

Enigma Of Israel The

Walter Orenstein

Enigma Of Israel The:

Israel The Nation Uriel Duskin, 2024-10-05 Israel The Nation offers a captivating exploration of Israel's unique position in world history examining the interplay between historical events biblical prophecy and the Hebrew language This comprehensive study delves into the question of whether Israel's modern existence is a miracle or the fulfillment of ancient predictions providing readers with a multifaceted perspective on this enigmatic nation The book traces Israel's journey from ancient times to the present highlighting key events that align with prophetic writings and exploring the revival of Hebrew as a modern language It presents intriguing insights such as the potential connection between linguistic revival and national identity and the role of archaeology in corroborating biblical narratives By integrating concepts from archaeology linguistics and political science the author offers a holistic view of Israel's development and its impact on global affairs What sets this work apart is its balanced approach combining scholarly rigor with accessible language to appeal to a broad audience interested in world history biblical studies and Middle Eastern affairs As readers progress through the chapters they gain a deeper understanding of Israel's past present and potential future equipped with a unique toolkit for analyzing the nation's ongoing challenges and geopolitical significance *Crucial Truths for Crucial Days* H. T. Spence, 2003 [The Banner of Israel](#), 1893

Surveillance and Control in Israel/Palestine Elia Zureik, David Lyon, Yasmeen Abu-Laban, 2010-12-13 Surveillance is always a means to an end whether that end is influence management or entitlement This book examines the several layers of surveillance that control the Palestinian population in Israel and the Occupied Territories showing how they operate how well they work how they are augmented and how in the end their chief purpose is population control Showing how what might be regarded as exceptional elsewhere is here regarded as the norm the book looks not only at the political economy of surveillance and its technological and military dimensions but also at the ordinary ways that Palestinians in Israel and the occupied territories are affected in their everyday lives Written in a clear and accessible style by experts in the field this book will have large appeal for academic faculty as well as graduate and senior undergraduate students in sociology political science international relations surveillance studies and Middle East studies [Diversity in Pre-Exilic Hebrew](#) Ian Young, 2011 In this splendid work the reader is introduced to a re-evaluation of the nature of Biblical Hebrew The author suggests a new model for understanding the north-western Semitic dialects in general and the Hebrew in particular a This is a highly recommended work for scholars and students interested in the history and development of Hebrew as part of the northwestern Semitic languages C A P van Tonder in *Old Testament Essays* 8 2 1995 pp 302-303 This is an important book not only for scholars concerned with the history of the Hebrew language but also for those investigating dating and background of Old Testament literature It is thought provoking and reflects an impressive erudition Geoffrey Khan in *Vetus Testamentum* XLVII 1997 no 3 pp 409-412 Young's theory is provocative and far-reaching It comprehends a large amount of evidence with an elegantly simple explanation Marsha White in *Journal of Biblical Literature* 11 1997 pp 730-732 *Britain*

in history, ancient and modern; or, Proofs linking Israel with Britain throughout the ages Ellen M. Rogers, 1887 **The Pilgrim Soul** Elana Gomel, 2009

One of the most astounding aftershocks of the collapse of the Soviet Union was the massive immigration of Russian Jews to Israel. Today Russian speakers constitute one sixth of Israel's total population. No other country in the world has absorbed such a prodigious number of immigrants in such a short period. The implications of this phenomenon are immense both locally given the geopolitical situation in the Middle East and globally as multicultural and multiethnic states become the rule rather than the exception. For a growing number of immigrants worldwide the experience of living across different cultures speaking different languages and accommodating different and often incompatible identities is a daily reality. This reality is a challenge to the scholar striving to understand the origin and nature of cultural identity. Languages can be learned economic constraints overcome social mores assimilated. But identity persists through generations setting immigrants and their children apart from their adoptive country. The story of the former Russians in Israel is an illuminating example of this global trend. The Russian Jews who came to Israel were initially welcomed as prodigal sons coming home. Their connection to their historical motherland was seemingly cemented not only by their Jewish ethnicity but also by a potent Russian influence upon Zionism. The first Zionist settlers in Palestine were mostly from Russia and Poland and Russian literature music and sensibility had had a profound effect upon the emerging Hebrew culture. Thus it seemed that while facing the usual economic challenges of immigrations the Russians as they came to be known would have little problem acclimatizing in Israel. The reality has been quite different marked by mutual incomprehension and cultural mistranslation. While achieving a prominent place in Israeli economy the Russians in Israel have faced discrimination and stereotyping. And their own response to Israeli culture and society has largely been one of rejection and disdain. If Israel has failed to integrate the newcomers the newcomers have shown little interest in being integrated. Thus the story of the post Soviet Jews in Israel illustrates a general phenomenon of cultural divergence in which history carves different identities out of common stock. Besides marking a turning point in the development of Israel it belongs to the larger picture of the contemporary world profoundly marked by the collapse of the catastrophic utopias of Nazism and Communism. And yet this story has not adequately been dealt with by the academy. There have been relatively few studies of the Russian immigration to Israel and none that situates the phenomenon in a cultural rather than purely sociological context. Elana Gomel's book *The Pilgrim Soul: Being Russian in Israel* is an original and exciting investigation of the Russian community in Israel. It analyzes the narratives through which Russian Jewry defines itself and connects them to the legacy of Soviet history. It engages with such key elements of the Russian Israeli identity as the aversion from organized religion the challenge of bilingualism the cult of romantic passion and even the singular fondness for science fiction. It provides factual information on the social economic and political situation of the Russians in Israel but relates the data to an overall interpretation of the community's cultural history. At the same time the book goes beyond the specificity of its subject by focusing on the theoretical issues of

identity formation historical trauma and utopian disillusionment The Pilgrim Soul is an important book for all collections in cultural studies ethnic and immigrant studies Israeli studies and Soviet studies It will appeal to a variety of readers interested in the issues of immigration multiculturalism and identity formation **A History of Israel** Howard M. Sachar, 2013-07-31 First published in 1976 Howard M Sachar's A History of Israel From the Rise of Zionism to Our Time was regarded one of the most valuable works available detailing the history of this still relatively young country Decades later readers can again be immersed in this monumental work The second edition of this volume covers topics such as the first of the Aliyahs in the 1880s the rise of Jewish nationalism the beginning of the political Zionist movement and later how the movement changed after Theodor Herzl the Balfour Declaration the factors that led to the Arab Jewish confrontation Palestine and its role both during the Second World War and after the war of independence and the many wars that followed it over the next few decades and the development of the Israeli republic and the many challenges it faced both domestic and foreign and still faces today This is a truly enriching and exhaustive history of a nation that holds claim to one of the most complicated and controversial histories in the world **As America Has Done to Israel** John McTernan, 2006-09

Interest Groups and Political Change in Israel Marcia Drezon-Tepler, 2012-02-01 This book challenges the conventional view of Israeli politics as an ideological strong party system Focusing on three important and influential interest groups the Gush Emunim the Ihud kibbutz federation and the Manufacturers Association Drezon Tepler presents a comprehensive view of Israel's society and politics Integrated here are unpublished sources and material from personal interviews with prominent personalities including Prime Ministers Menachem Begin Yitzhak Rabin and Shimon Peres and Minister Ariel Sharon The book illuminates such current controversial topics in Israel as the influence of the volatile Gush Emunim the country's chronically unstable economy and the continued vitality of the kibbutz movement Relevant beyond Israel's borders this book enhances understanding of systems groups and change presenting an original analytical framework of three models for group and party decision making within democracies **Politics and Government in Israel** Gregory S. Mahler, 2016-03-03 This balanced and comprehensive text explores Israeli government and politics from both institutional and behavioral perspectives After briefly discussing Israel's history and the early development of the state Gregory Mahler then examines the social religious economic cultural and military contexts within which Israeli politics takes place He makes special note of Israel's geopolitical situation of sharing borders with and being proximate to several hostile Arab nations The book explains the operation of political institutions and behavior in Israeli domestic politics including the constitutional system and ideology parliamentary government the prime minister and the Knesset political parties and interest groups the electoral process and voting behavior and the machinery of government Mahler also considers Israel's foreign policy setting and apparatus the Palestinians and the Israeli Palestinian conflict the particularly sensitive questions of Jerusalem and the Israeli settlement movement and the Middle East peace process overall This clear and concise text provides an invaluable starting

point for all readers needing a cogent introduction to Israel today Israel's watchman (and prophetic expositor) [afterw.]
The prophetic news and Israel's watchman, ed. by A. Edersheim. [1st]-7th year Alfred Edersheim, 1880 *Israel* Edgar S. Marshall, 2002 There has probably never been a country in the history of the world like Israel the homeland for Jews from all around the world a visceral enemy of Arab countries called a client state of the United States a developed country in its own right by its own hands Israel has seen many events since its founding in 1948 but peace it has not found The book examines current issues swirling about Israel as well as presents the historical background necessary for grasping its place in the world today Israel and Hellas John Pairman Brown, 1995 Land Expropriation in Israel Yifat Holzman-Gazit, 2016-04-22 Historically Israel's Supreme Court has failed to limit the state's powers of expropriation and to protect private property This book argues that the Court's land expropriation jurisprudence can only be understood against the political cultural and institutional context in which it was shaped Security and economic pressures the precarious status of the Court in the early years the pervading ethos of collectivism the cultural symbolism of public land ownership and the perceived strategic and demographic risks posed by the Israeli Arab population all contributed to the creation of a harsh and arguably undemocratic land expropriation legal philosophy This philosophy the book argues was applied by the Supreme Court to Arabs and Jews alike from the creation of the state in 1948 and until the 1980s The book concludes with an analysis of the constitutional change of 1992 and its impact on the legal treatment of property rights under Israeli law The Enigma of Israel Frank B. Holbrook, 1988 **Ancient Israel in Egypt** Daniel Tompsett, 2023-02-07 This book looks back over thousands of years to explore the period in Egyptian history when the Bible identifies that Ancient Israel was resident in Egypt It asks and answers one very simple question What new things can we learn about this period of history if we treat the Bible as a valid historical document Whereas this topic is often approached from either the perspective of the Bible or Egyptology this work genuinely attempts to occupy the ground between the two It uses Scripture like a torch carried into the deepest recesses of the established historical facts and theories concerning the late Middle Kingdom period the Second Intermediate period and the early New Kingdom period in Egyptian history Along the way it considers some of the latest discoveries innovations and theories from the world of Egyptology and unearths a trove of tangible points of connection As such the narrative forms a two way perspective where the biblical account illuminates stubbornly opaque moments in Egyptian history and chronology and where the meticulous work of Egyptologists provides appropriate additional background to the Bible The result is a sharper perspective of an ancient account that has a surprisingly current application for us all *The United States and the State of Israel* David Schoenbaum, 1993 Schoenbaum's book is a history of one of the most remarkable liaisons in international experience a portrait of the special relationship between the last remaining superpower and the tiny Jewish state between the Jordan and the Mediterranean and a study of how that relationship grew and works From Truman to Bush the United States has assured Israel's existence while providing billions in military and economic support Over the same period no U S

president has ever submitted a formal treaty of alliance to the Senate or even moved the American embassy from Tel Aviv to Jerusalem In fact cross purposes and mutual doubts have always coexisted with shared values complementary interests great expectations and real achievements Schoenbaum s book traces Israeli American relations from their roots in both American and Jewish experience to the risks and opportunities of the current peace process It also examines the relationship in the perspective of two world wars the Cold War the Gulf War European colonialism and Middle Eastern nationalisms global policy and domestic politics in both countries The result is the story of one of history s oddest international couples hard pressed to live together but unable to live apart *Teach Me about God* Walter Orenstein,2005 While the essence of God will always remain a mystery to man much has been written through the ages about how God relates to the world In this regard the Divine names are of ultimate significance to man for they represent His attributes Focusing on these names in the context in which they appear Teach Me about God discovers and delineates the way God relates to the world as seen and put forth by the Jewish tradition Texts for the book were selected from the lives of Adam Noah the Patriarchs and Moses the prophecies of Isaiah Jeremiah and Ezekiel and the Book of Psalms to illustrate the significance of the Divine encounter and the relationship between God and Man Written for the layperson Teach Me About God can serve as a source book to teach the fundamentals of Jewish thinking on how God relates to the world in general and man in particular **The Standard of Israel and journal of the Anglo-Israel association** Anglo-Israel association,1875

Enigma Of Israel The Introduction

In today's digital age, the availability of Enigma Of Israel The books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Enigma Of Israel The books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Enigma Of Israel The books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Enigma Of Israel The versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Enigma Of Israel The books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Enigma Of Israel The books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Enigma Of Israel The books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals,

making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Enigma Of Israel The books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Enigma Of Israel The books and manuals for download and embark on your journey of knowledge?

FAQs About Enigma Of Israel The Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
