Egypt In Search Of Political Community:

Egypt in Search of Political Community Nadav Safran, 1961 Occidentalism and the Egyptian Novel Lorenzo Casini, 2024-12-26 This book examines Occidentalism or the set of cultural literary and political uses of the West in the works of canonical 20th and 21st century Egyptian novelists Beginning with the writings of Muhammad Husayn Haykal Lorenzo Casini here traces the way that imaginaries and representations of the West became bound up with the notions of modernity and national identity with which Egyptian novelists grappled from the works of Tawfiq al Hakim to those of Taha Husayn The book also explores the trope of the European woman as an embodiment of the free modern seductive West as an essential facet of Occidentalism in this formative period The second part of the book examines the ways in which later novelists from Latifa al Zayyat and Yusuf Idris to Radwa Ashur and Ahdaf Soueif subverted dominant Occidentalist themes as a way of re examining concepts of personal political and national identity The author argues that these later novelists reacted to the changing political circumstances in Egypt from Nasser's rule and the slide to authoritarianism to the 2011 Revolution to envisage different kinds of Egyptian political community with a more complicated and less binary relationship with the imagined West *Students and University in 20th Century Egyptian Politics* Haggai Erlich, 2005-07-27 First Published in 1989 Routledge is an imprint of Taylor Francis an informa company *The Egyptian Revolution of 1919* H.A. Hellyer, Robert Springborg, 2022-08-11 The 1919 Egyptian revolution was the founding event for modern Egypt's nation state So far there has been no text that looks at the causes consequences and legacies of the 1919 Egyptian Revolution This book addresses that gap with Egyptian and non Egyptian scholars discussing a range of topics that link back to that crucial event in Egyptian history Across nine chapters the book analyzes the causes and course of the 1919 revolution its impacts on subsequent political beliefs practices and institutions and its continuing legacy as a means of regime legitimation The chapters reveal that the 1919 Egyptian Revolution divided the British while uniting Egyptians However the revolutionary moment was superseded by efforts to restore Britain's influence in league with a reassertion of monarchical authority Those efforts enjoyed tactical but not long term strategic success in part because the 1919 revolution had unleashed nationalist forces that could never again be completely contained The book covers key issues surrounding the 1919 Egyptian Revolution such as the role played by Lord Allenby internal schisms within the British government struggling to cope with the revolution Muslim Christian relations and divisions among the Egyptians **Religious Politics and Secular States** Scott W. Hibbard, 2010-10-15 2011 Winner of the Charles H Levine Memorial Book Prize of the International Political Science Association This comparative analysis probes why conservative renderings of religious tradition in the United States India and Egypt remain so influential in the politics of these three ostensibly secular societies The United States Egypt and India were quintessential models of secular modernity in the 1950s and 1960s By the 1980s and 1990s conservative Islamists challenged the Egyptian government India witnessed a surge in Hindu nationalism and the Christian right in the United

States rose to dominate the Republican Party and large swaths of the public discourse Using a nuanced theoretical framework that emphasizes the interaction of religion and politics Scott W Hibbard argues that three interrelated issues led to this state of affairs First as an essential part of the construction of collective identities religion serves as a basis for social solidarity and political mobilization Second in providing a moral framework religion s traditional elements make it relevant to modern political life Third and most significant in manipulating religion for political gain political elites undermined the secular consensus of the modern state that had been in place since the end of World War II Together these factors sparked a new era of right wing religious populism in the three nations Although much has been written about the resurgence of religious politics scholars have paid less attention to the role of state actors in promoting new visions of religion and society *Religious Politics and Secular States* fills this gap by situating this trend within long standing debates over the proper role of religion in public life

Middle East Historiographies Israel Gershoni, Amy Singer, Y. Hakan Erdem, 2011-06-01 This collection of ten essays focuses on the way major schools and individuals have narrated histories of the Middle East The distinguished contributors explore the historiography of economic and intellectual history nationalism fundamentalism colonialism the media slavery and gender In doing so they engage with some of the most controversial issues of the twentieth century Middle Eastern studies today cover a rich and varied terrain yet the study of the profession itself has been relatively neglected There is however an ever present need to examine what the research has chosen to include and exclude and to become more consciously aware of shifts in research approaches and methods This collection illuminates the evolving state of the art and suggests new directions for further research

Sayyid Qutb James Toth, 2013-04-11 James Toth traces the life and thought of Sayyid Qutb the Egyptian thinker and Islamist martyr branded by The New York Times Magazine as The Philosopher of Islamic Terror By returning to Qutb s writings Toth draws a complex portrait of Qutb one that moves beyond the cartoonish descriptions of him as the evil genius lurking behind today s terrorists

The Quest for Modernity Roel Meijer, 2018-10-24 This book analyses the political ideologies of the several highly influential liberal socialist and communist thinkers groups and movements which sought to modernize Egypt after World War II Most of the representatives of these currents intended to transform Egyptian society completely through rapid industrialization land reforms and economic planning which would eliminate the peasantry rationalize the economy and create a new Egyptian citizen who would live in accordance with the spirit of the age This study explains why and how most liberal and left wing intellectuals eventually supported the authoritarian modernization programme of the July Revolution of 1952 It gives new insights into intellectual life during one of the most optimistic periods in Egyptian history a time when Egypt was at the height of its power and believed a whole new future lay before it uniting the Arab world and joining Asia and Africa in the common struggle for independence and dignity

The Challenge of Political Islam Rachel Scott, 2010-04-23 Based on Islamist writings political tracts and interviews with Islamists this book examines Muslim Christian relations in Egypt from the perspective of

Islamic conceptions of citizenship and provides non Muslim responses to those views

A History of the Modern Middle East William L. Cleveland, Martin Bunton, 2018-05-04 A History of the Modern Middle East examines the profound and often dramatic transformations of the region in the past two centuries from the Ottoman and Egyptian reforms through the challenge of Western imperialism to the impact of US foreign policies Built around a framework of political history while also carefully integrating social cultural and economic developments this expertly crafted account provides readers with the most comprehensive balanced and penetrating analysis of the modern Middle East The sixth edition has been revised to provide a thorough account of the major developments since 2012 including the tumultuous aftermath of the Arab uprisings the sectarian conflict in Iraq and civil war in Syria that led to the rise of ISIS the crises in Libya and Yemen and the United States nuclear talks with Iran With brand new timelines in each part updated select bibliographies and expanded online instructor resources A History of the Modern Middle East remains the quintessential text for courses on Middle East history

The Sanhuri Code, and the Emergence of Modern Arab Civil Law (1932 to 1949) Guy Bechor, 2007-09-30 Dr Abd al Razz q al Sanh r 1895 1971 is one of the most prominent jurists to emerge to date in the Arab world His alarm at the growing social gap in his country Egypt during the first half of the twentieth century fueled his vision of establishing moral social order by means of a new civil code Although Sanh r s chosen tool was the legal text this book argues that his vision was essentially a social one to introduce the principles of compassion solidarity and fairness alongside progress and pragmatism into polarized Egyptian society whereby property laws acquired a social function the laws of partnership were perceived as having an educational value and contract law was activated as a balance favoring the weaker members of society Accordingly this book examines the drafting of the Egyptian Civil Code exposing the hitherto unknown sociological strata of this act of legislation

Religion in the Egyptian Novel Christina Phillips, 2019-06-24 This is an in depth original survey of religion in the modern Arabic novel Tracing the relationship from the genesis of the form in the early 20th century to present Phillips provides a thematic exploration of the push and pull between religion and secularism as it played out on the pages of the Egyptian novel Through close readings of representative texts the book reveals the manifold ways in which Islam Christianity Sufism myth ritual and intertext have engaged in modern Arabic literature and culture more broadly

Nasser's Blessed Movement Joel Gordon, 1992-01-09 This book examines a key period in the formation of modern Egypt the early years of military rule following the coup of 1952 The Free Officers a secret organization of junior officers overthrew Egypt s parliamentary regime in July 1952 and over the next few years consolidated their rule brutally suppressing alternative political movements Gamal Abdel Nasser one of the young officers emerged as the leader of the military junta and launched an ambitious program for economic development making Egypt a leader in Arab African and non aligned politics as well as a model for political mobilization and national development throughout the Third World Focusing on the goals programs successes and failures of the young regime Gordon provides the most comprehensive account of the Egyptian revolution to

date Besides bringing to light newly opened American and British sources on the period Gordon's book is also informed by interviews he conducted with a number of actors and observers of the events

A History of Social Justice and Political Power in the Middle East Linda T. Darling, 2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government's justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people's political culture and expectations of government The book demonstrates the Circle's relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism

The Near East since the First World War Malcolm Yapp, 2014-10-17 This clear balanced and authoritative survey of the history of the region is now fully up to date again The text contains a general regional introduction followed by a series of country by country analyses and a section which places the Near East in the international context Professor Yapp's new edition covers recent dramatic events including the end of the Cold War the Kuwait Crisis of 1990-91 and the continuing conflict in Israel as well as assessing the huge social and economic changes in the region It will be essential reading for students and scholars concerned with modern middle eastern history and politics of the middle east

From Secularism to Jihad Adnan Musallam, 2005-10-30 The modern political idea of jihad a violent struggle against corrupt or anti Islamic regimes is essentially the brainchild of one man who turned traditional Islamic precepts inside out and created the modern radical political Islamist movement Using the evolution of Sayyid Qutb's life and writings Musallam traces and analyzes Qutb's alienation and subsequent emergence as an independent Islamist within the context of his society and the problems that it faced Radicalized following his stay in the United States in the late 1940s and during his imprisonment from 1954 to 1964 Qutb would pen controversial writings that would have a significant impact on young Islamists in Egypt for decades following his death and on global jihadist Islamists for the past quarter century Since September 11 2001 the West has dubbed Qutb the philosopher of Islamic terror and godfather ideologue of al Qaeda This is the first book to examine his life and thought in the wake of the events that ignited the War on Terrorism A secular man of letters in the 1930s and 1940s Qutb's outlook and focus on Quranic studies underwent drastic changes during World War II The Quran became a refuge for his personal needs and for answers to the ills of his society As a result he forsook literature permanently for the Islamic cause and way of life His

stay in the United States from 1948 to 1950 reinforced his deeply held belief that Islam is man's only salvation from the abyss of Godless materialism he believed to be manifest in both capitalism and communism Qutb's active opposition to the secular policies of Egyptian President Nasser led to his imprisonment from 1954 to 1964 during which his writings called for the overthrow of Jahili pagan governments and their replacement with a true and just Islamic society A later arrest and trial resulted in his execution in August 1966

Liberalism without Democracy Abdeslam M. Maghraoui, 2006-12-04 This analysis of the failure of efforts to achieve liberal reform in Egypt following its independence from Great Britain in 1922 has implications for modern day nation building efforts in the Mideast

Pluralism, Transnationalism and Culture in Asian Law Gary F Bell, 2018-02-14 This book stems from a symposium held at the Faculty of Law of the National University of Singapore in honour of the pioneer in the field of legal pluralism Professor M B Hooker It gathers essays from admirers and friends who add their own contributions on legal pluralism transnationalism and culture in Asia The book opens with an account of M B Hooker's colourful and prolific career The authors then approach legal pluralism through legal theory legal anthropology comparative law law and religion constitutional law even Islamic art thus reflecting the broad approaches of Professor Hooker's scholarship While most of the book focuses mainly on Southeast Asia it also reaches out to all of Asia up to Israel and even includes a chapter comparing Indonesia and Egypt

Arab Civilization: Challenges and Responses George N. Atiyeh, Ibrahim M. Oweiss, 1988-07-08 This book discusses Arab history law philosophy politics and literature analyzing the challenges and responses aroused by the interaction between Western culture and the ancient and modern Arab cultures It offers a wealth of information on the forces that have shaped Arab civilization and on several of the major figures who have contributed to its development Some of the outstanding contributions include a comprehensive study of Dr Zurayk as the advocate of rationalism in modern Arab thought by Hani A Faris a sober but challenging look at the use of Islamic history in our time by Muhsin Mahdi an analysis of the expression of historicity in the Koran by Jacques Berque an explanation of the concept of equity in Islamic law by Majid Khadduri and the revelation of a Mamluk Magna Carta by Aziz Sourial Atiya

Transmitting Jewish Traditions Yaakov Elman, I. Gershoni, 2000-01-01 This book examines the impact of changing modes of cultural transmission on Jewish and Western cultures over the past two thousand years The contributors to the volume survey some of the ways conscious and subconscious in which cultural elements are selected shaped and transmitted and some of the ways they in turn shape the future of their cultures Focusing on a range of Jewish cultures from late antiquity the Middle Ages and the modern period the authors consider both the transformation of traditions in their travels from one contemporaneous cultural context to another and their transformation within a single culture overtime Some of the studies in the book deal with the transition from mixed oral written cultures to ones in which written print is nearly exclusive Other chapters deal with the processes of transmission such as anthologizing translating teaching and sermonizing By contextualizing Jewish culture within Western culture and including a comparative perspective the book

makes an important contribution to Judaic studies as well as to other areas of the humanities concerned with questions of textuality and culture
