## **Ecumenical Theology Of World Religions:**

**Ecumenical Theology of World Religions** Mariasusai Dhavamony, 2003 Ecumenical theology has to do with relationships between several Churches or Christians of various denomination implying knowledge of christian unity and the desire to attain it For the one Gospel of Jesus Christ which must be preached in dialogue with the world of today presupposes the unity of the Church in faith and love which is meant to be a sign through which the world may believe In the face of the divisions between the Churches which create a problem in their encounter with world religions which all Churches are bound to try to solve there is need of a comprehensive dialogue with one another in which the problems of self understanding and the theological understanding of the religious traditions of mankind can be treated for an effective missionary task of the different Churches Theology must remain conscious of the fact that the revelation of God in Jesus Christ and its proclamation by the Church are directed to all human persons

**Ecumenism Is Deception** George Joseph K PhD, 2020-09-10 Ecumenism has obscured the truth of the bible and the church Ecumenism is against the uniqueness of Jesus Christ and his gospel Ecumenicals are against the Christian mission and evangelism Visible organizational unity of the church and also the unity of all other religions are their major objectives Hence the unification of the religious groups is falsely considered as the mission of the Church The contemporary false ecumenism is the embodiment of the degeneration of the concept of unity in spirit to organizational unity It is the solution of man not of God It is the master stroke of devil which plunged the Church deep into unbelief Emphasis is shifted from the Biblical mission of evangelism to efforts toward mobilizing a visible Church organization All energy is spent on the organizational affairs of the Church Evangelism was replaced by Church management The modern ecumenical liberal theology is influenced by the philosophies of the world Here preference is given to the views of men not of God Ecumenism takes the unfortunate and cowardly stand that since other views do not accept us we must change and adopt some of their beliefs conglomerate or syncretize so that we can move toward a peaceful coexistence This means the ecumenicals want the Christians to surrender our convictions to those who have a different set of beliefs Their marathon dialogues with other faiths ultimately end up in compromising or even denying the uniqueness of Christ and declaring moratorium on the proclamation of gospel Modern ecumenical theology is pluralistic relativistic subjectivistic inclusivistic and universalistic for destroying the objective and exclusive claims of Jesus Christ New age is in the Church under the garb of modern liberal theology Liberal theology facilitates the infiltration of the new age movement and pantheistic mysticism into the church through environmentalism Environmental protection including love and concern for animals are major issues on the agenda of the ecumenicals Modern liberal theology is the product of the new age philosophy It has deviously misdirected the mission of the church into social work environmental protection and ecumenism There is relationship between contemporary ecumenical movement one world religion antichrist and the ideology of liberal theology Ecumenism is the program for the unity of world religions for the rule of false prophet and antichrist Ecumenicals are the agents of antichrist for forming the world religion by fusing Christianity with other religions The world religious system will try its level best through all subtle ways and means to eliminate the pure gospel from the face of the earth True unity cannot be accomplished by pretending that there are no differences but only by recognizing and respecting those differences while focusing on the great truths of Christian faith Here in this book one of the biggest attacks on the Christian truth is exposed

part of others to support the wider ecumenism even to abandon any claim to Christ's Christianity's uniqueness definitiveness absoluteness and superiority They rightly point to the need for faith in God as Absolute Mystery to Christian praxis in favor of justice and freedom and to the enormous historical suffering and conflicts caused by the myth of Christian uniqueness They add that we live today in a world village in which dialogue with other religionists and societies as full equals is imperative perhaps for our very survival Not mere contact but active cooperation and mutual understanding is required now more than ever to deal with urgent global issues involving mass poverty and starvation religious fanaticism the threat to the environment and the omnipresent danger of nuclear destruction These problems are far too important to be left to governments The essays in this volume are the Product of fifty leading scholars from across the Christian spectrum seeking to clarify and to affirm the immense significance of interreligious dialogue for Christianity in our new planetary society
