Topographies of Power in the Early Middle Ages Mayke de Jong, Frans Theuvs, 2001-06-28 The 19 papers presented in this volume by North American and European historians and archaeologists discuss how early medieval political and religious elites constructed places of power and how such places in turn created powerful people They also examine how the high level power exercised by elites was transformed in the post Roman kingdoms of Europe as Roman cities gave way as central stages for rituals of power to a multitude of places and spaces where political and religious power were represented Although the Frankish kingdoms receive a large share of attention contributions also focus on the changing topography of power in the old centres of the Roman world Rome and Constantinople to what centres of power may have meant in the steppes of Inner Asia Scandinavia or the lower Vistula where political power was even more mobile and decentralised than in the post Roman kingdoms as well as to monasteries and their integration into early medieval topographies of power

Egeria's Travels, 1999-02-01 Egeria who was most probably a Spanish nun visited the Holy Land only fifty years after the death of Constantine making her work the earliest surviving account of the area *Pilgrimage to Jerusalem and the Holy Land, 1187-1291* Professor Denys Pringle, 2013-07-28 This book presents new translations of a selection of Latin and French pilgrimage texts and two in Greek relating to Jerusalem and the Holy Land between the fall of Jerusalem to Saladin in 1187 and the loss of Acre to the Mamluks in 1291 It therefore complements and extends existing studies which deal with the period from Late Antiquity to Saladin's conquest Such texts provide a wealth of information not only about the business of pilgrimage itself but also on church history topography architecture and the social and economic conditions prevailing in Palestine in this period Pilgrimage texts of the 13th century have not previously been studied as a group in this way and because the existing editions of them are scattered across a variety of rather obscure publications they tend to be under utilized by historians despite their considerable interest For instance they are often more original than the texts of the 12th century representing first hand accounts of travellers rather than simple reworkings of older texts Taken together they document the changes that occurred in the pattern of pilgrimage after the fall of Jerusalem in 1187 during its brief

reoccupation by the Franks between 1229 and 1244 and during the period from 1260 onwards when the Mamluks gradually took military control of the whole country In the 1250s 60s for example because of the difficulties faced by pilgrims in reaching Jerusalem itself there developed an alternative set of holy sites offering indulgences in Acre The bringing of Transjordan southern Palestine and Sinai under Ayyubid and later Mamluk control also encouraged the development of the pilgrimage to St Catherine s monastery on Mount Sinai in this period The translations are accompanied by explanatory footnotes and preceded by an introduction which discusses the development of Holy Land pilgrimage in this period and the context dating and composition of the texts themselves The book concludes with a comprehensive list of sources and a detailed index *An Introduction to Late Antique Epigraphy in the Holy Land* Leah Di Segni,2022-08-12T00:00:00+02:00

The ethnic pluralism of the Holy Land is unparalleled elsewhere Whatever period of history or even of prehistory one chooses to consider the land due to its geographical position was always home to diverse ethn e and cultures and a capturer of influences from nearby and faraway countries The same pluralism accounts for an unparalleled coexistence of languages and scripts Greek and Latin Hebrew Jewish Christian and Samaritan Aramaic each with its own script pre Islamic Arabic in Nabataean and Old Arabic scripts the occasional Syriac Palmyrene Armenian and Georgian inscriptions Safaitic and Thamudic graffiti in the eastern and southern fringes all are attested in late antique Holy Land sometimes influencing one another in vocabulary and formulas Still Greek is the prevailing vehicle of written communication from its first appearance in the region in the fourth century BCE to the end of Late Antiquity in the late eighth or early ninth century and it will draw most of the attention in these pages **From Words to Numbers** Roberto Franzosi,2004-05-24 This book offers a a way to

analyze narrative data in socio historical research *Visionary Journeys* Xiaofei Tian,2020-10-26 This book explores the parallel and yet profoundly different ways of seeing the outside world and engaging with the foreign at two important moments of dislocation in Chinese history namely the early medieval period commonly known as the Northern and Southern Dynasties 317 589 CE and the nineteenth century Xiaofei Tian juxtaposes literary historical and religious materials from these two periods in comparative study bringing them together in their unprecedentedly large scale interactions and their intense fascination with foreign cultures By examining various cultural forms of representation from the two periods Tian attempts to sort out modes of seeing the world that inform these writings These modes Tian argues were established in early medieval times and resurfaced in permutations and metamorphoses in nineteenth century writings on encountering the Other This book is for readers who are interested not only in early medieval or nineteenth century China but also in issues of representation travel visualization and modernity **Pilgrimage to Jerusalem and the Holy Land, 1187-1291** Denys

Pringle,2016-04-08 This book presents new translations of a selection of Latin and French pilgrimage texts and two in Greek relating to Jerusalem and the Holy Land between the fall of Jerusalem to Saladin in 1187 and the loss of Acre to the Mamluks in 1291 It therefore complements and extends existing studies which deal with the period from Late Antiquity to Saladin s

conquest Such texts provide a wealth of information not only about the business of pilgrimage itself but also on church history topography architecture and the social and economic conditions prevailing in Palestine in this period Pilgrimage texts of the 13th century have not previously been studied as a group in this way and because the existing editions of them are scattered across a variety of rather obscure publications they tend to be under utilized by historians despite their considerable interest For instance they are often more original than the texts of the 12th century representing first hand accounts of travellers rather than simple reworkings of older texts Taken together they document the changes that occurred in the pattern of pilgrimage after the fall of Jerusalem in 1187 during its brief reoccupation by the Franks between 1229 and 1244 and during the period from 1260 onwards when the Mamluks gradually took military control of the whole country In the 1250s 60s for example because of the difficulties faced by pilgrims in reaching Jerusalem itself there developed an alternative set of holy sites offering indulgences in Acre The bringing of Transjordan southern Palestine and Sinai under Ayyubid and later Mamluk control also encouraged the development of the pilgrimage to St Catherine s monastery on Mount Sinai in this period The translations are accompanied by explanatory footnotes and preceded by an introduction which discusses the development of Holy Land pilgrimage in this period and the context dating and composition of the texts themselves The book concludes with a comprehensive list of sources and a detailed index The Expansion of Christianity Roderic Mullen,2003-12-01 This volume covers the geographical spread of Christianity in its first three centuries It is arranged by continents Asia Europe and Africa to show the gradual development of Christian communities down to the Council of Nicaea in 325 The area surveyed stretches from Wales to the borders of India and from the Northern coasts of the Black Sea to the plains of Morocco The result is a picture not only of the outward development of early Christianity but of the variety that existed within it as well *Recent Research on the Late Antique Countryside* William Bowden,Luke Lavan,Carlos Machado,2004 A complex picture of differing regional trajectories emerges whilst cultural change is everywhere apparent in phenomena such as Christianisation settlement nucleation and fortification BOOK JACKET *The Temple and the Lost Tribes of Israel* Jon Eric Lambert,2022-11-09 THE TEMPLE AND THE LOST TRIBES OF ISRAEL addresses two main prophecies that must occur before the return of Christ First the lost tribes of Israel must be located in order for all Israel to be saved Second Gentile Christians must help Israel build the Temple in its ancient and proper location These two missions begin to bring all Israel to faith in Jesus And so all Israel will be Saved Romans 11 26 **A Companion to Bede** J. Robert Wright,2008-08-15 The Venerable Bede s history of the Christian church in England written in the early eighth century still stands as a significant literary work Translated from Latin into various other languages Bede s fascinating history has long been widely studied Thirteen centuries later this thorough and reliable guide by J Robert Wright enables today s readers to follow the major English translations of Bede s work and to understand exactly what Bede was saying what he meant and why his words and account remain so important Wright sCompanion to Bede provides the answers to most

questions that careful intelligent readers of Bede are apt to ask Despite the countless numbers of books and articles about Bede there is no other comprehensive companion to his text that can be read in tandem with the medieval author himself A Giniger book *The Camino Made Easy: Reflections of a Parador Pilgrim* Olivia Pittet, 2018-11-21 The Camino Made Easy Reflections of a Parador Pilgrim relates three fascinating culturally rich journeys on the Way of St James or the Camino through Spain and Portugal to Santiago de Compostela This personal practical and informational story testifies to the advantages of doing the Camino on a walking tour while offering fresh perspectives on this long distance medieval pilgrimage route for pilgrims and tourists alike Olivia Pittet describes stunningly varied landscapes including the Basque country the Rioja wine region and Celtic Galicia as well as the World Heritage cities of Burgos Le n and Santiago while gradually unfolding the Camino s extraordinary cultural legacy and religious history its present day relevance and its enduring appeal She recalls what it was like to walk over one hundred miles on each journey interweaving her Chaucer style interactions with her fellow pilgrims her love of landscape and her special interest as a former medievalist in the Camino s literature and legends Olivia also interjects her own tale tracing her unexpected spiritual journey from its initial stumbling blocks to a developing sense of pilgrimage the closer she came to Santiago where there are as many answers waiting to be found as there are ways of walking the Camino Beautifully written and deeply felt this rich fusion of pilgrimage and personal narrative landscape and cultural legacy literature and legend vibrantly re creates the Camino anew **Unrivalled**

Influence Judith Herrin, 2013-03-11 Explores the exceptional roles that women played in the vibrant cultural and political life of medieval Byzantium Drawing on a diverse range of sources this title focuses on the importance of marriage in imperial statecraft the tense coexistence of empresses in the imperial court and the critical relationships of mothers and daughters

The Making of Syriac Jerusalem Catalin-Stefan Popa, 2023-05-31 This book discusses hagiographic historiographical hymnological and theological sources that contributed to the formation of the sacred picture of the physical as well as metaphysical Jerusalem in the literature of two Eastern Christian denominations East and West Syrians Popa analyses the question of Syrian beliefs about the Holy City their interaction with holy places and how they travelled in the Holy Land He also explores how they imagined and reflected the theology of this itinerary through literature in Late Antiquity and the Middle Ages set alongside a well defined local tradition that was at times at odds with Jerusalem Even though the image of Jerusalem as a land of sacred spaces is unanimously accepted in the history of Christianity there were also various competing positions and attitudes This often promoted the attempt at mitigating and replacing Jerusalem s sacred centrality to the Christian experience with local sacred heritage which is also explored in this study Popa argues that despite this rhetoric of artificial boundaries the general picture epitomises a fluid and animated intersection of Syriac Christians with the Holy City especially in the medieval era and the subsequent period through a standardised process of pilgrimage well integrated in the custom of advanced Christian life and monastic canon The Making of Syriac Jerusalem is suitable for students and scholars

working on the history literature and theology of Syriac Christianity in the late antique and medieval periods **St. Laurence & the Holy Grail** Janice Bennett, 2011-03-08 Many scholars are convinced that The Holy Chalice of Valencia is the Holy Grail celebrated in medieval legends as it was venerated by monks in the secluded Monastery of San Juan de la Pe a built into a rocky outcropping of the Spanish Pyrenees The tradition of Arag n has always insisted that the flaming agate cup of the Holy Chalice was sent to Spain by St Laurence the glorious Spaniard martyred on a gridiron during the Valerian persecution in Rome in 258 AD Now there is new evidence A sixth century manuscript written in Latin by St Donato an Augustinian monk who founded a monastery in the area of Valencia provides never before published details about Laurence born in Valencia but destined for Italy where he became treasurer and deacon of the Catholic Church under Pope Sixtus II It explicitly mentions the details surrounding the transfer of the Holy Cup of the Last Supper to Spain Janice Bennett acquaints the reader with the enthralling story of the Holy Chalice the renowned relic that embarked from the Last Supper on an amazing pilgrimage that providentially ended in the Cathedral of Valencia a miraculous odyssey that has been characterized by danger greed martyrdom and fire It is a fascinating and captivating account that will dispel forever the erroneous notion that the famous relic was ever lost The mythical Quest for the Holy Grail is now over Includes 20 pages of color illustrations

Jerusalem Through the Ages Jodi Magness, 2024 In this broad yet detailed account of one of the world s oldest holiest and most contested cities leading expert Jodi Magness incorporates the most recent archaeological discoveries and original research to weave an authoritative history of Jerusalem s ancient and medieval periods **The Church of Jerusalem and**

Its Liturgy in the First Five Centuries Fr. Aziz Halaweh, 2020-07-01 This book describes the Church of Jerusalem as the mother of all Churches and its liturgy in the beginnings of Christianity The main objective of this research is to find in the primary sources as the pilgrim Egeria St Cyril of Jerusalem the Armenian and the Georgian Lectionaries the original elements of the Christian liturgy of the early Church of Jerusalem in the first five centuries and to collect the various scattered pieces The author clarifies the image and reconstructs as far as possible the historical liturgical picture By this book we will discover how much the other liturgical traditions of various churches especially the Church of Rome have copied the Jerusalemite tradition The detailed description of the Jerusalemite liturgy especially for the feasts of the liturgical year offers us a vivid picture of Jerusalem s unique role in Christian devotion and the mysterious connection between the Christian faith and the land of biblical history The presentation of the anaphora of St James will enlighten our understanding of the Eucharistic prayer in all the liturgical traditions especially Syriac Byzantine and Roman *The Shroud* Ian

Wilson, 2010-03-24 Two decades after radiocarbon dating declared the Turin Shroud a mediaeval fake brand new historical discoveries strongly suggest that this famous cloth with its extraordinary photographic imprint is genuinely Christ s shroud after all In 1978 in his international bestseller *The Turin Shroud* Ian Wilson ignited worldwide public debate with his compelling case endorsing the shroud s authenticity Now 30 years later he has completely rewritten and updated his earlier

book to provide fresh evidence to support his original argument Shroud boldly challenges the current post radiocarbon dating view that it is a fake By arguing his case brilliantly and provocatively Ian Wilson once more throws the matter into the public arena for further debate and controversy *Icons of Sound* Bissera V. Pentcheva, 2020-11-23 *Icons of Sound Voice Architecture and Imagination in Medieval Art* brings together art history and sound studies to offer new perspectives on medieval churches and cathedrals as spaces where the perception of the visual is inherently shaped by sound The chapters encompass a wide geographic and historical range from the fifth to the fifteenth century and from Armenia and Byzantium to Venice Rome and Santiago de Compostela Contributors offer nuanced explorations of the intangible sonic aura produced in these places by the ritual music and harness the use of digital technology to reconstruct historical aural environments Rooted in a decade long interdisciplinary research project at Stanford University *Icons of Sound* expands our understanding of the inherently intertwined relationship between medieval chant and liturgy the acoustics of architectural spaces and their visual aesthetics Together the contributors provide insights that are relevant across art history sound studies musicology and medieval studies
