nuestros días a la par que mostraron un sorprendente e inédito Tránsito desde dentro [Enigmas en el castillo Pittamiglio](#) María Pía Caputo, 2021-09-30 Tamara y Emilia descubren un nuevo y apasionante enigma relacionado con los secretos de la alquimia. Esta vez en la rambla de Montevideo. Apenas ingresan al Castillo Pittamiglio observan sombras parecidas a los que habían en el de Piria y a los que conocieron en su investigación del cerro Pan de Azúcar. Esto las motiva a buscar ahora acompañadas de Matías. En esta etapa las chicas no están de vacaciones, así que se entrecruzan cuestiones de estudio y episodios amorosos mientras siguen el camino que marca el alquimista. Animadas a explorar con los personajes este enigma antiguo lleno de secretos milenarios. **Los 39 escalones; Mantoverde** John Buchan, 2025-09-11 Los 39 escalones (1915) y su secuela Mantoverde (1916) son las dos primeras novelas del espía Richard Hannay. Con ellas John Buchan crea el patrón oro del thriller moderno y marca la hoja de ruta que seguirá el camino a autores como Graham Greene, Ian Fleming, John le Carré o Frederick Forsyth. Ejemplos destacados de la mina de escritores que imitan, negocian, se inspiran o responden a la fórmula de Buchan. Con un estilo directo, claro y entretenido, ambos libros inauguran los motivos fundamentales de gran parte de la narrativa de espías hasta nuestros días: las tensiones entre barbarie y civilización, especialmente en el contexto geopolítico internacional; el solipsismo del agente moderno; el manejo de la información secreta; la concepción del espionaje como tarea antiheroica; aunque inexorable la paranoia como pilar de la identidad nacional; el empleo de la tecnología para reterritorializar el espacio; la gestión de la podredumbre moral; y en última instancia la redención espiritual. En el presente volumen, Eduardo Valls Oyarzún ofrece una nueva y cuidada traducción de las dos novelas y un completo análisis del trabajo de Buchan, incluyendo una comparativa entre "Los 39 escalones" y la célebre adaptación cinematográfica de Alfred Hitchcock, además de numerosas notas textuales.

Filosofía de la tensión Ignacio Izuzquiza, 2004 **Antropología Cristiana y Ciencias de la Salud Mental** Martín F. Echavarría, Mar Álvarez Segura, Montserrat Lafuente Gil, 2021-03-25 En respuesta al interés creciente del equipo de la Facultad de Psicología de la Universitat Abat Oliba CEU, este libro reúne escritos que vinculan la antropología cristiana con las ciencias de la salud mental para un reenfoque en clave humanista del estudio de la psique humana. Estas páginas quieren promover un debate académico vivo entre profesionales cristianos de múltiples confesiones y, al mismo tiempo, crear un espacio de encuentro entre la reflexión antropológica y las aportaciones de las disciplinas de salud mental. Además, en los ensayos aquí presentados hay una apuesta por superar el efecto reduccionista de los modelos imperantes en las ciencias de la salud mental que, con frecuencia, dejan fuera cualquier alusión a lo trascendente. En consecuencia, los profesionales no pocas veces carecen de formación adecuada para comprender lo que verdaderamente acontece en el interior de la persona. Este libro invita a abrirse a un dinamismo confrontador con Cristo como una opción a considerar frente al actual malestar del ser humano.
