Economy And Industry In Ancient Rome:

Economy and Industry in Ancient Rome Daniel C. Gedacht, 2003-12-15 This book describes ancient Rome's agriculture, mining, and metalworking, grain mills, and construction projects, and discusses a system of taxes that was collected throughout the empire.

The Roman Market Economy Peter Temin, 2017-09-05 What modern economics can tell us about ancient Rome. The quality of life for ordinary Roman citizens at the height of the Roman Empire probably was better than that of any other large group of people living before the Industrial Revolution. The Roman Market Economy uses the tools of modern economics to show how trade markets and the Pax Romana were critical to ancient Rome's prosperity. Peter Temin, one of the world's foremost economic historians, argues that markets dominated the Roman economy. He traces how the Pax Romana encouraged trade around the Mediterranean and how Roman law promoted commerce and banking. Temin shows that a reasonably vibrant market for wheat extended throughout the empire and suggests that the Antonine Plague may have been responsible for turning the stable prices of the early empire into the persistent inflation of the late. He vividly describes how various markets operated in Roman times, from commodities and slaves to the buying and selling of land. Applying modern methods for evaluating economic growth to data culled from historical sources, Temin argues that Roman Italy in the second century was as prosperous as the Dutch Republic in its golden age of the seventeenth century. The Roman Market Economy reveals how economics can help us understand how the Roman Empire could have ruled seventy million people and endured for centuries.

The Roman Market Economy Peter Temin, 2012-12-16 What modern economics can tell us about ancient Rome. The quality of life for ordinary Roman citizens at the height of the Roman Empire probably was better than that of any other large group of people living before the Industrial Revolution. The Roman Market Economy uses the tools of modern economics to show how trade markets and the Pax Romana were critical to ancient Rome's prosperity. Peter Temin, one of the world's foremost economic historians, argues that markets dominated the Roman economy. He traces how the Pax Romana encouraged trade around the Mediterranean and how Roman law promoted commerce and banking. Temin shows that a reasonably vibrant market for wheat extended throughout the empire and suggests that the Antonine Plague may have been responsible for turning the stable prices of the early empire into the persistent inflation of the late. He vividly describes how various markets operated in Roman times, from commodities and slaves to the buying and selling of land. Applying modern methods for evaluating economic growth to data culled from historical sources, Temin argues that Roman Italy in the second century was as prosperous as the Dutch Republic in its golden age of the seventeenth century. The Roman Market Economy reveals how economics can help us understand how the Roman Empire could have ruled seventy million people and endured for centuries.

Ancient Rome Michelle Breyer, 1998-04 Grade level 4 5 6 7 e i t

Roman Artisans and the Urban Economy Cameron Hawkins, 2016-07-19 This book offers the first comprehensive study of economic conditions and economic life in Roman cities during the late Republic and early Empire. By employing a sophisticated methodology based upon

comparative evidence and contemporary economic theory the author develops interlocking arguments about the relationship between four key attributes of urban economic life in Roman antiquity the nature and magnitude of consumer demand the structure of urban labour markets the strategies devised by urban artisans in their efforts to navigate their social and economic environments and the factors that served to limit both the overall performance of the Roman economy and its potential for intensive growth While the author s methodology and conclusions will be of particular interest to specialists in economic history other readers will profit from his discussion of topics such as slavery and manumission the economic significance of professional associations and the impact of gender on economic behaviour

Shopping in Ancient Rome

Claire Holleran,2012-04-26 This volume provides the first comprehensive account of the retail network in ancient Rome and investigates the diverse means by which goods were sold to consumers in the city Holleran places Roman retail trade within the wider context of its urban economy and explores the critical relationship between retail and broader environmental factors

Taxation, Economy, and Revolt in Ancient Rome, Galilee, and Egypt Thomas R. Blanton IV,Agnes Choi,Jinyu Liu,2022-06-01 This volume introduces new perspectives on taxation policies in the Roman Empire the Galilee and Egypt with unique insights into the economic effects of imperial pacification on local and regional microlevel economies in the Galilee both before and after the First Jewish Revolt against Rome Through examining tax documents and other ancient texts in detail this book offers innovative perspectives on the mechanisms ideological justifications and politically hierarchizing functions of taxation and tribute particularly in the Roman Empire Moreover leading archaeologists present important information about the economic effects of the First Jewish Revolt on local economies in the Galilee based on findings from recent archaeological excavations Taxation Economy and Revolt in Ancient Rome Galilee and Egypt is of interest to students and scholars in Classical Biblical and Jewish Studies as well as economic history and Mediterranean archaeology

Economics and Empire in the Roman World Matthew J. M. Coomber,2025-01-16 Over the past few decades the study of biblical economics has developed into an important subfield of biblical studies This subfield uses textual and archaeological evidence to uncover the economic realities behind biblical literature resulting in greater understandings of the lives and possible intentions of those individuals and communities that composed these religious texts and also of their potential relevance or lack thereof to the communities that continue to receive them Economics and Empire in the Roman World has brought together eight scholars of biblical economics to create a repository of what is understood about the socioeconomic realities of those who penned and first received what were to become the Christian scriptures In addition to serving the research and teaching interests of biblical scholars this volume has also been created for the benefit of economic historians anthropologists and sociologists

Witness History: Discover the Ancient Roman World Pasquale De Marco,2025-04-14 In the annals of human history few civilizations have left an imprint as profound as that of Ancient Rome Its legacy extends far beyond the crumbling ruins of its once magnificent empire shaping the very foundations of Western

The Cambridge Companion to Ancient Rome Paul Erdkamp,2013-09-05 Rome was the largest city in the ancient world As the capital of the Roman Empire it was clearly an exceptional city in terms of size diversity and complexity While the Colosseum imperial palaces and Pantheon are among its most famous features this volume explores Rome primarily as a city in which many thousands of men and women were born lived and died The thirty one chapters by leading historians classicists and archaeologists discuss issues ranging from the monuments and the games to the food and water supply from policing and riots to domestic housing from death and disease to pagan cults and the impact of Christianity Richly illustrated the volume introduces groundbreaking new research against the background of current debates and is designed as a readable survey accessible in particular to undergraduates and non specialists

Research Companion to Construction Economics Ofori, George,2022-03-15 This innovative Research Companion considers the history nature and status of construction economics and its need for development as a field in order to be recognised as a distinct discipline It presents a state of the art review of construction economics identifying areas for further research

Ancient Rome DK,2023-04-25 A definitive history of ancient Rome that tells the story of its dramatic rise and fall in rich visual detail Immerse yourself in the history of ancient Rome from its origins

as a small settlement on the Palatine Hill to its peak as an empire reigning over 90 million people and its tumultuous decline. Covering more than 1 000 years of history, Ancient Rome reveals in vivid detail all the key political, cultural, and military events that shaped the Roman Empire and explores what it was like to live in a society that laid the foundations for our modern world. Sumptuous photography and authoritative, engaging text cover every facet of life in ancient Rome, from art, philosophy, and entertainment to engineering, medicine, and war, while detailed maps trace the rise of the mighty Roman Empire. Featuring in-depth biographies of Rome's greatest emperors from Augustus to Constantine, as well as key figures such as generals, philosophers, and writers, Ancient Rome also delves into the fascinating stories of gladiators, bakers, and enslaved people. The streets and buildings of Rome are brought to life with specially commissioned CGI recreations, while momentous events such as the destruction of Pompeii are told with the help of illustrations, artifacts, and eyewitness accounts. Beautifully illustrated and unparalleled in scope, Ancient Rome is the perfect book for anyone who is interested in this defining period of world history.

The Cambridge Illustrated History of the Roman World Greg Woolf, 2003-11-03
From its mythical foundation in 753 BC to its sack in the fifth century AD, the city of Rome had an impact on the world that it would be hard to overestimate. At its height, the empire which it built up stretched from northern Britain to the deserts of Arabia. In this new history, an international team of historians, archaeologists, and classicists presents a vision of the world's most famous imperial power based on the most up-to-date research and discoveries. Chapters and box features present gripping accounts of Roman history and literature and deal with themes ranging from medicine to warfare. They are supported by a rich set of illustrations of sites, monuments, and works of art from across the Empire. Read together, these build up a fascinating picture of a civilization permeated by its imperial role and of the colossal costs as well as the gains of empire.

Demography and the Graeco-Roman World Claire Holleran, April Pudsey, 2011-09-01
Through a series of case studies, this book demonstrates the wide-ranging impact of demographic dynamics on social, economic, and political structures in the Graeco-Roman world. The individual case studies focus on fertility, mortality, and migration and the roles they played in various aspects of ancient life. These studies, drawn from a range of populations in Athens and Attica, Rome and Italy, and Graeco-Roman Egypt, illustrate how new insights can be gained by applying demographic methods to familiar themes in ancient history. Methodological issues are addressed in a clear, straightforward manner with no assumption of prior technical knowledge, ensuring that the book is accessible to readers with no training in demography. The book marks an important step forward in ancient historical demography, affirming both the centrality of population studies in ancient history and the contribution that antiquity can make to population history in general.

Imperial Institutions in Ancient Rome and Early China Michael Loewe, Michael Nylan, T. Corey Brennan, 2025-05-15
Written by the eminent sinologist Michael Loewe and edited for publication by T. Corey Brennan and Michael Nylan, this book gives an overview of the considerations and practices of two major world empires that together ruled half of the earth's population in the first centuries BCE: ancient

Rome and Han China Approaching the historical material with a comparative perspective Loewe examines the strengths and weaknesses and the successes and failures which can be seen in the organisation and government of these two political systems Though each empire was largely ignorant of the other the problems they faced were similar given the rudimentary transportation and communication facilities of the time the high mortality rates and the low levels of literacy Yet each empire ruled its people in distinctly different ways with the Roman empire governed largely by military officials in contrast to the Chinese empire whose administration was well stocked with roughly 130 000 highly trained professionals The ten chapters of this book set out to compare the ways that these two contemporary regimes similar in size and population sought to control human activities and impose a set of regulated discipline over those who were ruled Each chapter concerns the degrees and methods of forming a united people the assumptions that lay behind such attempts the reliance that imperial authority placed on religious practices legal impositions and the structure of institutions and the bases of social cohesion and economic co operation The result is an engaging study of two remarkable empires whose rise and fall are contrasted in a way that deepens our understanding of empire and civilisation Work and Labour in the Cities of Roman Italy Miriam J.

Groen-Vallinga, 2022-11-17 Work and labour are fundamental to an understanding of Roman society In a world where reliable information was scarce and economic insecurity loomed large social structures and networks of trust were of paramount importance to the way work was provided and filled in Taking its cue from New Institutional Economics this book deals with the wide range of factors shaping work and labour in the cities of Roman Italy under the early empire from families and familial structures to labour collectives slavery education and apprenticeship To illuminate the complexity of the market for labour this monograph offers a new analysis of the occupational inscriptions and reliefs from Roman Italy placing them in the wider context by means of documentary evidence like apprenticeship contracts legal sources and material remains This synthesis therefore provides a comprehensive analysis of the ancient sources on work and labour in Roman urban society leading to a novel interpretation of the market for work and a fuller understanding of the daily lives of nonelite Romans For some of them work was indeed a source of pride whereas for others it was merely a means to an end or a necessity of life

A writer's guide to Ancient Rome Carey Fleiner, 2020-02-28 A really fun idea for a book and full of great stuff Greg Jenner Public Historian This is the perfect guide for any writer who wants to recreate the Roman world accurately in their fiction It will aid any novelist screenwriter games designer or re enactor in populating their story with authentic characters and scenes costumes and locations Written from a historian's perspective this guide pulls back the curtain to show the reader what life in Ancient Rome was really like what they wore what they ate and how they spent their time at work at home at war and at play Individual chapters focus on different aspects of Romans' lives to give you specific knowledge of what they looked like and how they behaved as well as a broad appreciation of what held their civilisation together from religion to the economy to law and order You may wish to work your way through the book from cover to cover or focus specifically on

individual chapters as you hone your creative writing skills Covering the period between 200 BCE and 200 CE A writer s guide to Ancient Rome surveys the vast amount of sources and scholarship on the Classical world so you don t have to It outlines current scholarly debates and changing interpretations suggests further reading and recommends particular resources to mine for each topic It gives you plenty to consider while you construct your own Roman world

A History of Political Economy John Kells Ingram,1897

The World of Ancient Rome James W. Ermatinger,2015-08-11 This study of Ancient Rome offers a fascinating glimpse of what Roman society was like from fashion to food to politics and recreation gathered from literary works art and archaeological remains While the political history and prominent figures of Ancient Rome are well known accounts of daily life in that time and place often remain untold This fascinating encyclopedia explores this period from a social and cultural perspective digging into the day to day activities of how Romans dressed what they ate how they worked and what they did for fun Drawing from recent archaeological evidence author James W Ermatinger explores the everyday lives of Roman citizens of all levels and classes This book is organized into ten sections art economics family fashion food housing politics recreation religion and science Each section contains more than two dozen entries that illuminate such topics as slavery as a social movement the menus of peasants slaves and the elite and the science and engineering solutions that became harbingers for today s technology The work contains a selection of primary documents as well as a bibliography of print and Internet resources

Decolonizing Roman Imperialism Danielle Hyeonah Lambert,2024-10-17 The framework of Romanization developed by Haverfield in 1905 that Romans civilized their imperial subjects particularly those in the barbarian western provinces remains hegemonic notwithstanding multiple attempts at revisionism It has been reasserted rejected or modified but still frames the debate *Decolonizing Roman Imperialism* investigates how the postcolonial challenge to decolonize the production of historical knowledge has motivated Roman scholars to question the paradigm of Romanization to review its historiography to seek fresh approaches and to rewrite it The book provides an intellectual genealogy of the debate valuable for every student of the Roman Empire and of Roman Britain and invites them to rethink the legacy of ancient Roman imperialism
