## **Ecology Of Everyday Life Rethinking The Desire Of Nature:**

**Ecology of Everyday Life** Chaia Heller, 1999 Ecology of Everyday Life examines the ecological impulse as a desire for nature a desire that emerges as people within industrial capitalist contexts respond to the personal and aesthetic rather than the physical and political implications of ecological breakdown While exploring the historical causes of this romantic desire for nature Heller also offers a way to reconstruct ideas of both nature and desire drawing from feminist anarchist and social ecological theory She provides an activist response to ecological questions arguing that the ecology movement too often links ecological problems to personal psychological and spiritual concerns rather than to concerns of social justice Yet rather than dismiss such personal and qualitative concerns Heller links the desire for a more meaningful and integral quality of life to the activist impulse itself Questioning assumptions about nature desire and the ecological agenda the author encourages readers to consider new ways of desiring nature that entail changes not only in personal life style and outlook but changes in social institutions as well Chaia Heller holds a MA in psychology and has worked for many years as a clinical social worker counselling and advocating for women struggling with issues of domestic abuse and poverty In addition she has had a long career as a teacher and international lecturer in the fields of social ecology and ecofeminism and is currently on the faculty at the Institute for Social Ecology She also teaches at the University of Massachusetts where she is pursuing a PhD

William Wordsworth and the Ecology of Authorship Scott Hess, 2012-04-12 In William Wordsworth and the Ecology of Authorship Scott Hess explores Wordsworth's defining role in establishing what he designates as the ecology of authorship a primarily middle class nineteenth century conception of nature associated with aesthetics high culture individualism and nation Instead of viewing Wordsworth as an early ecologist Hess places him within a context that is largely cultural and aesthetic The supposedly universal Wordsworthian vision of nature Hess argues was in this sense specifically male middle class professional and culturally elite factors that continue to shape the environmental movement today *Ecofeminism: Feminist Intersections with Other Animals and the Earth* Carol J. Adams, Lori Gruen, 2014-07-31 Leading feminist scholars and activists as well as new voices introduce and explore themes central to contemporary ecofeminism Ecofeminism Feminist Intersections with Other Animals and the Earth first offers an historical grounding overview that situates ecofeminist theory and activism and provides a timeline for important publications and events This is followed by contributions from leading theorists and activists on how our emotions and embodiment can and must inform our relationships with the more than human world In the final section the contributors explore the complexities of appreciating difference and the possibilities of living less violently Throughout the book the authors engage with intersections of gender and gender non conformity race sexuality disability and species The result is a new up to date resource for students and teachers of animal studies environmental studies feminist gender studies and practical ethics **Towards Anti-policing** Simon Springer, Richard J. beyond the Thin Blue Line raises critical questions about whether policing is needed at all and what underlying purpose it actually serves In this post pandemic era where the grip of authoritarianism has only tightened Towards Anti policing positions radical grassroots activism as a first line of critical defiance against the Fear Terror Paradigm of policing logics and the pervasive brutality that this form of community control represents *Critical Ecofeminism* Greta Gaard,2017-06-16 Australian feminist philosopher Val Plumwood coined the term critical ecofeminism to situate humans in ecological terms and non humans in ethical terms for the two tasks are interconnected and cannot be addressed properly in isolation from each other Various using the terms critical ecological feminism critical anti dualist ecological feminism and critical ecofeminism Plumwood s work developed amid a range of perspectives describing feminist intersections with ecopolitical issues i e toxic production and toxic wastes indigenous sovereignty global economic justice species justice colonialism and dominant masculinity Well over a decade before the emergence of posthumanist theory and the new materialisms Plumwood s critical ecofeminist framework articulates an implicit posthumanism and respect for the animacy of all earthothers exposing the linkages among diverse forms of oppression and providing a theoretical basis for further activist coalitions and interdisciplinary scholarship Had Plumwood lived another ten years she might have described her work as Anthropocene Ecofeminism Critical Material Ecofeminism Posthumanist Anticolonial Ecofeminism all of these inflections are present in her work Here Critical Ecofeminism advances upon Plumwood s intellectual activist and scholarly work by exploring its implications for a range of contemporary perspectives and issues critical animal studies plant studies sustainability studies environmental justice climate change and climate justice masculinities and sexualities With the insights available through a critical ecofeminism these diverse eco justice perspectives become more robust *The American Adrenaline Narrative* Kristin J. Jacobson,2020-06-01 The American Adrenaline Narrative considers the nature of perilous outdoor adventure tales their gendered biases and how they simultaneously promote and hinder ecological sustainability To explore these themes Kristin J Jacobson defines and compares adrenaline narratives by a range of American authors published after the first Earth Day in 1970 a time frame selected as a watershed moment for the contemporary American environmental movement The forty plus years since that day also mark the rise in the popularity and marketing of many things as extreme including sports jobs travel beverages gum makeovers laundry detergent and even the environmental movement itself Jacobson maps the American eco imagination via adrenaline narratives grounding them in the traditional literary practice of close reading analysis and in ecofeminism She surveys a range of popular and lesser known primary texts by American authors including best selling books such as Jon Krakauer s Into Thin Air and Aron Ralston s Between a Rock and a Hard Place and lesser known texts such as Patricia C McCairen s Canyon Solitude Eddy L Harris s Mississippi Solo and Stacy Allison s Beyond the Limits She also discusses such narratives as they appear in print and online articles and magazines feature length and short films television shows amateur videos social networking site posts fiction advertising and blogs Jacobson contends that these

stories constitute a distinctive genre because unlike traditional nature travel and sports writing adrenaline narratives sustain heightened risk or the element of the extreme within a natural setting Additionally these narratives provide important insight into the American environmental imagination s connection to masculinity and adventure knowledge that helps us grasp the current climate crisis and how narrative understanding provides a needed intervention *Men, Masculinities, and Earth*

 IV ARRIVALS 8 Practices of Place Nature and Heterotopia Beyond the New Age     The New Food Activism Alison  
 Alkon, Julie Guthman, 2017-06-27 New and exciting forms of food activism are emerging as supporters of sustainable  
 agriculture increasingly recognize the need for a broader more strategic and more politicized food politics that engages with  
 questions of social racial and economic justice This book highlights examples of campaigns to restrict industrial agriculture s  
 use of pesticides and other harmful technologies struggles to improve the pay and conditions of workers throughout the food  
 system and alternative projects that seek to de emphasize notions of individualism and private ownership Grounded in over a  
 decade of scholarly critique of food activism this volume seeks to answer the question of what next inspiring scholars  
 students and activists toward collective cooperative and oppositional struggles for change Provided by publisher     Queer  
 Futures Elahe Haschemi Yekani, Eveline Kilian, Beatrice Michaelis, 2016-04-15 Following debates surrounding the anti social  
 turn in queer theory in recent years there has been a renewed interest in the role of activism the limits of the political and  
 the question of normativity and ethics Queer Futures engages with these concerns exploring issues of complicity and agency  
 with a central focus on the material and economic as well as philosophical dimensions of sexual politics Presenting some of  
 the latest research in queer theory this book draws together diverse perspectives to shed light on possible queer futures  
 when different affective temporal and local contexts are brought into play As such it will appeal to scholars of cultural  
 political literary and social theory as well as those with interests in gender and sexuality activism and queer theory
