Kerr, El Sayed Yassin, Jeswald Salacuse, Ismail Serageldin, 2019-06-04 While oil wealth has enriched some Middle East Arab nations others that lack oil resources have remained poor and are looking now to their oil rich neighbors for development assistance This collection of studies on the economic social and political

relationships between the haves and the have nots in the Middle East focuses on Egypt the largest state in the region and on its prospects for change based on financial assistance from other Arab countries The authors have many disagreements about the future of both rich and poor nations in the Middle East and considerable skepticism about the possibility of transforming Egypt but they do agree that the future must be projected in the framework of a new regional order in which oil wealth labor migration and liberalized national economies are fundamental realities Middle East Conflicts from Ancient Egypt to the 21st Century Spencer Tucker, 2019 **Ancient Egypt and the Middle East** Robert Morkot, 2001 An account of a great civilization spanning 3 500 years moving from a collection of kingdoms to a vast empire and then to decline and finally absorption into the Roman Empire A Brief History of Egypt Arthur Goldschmidt, 2008 Chronicles the history of Egyptian politics economics social and cultural developments from ancient times to the present Egypt's Road to Jerusalem Boutros Boutros-Ghali, 1997 Boutros Boutros Ghali was one of the chief Egyptian negotiators at the breakthrough peace talks with Israel in 1978 79 Taken from his diaries Egypt's Road to Jerusalem is his first hand account of those negotiations *Rich And Poor States In The Middle East* Malcolm H. Kerr, El Sayed Yassin, 1982-04-18 Middle Eastern Themes Jacob M. Landau, 2015-07-24 This volume first published in 1973 brings together a wide range of Professor Landau's work on recent Middle Eastern history and politics reflecting the breadth of the author's concern and research The first section deals with aspects of political organisation in the Middle East largely Egypt towards the end of the nineteenth century A little known plan of the Islamic reformer al Afghani is discussed showing him in a rather more political light than the religious haze which normally surrounds this pan Islamic campaigner The role of the influential secret societies in modern Egypt is outlined and the politics behind the fluctuations in the degree of responsibility allowed to Egyptian ministers is examined This section is concluded by a chapter on two proposals for the establishment of a Jewish homeland in the Sudan in the early days of Zionism throwing interesting light on the differing aims of early Zionists and alternative historical paths that might have been taken The second section of the book contains studies on the Jewish situation in nineteenth century Egypt focusing on their position within the larger Muslim society and on socio economic factors as well as on the career of James Sanua Abu Naddara an Egyptian Jew who played a prominent part in nationalist agitation The two final parts of the book turn to recent and contemporary electoral politics in the Middle East with special attention being paid to the political leadership and voting behaviour of the Arabs in Israel Other studies deal with elections in Lebanon and Turkey and the final chapter analyses the militant right wing elements in the Turkish political spectrum **Colonialism and Revolution in the Middle East** Juan Ricardo Cole, 1999 In this stimulating study Juan R I Cole challenges traditional elite centered conceptions of the conflict that led to the British occupation of Egypt in 1882 For a year before the British intervened Egypt's government and the country's influential European community had been locked in a struggle with the nationalist supporters of General Ahmad Urabi Although most Western observers still see the Urabi movement as a revolt of junior military officers with only limited support

among the Egyptian people Cole maintains that it was a full scale revolution with a broad social base While arguing this fresh point of view he also proposes a theory of revolution against informal or neocolonial empires drawing parallels between Egypt in 1882 the early twentieth century Boxer Rebellion in China and the Islamic Revolution in modern Iran In a thorough examination of the changing Egyptian political culture from 1858 through the Urabi episode Cole shows how various social strata urban guilds the intelligentsia and village notables became revolutionary Addressing issues raised by such scholars as Barrington Moore and Theda Skocpol his book combines four complementary approaches social structure and its socioeconomic context organization ideology and the ways in which unexpected conjunctures of events help drive a revolution The resulting account of the origins of the 1881-82 revolution is original and persuasive The book will make a significant contribution to the comparative study of social revolution in particular by explaining how neocolonial revolutions differ from the kinds of revolution previous theorists have studied Timothy P Mitchell New York University

Egypt and the Middle East Daniel de Bruycker, Maximilien Dauber, 1995 In this volume Tintin meets the people who live today in the Nile Valley He also visits the pyramids and discovers ancient Egyptian art sees the sights of modern Cairo treks across the desert and learns about modern Arab culture

The Politics of Egypt Ninette S. Fahmy, 2012-10-12 This book addresses two important matters of current concern to Middle East scholars firstly the nature of the Egyptian state and society and the interactive process between them and secondly how change which would finally lead to development can be initiated The book argues that the Egyptian case represents a weak authoritarian state which through its coercive and repressive policies towards various societal forces political parties professional associations and organisations and individuals creates a weak society Individual behaviour in urban and rural communities sometimes viewed as signs of the strength of societal forces is seen here as a symptom of a weak and fragmented society The existence of a weak society in turn impedes government objectives and hinders the implementation of developmental policies and programmes further weakening the state This being the case change has to be initiated externally in both the political and economic spheres

The United States, Great Britain, and Egypt, 1945-1956 Peter L. Hahn, 2014-04-15 Egypt figured prominently in United States policy in the Middle East after World War II because of its strategic political and economic importance Peter Hahn explores the triangular relationship between the United States Great Britain and Egypt in order to analyze the justifications and implications of American policy in the region and within the context of a broader Cold War strategy This work is the first comprehensive scholarly account of relations between those countries during this period Hahn shows how the United States sought to establish stability in Egypt and the Middle East to preserve Western interests deny the resources of the region to the Soviet Union and prevent the outbreak of war He demonstrates that American officials desire to recognize Egyptian nationalistic aspirations was constrained by their strategic imperatives in the Middle East and by the demands of the Anglo American alliance Using many recently declassified American and British political and military documents Hahn offers a comprehensive

view of the intricacies of alliance diplomacy and multilateral relations He sketches the United States growing involvement in Egyptian affairs and its accumulation of commitments to Middle East security and stability and shows that these events paralleled the decline of British influence in the region Hahn identifies the individuals and agencies that formulated American policy toward Egypt and discusses the influence of domestic and international issues on the direction of policy He also explains and analyzes the tactics devised by American officials to advance their interests in Egypt judging their soundness and success

Egypt and the Politics of Change in the Arab Middle East Robert Bowker, 2010-01-01 The situation unfolding in Egypt and elsewhere in the Arab Middle East has important implications for the future of the Arab political order For the first time a secular but inclusive political alternative to Islamism has emerged It has captured the political imagination of the emerging Arab middle class It will shape the regional security environment Its consequences are unpredictable but the greatest risk to the region is the marginalization and alienation of a movement that has raised and galvanized its political horizons Robert Bowker In his book Egypt and the Politics of Change in the Arab Middle East Professor Robert Bowker argues that if regimes fail to address effectively the demands for empowerment of its educated youth they face the prospect of a tsunami like current of instability and regression

Passion for Islam Caryle Murphy, 2002-10-22 Islam's revival is reshaping Egypt and other Arab countries in ways beyond violent politics The yearning for personal solace a just political system indigenous lifestyles and relevant theology all await satisfaction Just as the Nile runs through Egypt for almost eight hundred miles giving it life so also the Straight Way the way of Allah runs through it beckoning its people The search by Egypt's Muslims for a modern understanding of the Straight Way is the essence of today's passion for Islam from Chapter 1 First Verses Written by a Pulitzer Prize winning journalist this authoritative and enthralling primer on the modern face of Islam provides one of the most comprehensive accountings for the roots of religious terrorism and Middle Eastern strife Over decades a myriad of social political and religious factors has made today's Middle

East a combustible region and has contributed to Islam's new power and turmoil. *Passion for Islam* uses one particular country, Egypt, as a lens through which to show how these forces play out across the area, allowing terrorism to gain a foothold. Through the personal experiences and observations of individual Egyptians encountered during her five years as the Washington Post's Cairo bureau chief, veteran journalist Caryle Murphy explores how Islam's contemporary revival is unfolding on four different levels. Pious Islam highlights the groundswell of grassroots piety that has created more Islamic societies. Political Islam examines how Islamists using both violent and peaceful means are reshaping the region's authoritarian secular political order and redefining Islam's role in the public arena. Cultural Islam looks at Egyptian efforts to resist a ubiquitous Western culture by asserting an Islamic identity. Thinking Islam reveals how intellectuals are reexamining their theological heritage with the aim of modernizing Islam. Representing years of exhaustive research, *Passion for Islam* also looks at how the tortured Israeli-Palestinian conflict has contributed to the region's religious ferment and political tumult. By revealing the day-to-day ramifications of all these issues through the eyes of Egyptian intellectuals, holy men, revolutionaries, and ordinary citizens, *Passion for Islam* brings an unparalleled vitality and depth to Western perceptions of Middle Eastern conflict.

The Rise of Islamism in Egypt Alaa Al-Din Arafat, 2017-08-11. This book provides an overview of the sudden ascendancy of Islamism in post-Mubarak Egypt and a detailed history of the power grab by the Muslim Brotherhood. The author argues that liberals and Copts are minor factions and that the Islamists, the military, and the couch party non-politically affiliated Egyptians are the true key actors in Egyptian politics. Additionally, it is posited that ironically, Mubarak's coup-proofing strategy was responsible for the military turning against him. The strained civil-military relations in Egypt are examined, as are the ideological development of the MB, Salafist and jihadist groups, and the power struggle between the Islamists and the military.
