Hastings Rashdall

English University Life In The Middle Ages:

English University Life in the Middle Ages Alan B Cobban, 2022-02-22 First Published in 1999 This work presents a composite view of medieval English university life The author offers detailed insights into the social and economic conditions of the lives of students their teaching masters and fellows The experiences of college benefactors women and university servants are also examined demonstrating the vibrancy they brought to university life The second half of the book is concerned with the complex methods of teaching and learning the regime of studies taught the relationship between the universities in Oxford and Cambridge as well as the relationship between town and gown **English University Life in**

the Middle Ages Alan B Cobban, 2022-02-22 First Published in 1999 This work presents a composite view of medieval English university life The author offers detailed insights into the social and economic conditions of the lives of students their teaching masters and fellows The experiences of college benefactors women and university servants are also examined demonstrating the vibrancy they brought to university life The second half of the book is concerned with the complex methods of teaching and learning the regime of studies taught the relationship between the universities in Oxford and Cambridge as well as the relationship between town and gown **The University in Medieval Life, 1179-1499** Hunt

Janin, 2014-01-10 The university is indigenous to Western Europe and is probably the greatest and most enduring achievement of the Middle Ages Much more than stodgy institutions of learning medieval universities were exciting arenas of people and ideas They contributed greatly to the economic vitality of their host cities and served as birthplaces for some of the era s most effective minds laws and discoveries This survey traces the growth of the largest medieval universities of Bologna Paris and Oxford along with the universities of Cambridge Padua Naples Montpellier Toulouse Orleans Angers Prague Vienna and Glasgow Covering the years 1179 1499 this work discusses common traits of medieval universities their major figures and their roles in medieval life **The Universities of Europe in the Middle Ages: pt. 2. English**

universities. Student life Hastings Rashdall, 1895 Growing Up in the Middle Ages Paul B. Newman, 2015-03-21 Dangerous and difficult for both mother and child what was the birth experience like in the Middle Ages Dependent in part on social class what pastimes did children enjoy What games did they play With often uncomfortable and even harsh living conditions what kind of care did children receive in the home on a daily basis These are just a few of the questions this work addresses about the day to day childhood experiences during the Middle Ages Focusing on all social classes of children the topics are wide ranging Chapters cover birth and baptism early childhood playing clothing care and discipline formal education university education career training for peasants craftsmen merchants clergy and nobility and coming of age In addition three appendices are included Appendix I provides information on the humoral theory of medicine Appendix II offers examples of medieval math problems Appendix III covers a unique episode in medieval history known as The Children s Crusade Instructors considering this book for use in a course may request an examination copy here *A History of Foreign*

Students in Britain H. Perraton, 2014-06-17 Foreign students have travelled to Britain for centuries and from the beginning attracted controversy This book explores changing British policy and practice and changing student experience set within the context of British social and political history **"The" Universities of Europe in the Middle Ages** Hastings

Rashdall, 1895 *Reader's Guide to British History* David Loades, 2020-12-17 The Reader's Guide to British History is the essential source to secondary material on British history This resource contains over 1 000 A Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6-12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication **Stone on Stone**

Imogen Corrigan, 2018-12-31 Standing in the nave of a cathedral it is hard not to wonder how ordinary human beings could have created sky scraping dizzyingly high buildings on which even the top most parts were delicately decorated in an age before even the simplest of power tools Stone on Stone presents the full story of the men who built the cathedrals of the medieval era who they were how they lived and how with the simplest of hand tools they created the astonishing buildings that hundreds of years later still stand as monuments to their ingenuity and skill Topics covered include the context for building such huge places of worship the men who built who they were and the challenges they had to face finding the materials construction techniques building control and finally who paid for it all **The Pastoral Care of Women in Late Medieval England**

Beth Allison Barr, 2008 A close examination of religious texts illuminates the way in which parish priests dealt with their female parishioners in the middle ages **A History of Finnish Higher Education from the Middle Ages to the 21st Century** Jussi Välimaa, 2019-09-10 This book unravels the origins continuities and discontinuities of Finnish higher education as part of European higher education from the Middle Ages to the 21st century It describes the emergence of universities in the Middle Ages and the Finnish student and moves on to the Reformation and the end of Swedish rule It then discusses the founding of the Royal Academy of Turku its professors and governing bodies its role as a community student numbers the research and controversies Travelling through the age of autonomy the first decades of independence and the Second World War the book examines the expansion of higher education the development of the system and the establishment of polytechnics It concludes by analysing the multiple institutional and organisational layers of Finnish higher education Altogether the book offers an historical study that shows how and why education and higher education have been important in the process of making the Finnish nation and nation state Translator Dr Inga Arffman **A**

Social History of Disability in the Middle Ages Irina Metzler, 2013-03-05 What was it like to be disabled in the Middle Ages How did people become disabled Did welfare support exist This book discusses social and cultural factors affecting the lives of medieval crippled deaf mute and blind people those nowadays collectively called disabled Although the word did not exist then many of the experiences disabled people might have today can already be traced back to medieval social

institutions and cultural attitudes This volume informs our knowledge of the topic by investigating the impact medieval laws had on the social position of disabled people and conversely how people might become disabled through judicial actions ideas of work and how work could both cause disability through industrial accidents but also provide continued ability to earn a living through occupational support networks the disabling effects of old age and associated physical deteriorations and the changing nature of attitudes towards welfare provision for the disabled and the ambivalent role of medieval institutions and charity in the support and care of disabled people

Wisdom's Workshop James Axtell, 2023-03-07 An essential history of the modern research university When universities began in the Middle Ages Pope Gregory IX described them as wisdom s special workshop He could not have foreseen how far these institutions would travel and develop Tracing the eight hundred year evolution of the elite research university from its roots in medieval Europe to its remarkable incarnation today *Wisdom s Workshop* places this durable institution in sweeping historical perspective In particular James Axtell focuses on the ways that the best American universities took on Continental influences developing into the finest expressions of the modern university and enviable models for kindred institutions worldwide Despite hand wringing reports to the contrary the venerable university continues to renew itself becoming ever more indispensable to society in the United States and beyond Born in Europe the university did not mature in America until the late nineteenth century Once its heirs proliferated from coast to coast their national role expanded greatly during World War II and the Cold War Axtell links the legacies of European universities and Tudor Stuart Oxbridge to nine colonial and hundreds of pre Civil War colleges and delves into how U S universities were shaped by Americans who studied in German universities and adapted their discoveries to domestic conditions and goals The graduate school the PhD and the research imperative became and remain the hallmarks of the American university system and higher education institutions around the globe A rich exploration of the historical lineage of today s research universities *Wisdom s Workshop* explains the reasons for their ascendancy in America and their continued international preeminence

"Gender, Piety, and Production in Fourteenth-Century English Apocalypse Manuscripts "

Renana Bartal, 2017-07-05 *Gender Piety and Production in Fourteenth Century English Apocalypse Manuscripts* is the first in depth study of three textually and iconographically diverse Apocalypses illustrated in England in the first half of the fourteenth century by a single group of artists It offers a close look at a group of illuminators previously on the fringe of art historical scholarship challenging the commonly held perception of them as mere craftsmen at a time when both audiences and methods of production were becoming increasingly varied Analyzing the manuscripts codicological features visual and textual programmes and social contexts it explores the mechanisms of a fourteenth century commercial workshop and traces the customization of these books of the same genre to the needs and expectations of varied readers revealing the crucial influence of their female audience The book will be of interest to scholars and students of English medieval art medieval manuscripts and the medieval Apocalypse as well as medievalists interested in late medieval spirituality and theology

medieval religious and intellectual culture book patronage and ownership and female patronage and ownership

Plantagenet England 1225-1360 Michael Prestwich, 2007 England of the Plantagenet kings was a turbulent place In politics it saw Simon de Montfort's challenge to the crown in Henry III's reign and it witnessed the deposition of Edward II By contrast and as relief it also experienced the highly successful rules of Edward I and his grandson Edward III Political institutions were transformed with the development of parliament and war the stimulus for some of that change was never far away Wales was conquered and the Scottish Wars of Independence started in Edward I's reign while Crecy and Poitiers were English triumphs under Edward III Beyond politics the structure of English society was developing from the great magnates at the top to the peasantry at the bottom Economic changes were also significant from the expansionary period of the thirteenth century to years of difficulty in the fourteenth culminating in the greatest demographic disaster of historical times the Black Death Embracing politics and government kingship the structure of society France Scotland and Wales as well as areas such as the environment the management of the land crime and punishment Michael Prestwich's survey casts the Plantagenet past in a new and revealing light **BOOK JACKET** [A Day in a Working Life](#) Gary Westfahl, 2015-04-21 Ideal for high school and college students studying history through the everyday lives of men and women this book offers intriguing information about the jobs that people have held from ancient times to the 21st century This unique book provides detailed studies of more than 300 occupations as they were practiced in 21 historical time periods ranging from prehistory to the present day Each profession is examined in a compelling essay that is specifically written to inform readers about career choices in different times and cultures and is accompanied by a bibliography of additional sources of information sidebars that relate historical issues to present day concerns as well as related historical documents Readers of this work will learn what each profession entailed or entails on a daily basis how one gained entry to the vocation training methods and typical compensation levels for the job The book provides sufficient specific detail to convey a comprehensive understanding of the experiences benefits and downsides of a given profession Selected accompanying documents further bring history to life by offering honest testimonies from people who actually worked in these occupations or interacted with those in that field

Term Paper Resource Guide to Medieval History Jean Shepherd Hamm, 2009-11-25 Help students get the most out of studying medieval history with this comprehensive and practical research guide to topics and resources Term Paper Resource Guide to Medieval History brings key historic events and individuals alive to enrich and stimulate students in challenging and enjoyable ways Students from high school to college will be able to get a jump start on assignments with the hundreds of term paper projects and research information offered here The book transforms and elevates the research experience and will prove an invaluable resource for motivating and educating students Each event entry begins with a brief summary to pique interest and then offers original and thought provoking term paper ideas in both standard and alternative formats that often incorporate the latest in electronic media such as the iPod and iMovie The best primary and secondary

sources for further research are annotated followed by vetted stable website suggestions and multimedia resources usually films for further viewing and listening

Images, Idolatry, and Iconoclasm in Late Medieval England Jeremy Dimmick, James Simpson, Nicolette Zeeman, 2002-02-14 This book capitalizes on brilliant recent work on sixteenth century iconoclasm to extend the study of images both their making and their breaking into an earlier period and wider discursive territories Pressures towards iconoclasm are powerfully registered in fourteenth and fifteenth century writings both heterodox and orthodox just as the use of images is central to the practice of both politics and religion The governance of images turns out indeed to be central to governance itself It is also of critical concern in any moment of historical change when new cultural forms must incorporate or destroy the images of the old order The iconoclast redescribes images as pure matter objects of idolatry worthy only of the hammer Issues of historical memory no less than of social ethics are then inherent to the making and destruction of images These issues are the consistent concern of the essays of this volume essays commissioned from a range of outstanding late medievalists in a variety of disciplines literature art history Biblical studies and intellectual history

John Capgrave's Fifteenth Century Karen A. Winstead, 2013-04-23 Britain of the fifteenth century was rife with social change religious dissent and political upheaval Amid this ferment lived John Capgrave Austin friar doctor of theology leading figure in East Anglian society and noted author Nowhere are the tensions and anxieties of this critical period spanning the close of the medieval and the dawn of early modern eras more eloquently conveyed than in Capgrave's works John Capgrave's Fifteenth Century is the first book to explore the major themes of Capgrave's writings and to relate those themes to fifteenth century political and cultural debates Focusing on Capgrave's later works especially those in English and addressed to lay audiences it teases out thematic threads that are closely interwoven in Capgrave's Middle English oeuvre piety intellectualism gender and social responsibility It refutes the still prevalent view of Capgrave as a religious and political reactionary and shows rather that he used traditional genres to promote his own independent viewpoint on some of the most pressing controversies of his day including debates over vernacular theology orthodoxy and dissent lay and particularly female spirituality and the state of the kingdom under Henry VI The book situates Capgrave as a figure both in the vibrant literary culture of East Anglia and in European intellectual history John Capgrave's Fifteenth Century offers a fresh view of orthodoxy and dissent in late medieval England and will interest students of hagiography religious and cultural history and Lancastrian politics and society

Economic Ethics in Late Medieval England, 1300-1500 Jennifer Hole, 2016-10-07 Drawing on an array of archival evidence from court records to the poems of Chaucer this work explores how medieval thinkers understood economic activity how their ideas were transmitted and the extent to which they were accepted Moving beyond the impersonal operations of an economy to its ethical dimension Hole's socio cultural study considers not only the ideas and beliefs of theologians and philosophers but how these influenced assumptions and preoccupations about material concerns in late medieval English society Beginning with late medieval English writings on economic ethics and its origins

the author illuminates a society which although strictly hierarchical and unequal nevertheless fostered expectations that all its members should avoid greed and excess consumption Throughout Hole aims to show that economic ethics had a broader application than trade and usury in late medieval England

When somebody should go to the books stores, search commencement by shop, shelf by shelf, it is in point of fact problematic. This is why we give the books compilations in this website. It will extremely ease you to look guide **English University Life In The Middle Ages** as you such as.

By searching the title, publisher, or authors of guide you in reality want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best area within net connections. If you wish to download and install the English University Life In The Middle Ages, it is unquestionably easy then, since currently we extend the join to buy and create bargains to download and install English University Life In The Middle Ages so simple!
