Said, 1979-10-12 A groundbreaking critique of the West's historical cultural and political perceptions of the East that is decades after its first publication one of the most important books written about

our divided world Intellectual history on a high order and very exciting The New York Times In this wide ranging intellectually vigorous study Said traces the origins of orientalism to the centuries long period during which Europe dominated the Middle and Near East and from its position of power defined the orient simply as other than the occident This entrenched view continues to dominate western ideas and because it does not allow the East to represent itself prevents true understanding

*Covering Islam* Edward W. Said, 2015-08-19 In this classic work the author of *Culture and Imperialism* reveals the hidden agendas and distortions of fact that underlie even the most objective coverage of the Islamic world With a new foreword by Laleh Khalili No one studying the relations between the West and the decolonizing world can ignore Mr Said's work The New York Times Book Review From the Iranian hostage crisis through the Gulf War and the bombing of the World Trade Center the American news media have portrayed Islam as a monolithic entity synonymous with terrorism and religious hysteria At the same time Islamic countries use Islam to justify unrepresentative and often repressive regimes Combining political commentary with literary criticism *Covering Islam* continues Edward Said's lifelong investigation of the ways in which language not only describes but also defines political reality

**Culture and Imperialism** Edward W. Said, 2012-10-24 A landmark work from the author of *Orientalism* that explores the long overlooked connections between the Western imperial endeavor and the culture that both reflected and reinforced it Grandly conceived urgently written and urgently needed No one studying the relations between the metropolitan West and the decolonizing world can ignore Mr Said's work The New York Times Book Review In the nineteenth and early twentieth centuries as the Western powers built empires that stretched from Australia to the West Indies Western artists created masterpieces ranging from *Mansfield Park* to *Heart of Darkness* and *Aida* Yet most cultural critics continue to see these phenomena as separate Edward Said looks at these works alongside those of such writers as W B Yeats Chinua Achebe and Salman Rushdie to show how subject peoples produced their own vigorous cultures of opposition and resistance Vast in scope and stunning in its erudition *Culture and Imperialism* reopens the dialogue between literature and the life of its time
