Enigmatic Saint Ahmad Ibn Idris And The Idrisi Tradition:

Enigmatic Saint Rex S. O'Fahey,1990 *Enigmatic Saint* Rex S. O'Fahey,1990 *Enigmatic Saint* Rex S.

O'Fahey,1990-01 The first biography in English of the 19th century Moroccan mystic and teacher who spearheaded the Sufi revival in the Islamic world Through his students and his writings Ahmed Ibn Idris influence is charted from Morocco to Malaysia and from Yugoslavia south to Tanzania **The Exoteric Aḥmad Ibn Idrīs** Knut Vikør,Bernard O'Kane,R.S.

O'Fahey,Bernd Radtke,2021-07-26 The Moroccan mystic and theologian A mad b Idr s 1749 1837 was one of the most dynamic personalities in the Islamic world of the 19th century Through his teachings and the activity of his students important Sufi orders were founded which exerted wide ranging social and political influence orders such as the San siyya in Libya and the Khatmiyya in the Sudan To date publications dealing with him have especially focused on his biography and particular aspects of his mystical doctrines In the present work an Arabic edition and translation with commentary of two texts are made available which throw light on Ibn Idr s attitude towards the religious dogmatic questions of his day and age The first text Ris lat al Radd al ahl al ra y provides information about Ibn Idr s relation to the Islamic schools of jurisprudence in particular his position regarding the ijtiḥād taqlīd debate which was so significant in the 18th and 19th centuries Like many similarly minded scholars of his time A mad b Idr s categorically rejects the authority of the established schools of jurisprudence and favors instead the application of personal methods in deriving a legal judgement The second text presented here is a vivid report by one of his students describing a debate which Ibn Idr s at an advanced age entered into with a Wahh b theologian in the Yemenite city of Saby in 1832 The text makes clear with regard to which points Ibn Idr s hoped to establish agreement with the Wahh b s and where it was not possible to reach any mutual understanding The introduction of the present book examines the tumultuous political circumstances in which both Arabic texts were composed and sketches the larger cultural and intellectual context which shaped Ibn Idr s world of ideas **Mystical Traditions**

Muhammad Shafiq,Thomas Donlin-Smith,2023-05-16 This book discusses mysticism and its possible contributions to a positive common human future It is organized into three parts Studies of Mystical Traditions Comparative Studies of Mystical Traditions and Social and Ethical Implications The approach is philosophical and critical The contributors differ on whether or not mystical traditions would restore peaceful living and peaceful coexistence However the problem before this manuscript is the growing pain and suffering caused by greed in the world greed causing economic disequilibrium racism and divisiveness causing social unrest resulting in mass migration and refugees crisis Through the lens of mystical traditions the manuscript proposes a balance approach between material and spiritual needs of people To strengthen human spirituality the manuscript emphasizes practicing meditation music prayers zikr yoga mindfulness fasting and other methods of spiritual revival for peace within self and with others *Sudan* Edward M. Spiers,2013-07-04 In 1898 Kitchener s Anglo Egyptian army defeated the armies of dervishes at the battle of Omdurman To commemorate the event 11 historians have produced a

The Sudan of the Three Niles Peter Malcolm Holt, 1999 This translation of the Arabic Funj Chronicle gives an account of the history of the Nilotic Sudan from 910 1504 5 to 1288 1871 with increasing detail from the mid twelfth century especially the period of Turco Egyptian rule

The Making of Modern Libya Ali Abdullatif Ahmida, 1994-01-01 This book analyzes the social cultural and historical background of modern Libya from the early nineteenth century through the end of the armed anticolonial resistance Ahmida challenges Eurocentric theories of social change that ignore the internal dynamics of native social history Among other things he shows that Sufi Islam tribal military organization and oral traditions were crucial in the fight against colonialism The political and cultural legacy of the resistance has been powerful strengthening Libyan nationalism and leading to the revival of strong attachments to Islam and the clan The memory of this period has not yet faded and appreciation of this background is essential to understanding present day Libya

Ottoman Puritanism and its Discontents Mustapha Sheikh, 2016-11-10 This book is about the emergence of a new activist Sufism in the Muslim world from the sixteenth century onwards which emphasized personal responsibility for putting God s guidance into practice It focuses specifically on developments at the centre of the Ottoman Empire but also considers both how they might have been influenced by the wider connections and engagements of learned and holy men and how their influence might have been spread from the Ottoman Empire to South Asia in particular The immediate focus is on the Qadizadeli movement which flourished in Istanbul from the 1620s to the 1680s and which inveighed against corrupt scholars and heterodox Sufis The book aims by studying the relationship between Ahmad al Rumi al Aghisari s magisterial Majalis al Abrar and Qadizadeli beliefs to place both author and the movement in an Ottoman Hanafi and Sufi milieu In so doing it breaks new ground both in bringing to light al Aghisari s writings and methodologically in Ottoman studies at least in employing line by line textual comparisons to ascertain the borrowings and influences linking al

Aqhisari to medieval Islamic thinkers such as Ahmad b Taymiyya and Ibn Qayyim al Jawziyya as well as to several near contemporaries Most significantly the book finally puts to rest the strict dichotomy between Qadizadeli reformism and Sufism a dichotomy that with too few exceptions continues to be the mainstay of the existing literature **Sufism East and West**

Jamal Malik, Saeed Zarrabi-Zadeh, 2019-07-15 In Sufism East and West the contributors investigate the redirection and dynamics of Sufism in the modern era specifically from the perspective of global cross cultural exchange Edited by Jamal Malik and Saeed Zarrabi Zadeh the book explores the role of mystical Islam in the complex interchange and fluidity in the resonance spaces of East and West The volume challenges the enduring Orientalist binary coding of East versus West and argues instead for a more mutual process of cultural plaiting and shared tradition By highlighting amendments adaptations and expansions of Sufi semantics during the last centuries it also questions the persistent perception of Sufism in its post classical epoch as a corrupt imitation of the legacy of the great Sufis of the past **The History of Islam in Africa**

(1935-2003) E. Ann McDougall, 2014-06-11 *Engaging with a Legacy* shows how Nehemia Levtzion shaped our understanding of Islam in Africa and influenced successive scholarly generations in their approach to Islamization, conversion and fundamentalism. The book illuminates his work, career and family life, including his own life vision on the occasion of his 60th birthday. It speaks to his relationship with researchers at home and abroad as mentor, colleague and provocateur. In one section, several authors reflect on those dynamics in terms of personal and professional development. Levtzion's contemporaries also speak of interactions with him and his life-long companion wife Tirza. In the 1950s and 1960s, we see in these writings the birth of West African historical studies. Levtzion's arrival as Israeli graduate student in Nkrumah's Egyptian-leaning Ghana and the debate over what African Studies should mean in an environment that included the personal intervention of W. E. B. Du Bois are stories told for the first time. Most poignant is the account of Levtzion's commitment to building African Studies, complete with emphasis on Islam, in the heart of the Jewish state at The Hebrew University. His never-ending defence of the program reflected his determination to be both engaged historian and engaged Israeli. A legacy he chose for himself. Finally, an Epilogue to the original publication shows how one aspect of this legacy, Levtzion's growing preoccupation with the public sphere in Muslim societies, has become even more relevant in post-Arab Spring Africa and the Middle East. This book was published as a special issue of the *Canadian Journal of African Studies*.

Sufism Alexander Knysh, 2019-03-19 A pathbreaking history of Sufism from the earliest centuries of Islam to the present. After centuries as the most important ascetic mystical strand of Islam, Sufism saw a sharp decline in the twentieth century only to experience a stunning revival in recent decades. In this comprehensive new history of Sufism from the earliest centuries of Islam to today, Alexander Knysh, a leading expert on the subject, reveals the tradition in all its richness. Knysh explores how Sufism has been viewed by both insiders and outsiders since its inception. He examines the key aspects of Sufism from definitions and discourses to leadership, institutions and practices. He devotes special attention to Sufi approaches to the Qur'an, drawing parallels with similar uses of scripture in Judaism and Christianity. He traces how Sufism grew from a set of simple moral ethical precepts into a sophisticated tradition with professional Sufi masters (shaykhs) who became powerful players in Muslim public life but whose authority was challenged by those advocating the equality of all Muslims before God. Knysh also examines the roots of the ongoing conflict between the Sufis and their fundamentalist critics, the Salafis, a major fact of Muslim life today. Based on a wealth of primary and secondary sources, *Sufism* is an indispensable account of a vital aspect of Islam.

Sufism in the West Jamal Malik, John Hinnells, 2006-04-18 With the increasing Muslim diaspora in post-modern Western societies, Sufism intellectually as well as sociologically may eventually become Islam itself due to its versatile potential. Although Sufism has always provoked considerable interest in the West, no volume has so far been written which discusses this aspect of Islam in terms of how it is practised in Western societies. Bringing together leading international authorities to survey the history of Islamic mysticism in North America and Europe, this book elaborates the ideas and

institutions which organize Sufism and folk religious practices The chapters cover the orders and movements their social base organization and institutionalization recruitment patterns in new environments channels of disseminating ideas such as ritual charisma and organization reasons for their popularity among certain social groups the nature of their affiliation with the countries of their origin Providing a fascinating insight into how Sufism operates within different spheres of society Sufism in the West is essential reading for students and academics with research interests in Islam Islamic history and social anthropology
