Englishman Abroad:

Dickens, Europe and the New Worlds Anny Sadrin, 2016-07-27 The essays collected in this volume offer fresh readings of Dickens's travelogues and novels often pointing to the many-sidedness of his personality. The uncommercial traveller emerges as an ecumenical John Bull, chary of the alien but greedy of novelty, a man whose incursions on well-trodden or unfamiliar ground are always journeys into the uncanny. Besides dealing with the geography of the novelist's imagination, the book explores numerous new worlds such as the inspiring world of Victorian science and Dickens's responses to it or the world of modern literary theory that shapes our own responses to his work. Masculinity in Fiction and Film Brian

Baker, 2008-06-08 Covers wide range of popular British and American fiction and film including Westerns, spy fiction, science fiction and crime narratives. G. K. Chesterton Collection [46 Books] G. K. Chesterton, Aeterna Press, 2019-12-06 T00:00:00

It is based on analysis of corpora such as CANCODE and Cambridge International Corpus and written with particular reference to the development of corpus-informed pedagogy. The book explains how corpora can be designed and used and focuses on what they tell us about language teaching. It examines the relevance of corpora to materials writers, course designers and language teachers and considers the needs of the learner in relation to authentic data. It shows how the answers to key questions such as 'Is there a basic everyday vocabulary for English? How should idioms be taught? and What are the most common spoken language chunks?' are best explored by means of a clearer understanding of the workings of language in context. **The United Service**
