Écrits d'ailleurs. Georges Bataille et les ethnologues. , **Eroticism in Georges Bataille and Henry Miller** Gilles Mayné,1993 **Georges Bataille** Stuart Kendall,2007-08-30 Georges Bataille was arguably the greatest influence on the poststructuralist revolution in twentieth century thought and literature yet few truly understand his work and legacy Stuart Kendall now translates the work and life of this renowned French writer anthropologist and philosopher into a concise yet informative biography that reveals fascinating facets of this intellectual giant Until his death in 1962 Bataille was an instrumental force in philosophical debate acting as a foil for both Surrealism and Existentialism and advocating radical views that spanned the entire spectrum of political thought Georges Bataille chronicles these aspects of his intellectual development as well as tracing out his pivotal role in the creation of the College of Sociology and how his writings in aesthetics and art history laid the groundwork for visual culture studies Kendall positions Bataille at the heart of a prodigious community of thinkers including Andr Breton Jean Paul Sartre and Jacques Lacan A compelling account Georges Bataille will be invaluable for all thinkers who have benefited from Bataille s lasting contributions **Rethinking the Political** Simonetta Falasca-Zamponi,2011 A compelling account of a controversial and innovative episode in sociological thought **War and the Cosmos in Picasso's Texts, 1936-1940** Lydia Gasman,2007-04 War and the cosmos in Picasso s texts 1936 1940 is a study that builds upon the material and ideas discussed in my 1981 Ph D dissertation Mystery magic and love in Picasso 1925 1938 Picasso and the Surrealist poets **The ^Aallure of Decadent Thinking** Carl Olson,2013-01-22 Carl Olson offers a compelling and provocative argument against the application of postmodern thought to Religious Studies showing how such radically skeptical thinking undermines subverts and distorts the study of religion **"Appropriated Photographs in French Surrealist Periodicals, 1924?939 "** Linda Steer,2017-07-05 The first monograph to analyze the Surrealist gesture of photographic appropriation this study examines found photographs in three French Surrealist reviews published in the 1920s and 1930s La R lution surr iste edited by Andr reton Documents edited by Georges Bataille and Minotaure edited by Breton and others The book asks general questions about the production and deployment of meaning through photographs but addresses more specifically the construction of a Surrealist practice of photography through the gesture of borrowing and re contextualization and reveals something crucial both about Surrealist strategies and about the way photographs operate The book is structured around four case studies including scientific photographs of an hysteric in Charcot s clinic at the Salp i hospital positioned as poetry rather than pathology and one of the first crime scene photographs depicting Jack the Ripper s last victim radically transformed into a work of art Linda Steer traces the trajectory of the found photographs from their first location to their location in a Surrealist periodical Her study shows that the act of removal and re framing highlights the instability and mutability of photographic meaning an instability and mutability that has consequences for our understanding both of photography and of Surrealism in the 1920s and 1930s **Race Theory and**

Literature Pauline Moret-Jankus, Adam J. Toth, 2019-06-11 This study is based on the primary assumption that literature and racial theories have a peculiar if not unique interplay offering an in depth exploration of the very specific way in which literature and conceptions dealing with race interact Recent scholarship has started to examine this relationship although either with a general focus on a specific literary tradition or period or belong more to historiography than to an aesthetic analysis This volume on the other hand presents recent and stimulating scholarship extending from the eighteenth century into the twentieth Furthermore the literary traditions explored here differ from a geographical and cultural point of view encompassing French British German and French Lithuanian literatures but also from the perspective of their genre namely prose fiction poetry ethnographic literature and essays Among others the reader will find reflections on authors such as Bataille Schlegel Coleridge Oscar Wilde L. Reintroducing Marcel Mauss Christian

Papilloud,2023-11-24 This reintroduction to the life and work of Marcel Mauss highlights his coherent and original thought both as an academic and an engaged intellectual of his time Since his work regained attention in social sciences in the later 20th century Reintroducing Marcel Mauss also emphasises the progression of research on Mauss s thought bringing to light various neglected aspects of his scientific project including his political commitment and writings With a review of the contemporary research on Mauss s legacy it offers a fuller understanding of the questions with which he was concerned questions which converged in the challenge of working out alternative ways for a social life that promotes a genuinely social society inspired by socialist and cooperative values It will therefore appeal to scholars of sociology and anthropology with interests in the history and development of sociology and the contemporary importance of classical social theory

Godless Intellectuals? Alexander Riley,2010 Few have failed to recognize the return of the religious as a factor in social theory None so far has more cogently explained the contributions of French social thought to the challenge of the Sacred in our day than Riley aHARLES LEMERT author of Durkheim s Ghosts

Pratiques d'écriture, pratiques de pensée Philippe Sabot, 2001 La littérature est envisagée ici à partir de quelques-unes de ses productions singulières non pas comme seulement comme l'objet d'une réflexion d'ordre esthétique mais avant tout comme le lieu où se laborent des formes de pensées spécifiques

The Myth of the Other Franco Rella, 1994 Rella came of age as a philosopher in Italy during the period of the crisis of reason or more generally the exhaustion of classical rationality in its authority to structure experience For Rella unlike many others the tensions of the crisis are productive In *The Myth of the Other* he presents a unique perspective on four seminal French thinkers Lacan Foucault Deleuze and Bataille Moe's masterful translation brings this remarkable Italian thinker to American readers for the first time This slim book may very well change the way American scholars think about the crisis of the other and the self coming out of French poststructuralism
