

The background of the image is a Romantic-style landscape painting. It depicts a wide, lush green valley with a river winding through its center. In the distance, rolling hills and mountains are visible under a soft, hazy sky. On the left side of the valley, there is a small, white, rectangular building with a dark roof, possibly a farm or a small village. The overall color palette is dominated by greens, blues, and earthy tones, creating a sense of natural beauty and tranquility.

English Romanticism The Grounds Of Belief:

English Romanticism John Clubbe, Ernest J. Lovell Jr, 1983-10-27 **English Romanticism** John Clubbe, Ernest James Lovell, 1983 *English Romantic Poetry* Harold Bloom, Sterling Professor of Humanities Harold Bloom, Henry W, Albert A Berg, 2009 Examines the Romantic period in poetry that includes the works of Byron Shelley Keats and others *English Poetry of the Romantic Period 1789-1830* J.R. Watson, 2014-03-18 On its first appearance English Poetry of the Romantic Period was widely praised as one of the best introductions to the subject This edition includes updated material in the light of recent work in Romanticism and Romantic poetry The book discusses the concerns that linked the Romantic poets from their responses to the political and social upheavals around them to their interest in the poet's visionary and prophetic role It includes helpful and authoritative discussions of figures such as Blake Clare Coleridge Crabbe Keats Scott Shelley and Wordsworth "Romanticism" - and Byron Peter Cochran, 2009-03-26 Romanticism and Byron is a book in two parts In the first part Dr Cochran examines Romanticism and shows that it is a word meaning anything and therefore nothing It is an academic construct created by academics and has no basis in the writings of the early nineteenth century Its continued use argues Dr Cochran is a modern marketing phenomenon solely In the second part Dr Cochran examines the life and work of Byron in the non romantic context of his contemporaries He shows how Byron's antithetical nature created problems when he was forced into compromising situations with friends who were close to parts of his mind yet irreconcilable with one another This mobility argues Cochran was often an embarrassment for Byron's social life but of great benefit to his creativity This part of the book features chapters on Shelley Scott Blake Keats Coleridge and Wordsworth and is notable for the amount of original archive documentation with which Cochran illustrates his theme Encyclopedia of Romanticism (Routledge Revivals) Laura Dabundo, 2009-10-15 First Published in 1992 this encyclopedia is designed to survey the social cultural and intellectual climate of English Romanticism from approximately the 1780s and the French Revolution to the 1830s and the Reform Bill Focussing on the spirit of the age the book deals with the aesthetic scientific socioeconomic indeed the human environment in which the Romantics flourished The book considers poets playwrights and novelists critics editors and booksellers painters patrons and architects as well as ideas trends fads and conventions the familiar and the newly discovered The book will be of use for everyone from undergraduate English students through to thesis driven graduate students to teaching faculty and scholars *Romantic Generations* Lene Østermark-Johansen, 2003 Unlike the first two volumes of ANGLES on the English Speaking World this special issue does not originate in a set of conference papers The idea of compiling a collection of essays on Romanticism emerged from the unusually strong concentration on Romantic studies among the graduate students of the English Department a couple of years ago This volume places their work in the context of distinguished international scholars of greater seniority scholars who have become academic contacts through conferences and assessment committees and whose contributions I am very pleased to be able to include alongside the works

of local contributors The Romantic generations of the title of this volume thus strike a number of different chords generations of scholars in Romantic studies conventional divisions of Romantic poets into first second and possibly third generations the self generative aspect of Romanticism the awareness of poetic reputation and the image and afterlife of the poet The collection spans just over a hundred years from the 1780s to the 1890s and while not in any way attempting to define Romanticism or raise issues of periodization the volume allows for the continued existence of Romantic features right until the end of the nineteenth century Poetry looms large in this issue of *ANGLES* apart from Ian Duncan's essay on Hume Scott and the Rise of Fiction all the other essays are in some way concerned with the Romantic poet and his poetry The Romantic poet is thus represented as a collector and editor of ballads as a political radical and printmaker as other to himself essentially ignorant of the process of poetic composition as a rival and collaborator with other poets or as a poet long dead the subject of successive generations of poetic lament The boundaries between poetry and the visual arts is explored in a couple of the essays indeed the rivalry between portraiture and literature pervades no less than three of the contributions and no matter whether the subject of inquiry is the image of the poet or the image of the poet's mother the Romantic poet displays a high degree of self consciousness with respect to both literary and visual media Romantic generations generate both selves and others in poetry and portraiture

English Romantic Poets Meyer Howard Abrams, 1960 The Romantic Reformation Robert M. Ryan, 2004-07-29 First book to examine the Romantic poets engagement with the religious debates that dominated the period *Byron's Dialectic* Terence Allan Hoagwood, 1993 This book includes commentaries on the major poems Manfred Childe Harold's Pilgrimage and Don Juan with substantial consideration of Byron's prose and with one of the most comprehensive studies of Cain ever written

The Church's Worship Thaddaeus A. Schnitker, 2009-11-01 *Fierce Solitude: a Life of J.g. Fletcher (c)*, **English Romantic Poetry** Bryan Aubrey, 1991 **Byron in London** Peter Cochran, 2009-03-26 BYRON IN LONDON is a collection of essays by leading authorities on Byron charting both his life in London and his writings about the capital Byron emerges from the different perspectives given as one of English poetry's leading urban and metropolitan writers Chapters are on Byron and the London boxing fraternity Byron and the London stage and Byron's attitude to the newly emerging London coterie of women writers There is one chapter on his relationship with John Murray his London publisher and another on Ugo Foscolo's life in London Other chapters place Byron in the English verse tradition of urban writing and nearly all make reference to the way he describes London in Don Juan Byron, the Bible, and Religion Wolf Z. Hirst, 1991-07 This work consists of eight essays selected from papers given at the Twelfth International Byron Symposium Much of Byron's poetry is examined but the focus is on the Mysteries and Don Juan The subjects include the Cain figure Byron's skepticism his attitude toward Christianity and religion in general and his literary use of the Bible

Byron's songs conversation interest in boxing swimming and vampires and sexual liaisons also the Byronic Hero Byron in fiction and drama and his pervasive influence on subsequent literature Blake, Ethics, and Forgiveness Jeanne Moskal, 1994 It demonstrates that Blake's protests are directed to laws based on obligation which assume that all human persons are essentially alike while Blake's advocacy of forgiveness among human beings assumes an ethics of character based on the cultivation of virtues Victorian Perspectives John Clubbe, Jerome Meckier, 1989 Contributing greatly to the ongoing reevaluation of the Victorians these six essays capture fresh perspectives in presenting among the subjects a fuller grounding for Browning's poetry a clearer awareness of the role of comedy in Arnold's prose and a look at Trollope as a crucial addition to his era's exhaustive studies of symbolic parent child relationships **The Complex Image** Joseph Fichtelberg, 2016-11-11 In *The Complex Image* Joseph Fichtelberg takes a twofold approach to the role of revision in significant American autobiographies He reexamines the problem of the autobiographical subject from a poststructuralist perspective and he places that problem in the context of American culture As a framework for his unique study he offers a reading of *Ecce Homo* that argues that Nietzsche's autobiographical I is both buried in and created by the text itself Only by revising his text by retelling his life to himself can Nietzsche arrive at self knowledge Ultimately Nietzsche finds himself in all literature everywhere He becomes a universal soul Fichtelberg demonstrates that Nietzsche's complex ideas about where subject and language meet in a text can be used to understand the dominant millennial impulse evident in American autobiographies Thomas Shepard cast the American portion of his autobiography as a compendium of colonial triumphs John Woolman rearranged his *Journal* to make a vision of Christian unity its climax and Walt Whitman fashioned *Specimen Days* to highlight his late tour of the west during which he realized an earlier poetic vision of national unity In the nineteenth century this easy faith in millennial union began to collapse and Fichtelberg contends that it remained only in the autobiographies of such marginal groups as those represented by Frederick Douglass and Gertrude Stein He offers a close analysis of their autobiographies and in a concluding chapter examines the work of four recent writers W E B DuBois Lillian Hellman Mary McCarthy and Maya Angelou *The Complex Image* will interest scholars and students of American history and literature
