Chinese *leishu* exploring Matteo Ricci's cross cultural commonplace writing and re reading Shakespeare's sonnets in light of Ricci's *On Friendship* The solid book will serve as a must read for scholars and students of early modern English literature manuscript study commonplace books history of the book and intercultural study

**Bibliographic Index**, 2001 *Domesticating the Reformation* Mary Hampson Patterson, 2007 This book rescues three little known bestsellers of the English Reformation and employs them in an examination of intellectual and religious revolution How did sixteenth century English Protestant manuals of private devotion often to be read aloud stream continental theology into the domestic contexts of parish school and home Patterson elucidates ideological programs presented in key texts in light of evolving patterns of public and private worship she also considers the processes of transmission by which complex doctrinal debates were packaged for cultivating an everyday piety in a confusing age of inflammatory politicized religion It is in the most prosaic challenges of daily realities that the deepest opportunities lie for experiencing the divine Intersecting issues of piety rhetoric and the devotional life of the home this book brings to life reformists endeavors to guide popular responses to the Protestant revolution itself

*Early Modern Catholicism* Robert S. Miola, 2007-06-28 *Early Modern Catholicism* makes available in modern spelling and punctuation substantial Catholic contributions to literature history political thought devotion and theology in the sixteenth and early seventeenth centuries Rather than perpetuate the usual stereotypes and misinformation it provides a fresh look at Catholic writing long suppressed marginalized and ignored The anthology gives back voices to those silenced by prejudice exile persecution or martyrdom while attention to actual texts challenges conventional beliefs about the period The anthology is divided into eight sections entitled Controversies Lives and Deaths Poetry Instructions and Devotions Drama Histories Fiction and Documents and includes sixteen black and white illustrations from a variety of Early Modern sources Amongst the selections are texts which illuminate the role of women in recusant community and in the Church the rich traditions of prayer and mysticism the theology and politics of martyrdom the emergence of the Catholic Baroque in literature and art and the polemical battles fought within the Church and against its enemies *Early Modern Catholicism* also provides a context that redefines the established canons of Early Modern England including such figures as Edmund Spenser John Donne John

Milton William Shakespeare and Ben Jonson      **International Bibliography of Book Reviews of Scholarly Literature  
Chiefly in the Fields of Arts and Humanities and the Social Sciences** ,1996      **Forms of Engagement** Elizabeth  
Scott-Baumann,2013-06-13 What does it mean for a woman to write an elegy ode epic or blazon in the seventeenth century  
How does their reading affect women's use of particular poetic forms and what can the physical appearance of a poem in  
print and manuscript reveal about how that poem in turn was read *Forms of Engagement* shows how the aesthetic qualities  
of early modern women's poetry emerge from the culture in which they write It reveals previously unrecognized patterns of  
influence between women poets Katherine Philips Lucy Hutchinson and Margaret Cavendish and their peers and  
predecessors how Lucy Hutchinson responded to Ben Jonson and John Milton how Margaret Cavendish responded to Thomas  
Hobbes and the scientists of the early Royal Society and how Katherine Philips reworked Donne's lyrics and may herself  
have influenced Abraham Cowley and Andrew Marvell This book places analysis of form at the centre of an historical study of  
women writers arguing that reading for form is reading for influence Hutchinson Philips and Cavendish were immersed in  
mid seventeenth century cultural developments from the birth of experimental philosophy to the local and state politics of  
civil war and the rapid expansion of women's print publication For women poets reworking poetic forms such as elegy ode  
epic and couplet was a fundamental engagement with the culture in which they wrote By focusing on these interactions  
rather than statements of exclusion and rejection a formalist reading of these women can actually provide a more nuanced  
historical view of their participation in literary culture      *The Journal of Medieval and Early Modern Studies* ,1999
