are planning for an aboveground bunker and some are interested in an underground bunker In this book we are going to be discussing both in great detail As I will explain this type of bunker will give you the best protection possible for the most scenarios One need not be a conspiracy theorist to be apprehensive People may think Doomsday preppers or What ifers as we are often called are Nut jobs However when TSHTF we will be the ones who others will come to since we will be the ones who are prepared
