POLICY-MAKING, 1970-83**  
**MARK WICKHAM-JONES**

# Economic Strategy Labour Party Hc

**Stephen Glaister**

## **Economic Strategy Labour Party Hc:**

The Labour Party and the Planned Economy, 1931-1951 Richard Toye, 2003 An exploration of Labour's 1931 pledge to create a planned socialist economy and the reasons for its failure to do so In the general election of 1931 the Labour Party campaigned on the slogan Plan or Perish The party's pledge to create a planned socialist economy was a novelty and marked the rejection of the gradualist evolutionary socialism to which Labour had adhered under the leadership of Ramsay MacDonald Although heavily defeated in that election Labour stuck to its commitment The Attlee government came to power in 1945 determined to plan comprehensively Yet the aspiration to create a fully planned economy was not met This book explores the origins and evolution of the promise in order to explain why it was not fulfilled RICHARD TOYE lectures in history at Homerton College Cambridge

**The Labour Party in Opposition, 1970-1974** Patrick Bell, 2004 This book shows how the Labour Party responded to electoral defeat in 1970 and to what extent its political and policy activity in opposition was directed to the recovery of power at the following general election *Labour's Economic Policies 1974-1979*

Michael J. Artis, 1991 **A neoliberal revolution?** Hugh Pemberton, James Freeman, Aled Davies, 2024-07-09 This book examines the Thatcher government's attempt to revolutionise Britain's pensions system in the 1980s and create a nation of risk taking savers with an individual stake in capitalism Drawing upon recently released archival records it shows how the ideas motivating these reforms journeyed from the writings of neoliberal intellectuals into government and became the centrepiece of a plan to abolish significant parts of the UK's welfare state and replace these with privatised personal pensions Revealing a government that veered between political caution and radicalism the book explains why this revolution failed and charts the malign legacy left by the evolutionary changes that ministers salvaged from the wreckage of their reforms The book contributes to understanding of policy change Thatcherism and international neoliberalism by showing how major reforms to social security could reflect neoliberal thought and yet profoundly disappoint their architects

*Cognitive Rhetoric* Sam Browse, 2018-10-15 This book sets out a framework for investigating audience responses to political discourse It starts from the premise that audiences are active participants who bring their own background knowledge and political standpoint to the communicative event To operationalise this perspective the volume draws on concepts from classical rhetoric alongside contemporary research in cognitive stylistics and cognitive linguistics including schema theory Text World Theory Cognitive Grammar and mind modelling amongst others It examines the role played by the speaker's identity the arguments they make and the emotions of the audience in the often critical reception of political text and talk using a diversity of examples to illustrate this three dimensional approach from political speeches interviews and newspaper articles to more creative text types such as politicised rap music television satire and filmic drama The result of this wide ranging application is a holistic and systematic account of the rhetorical and ideological effects of political discourse in reception **The British left and the defence economy** Keith Mc Loughlin, 2022-03-29 Forty years before

COVID 19 socialists in Britain campaigned for workers to have the right to make socially useful products from hospital equipment to sustain the NHS to affordable heating systems for the impoverished elderly This movement held one thing responsible above all else for the nation s problems the burden of defence spending In the middle of the Cold War the left put a direct challenge to the defence industry the Labour government and trade unions The response it received revealed much about a military industrial state that prioritised the making and exporting of arms for political favour and profit Looking at peace activism from the early 1970s to Labour s landslide defeat in the 1983 general election this book examines the conflict over the cost of Britain s commitment to the Cold War and asserts that the wider left presented a comprehensive and implementable alternative to the stark choice between making weapons and joining the dole queue The London Underground Public Private Partnership 1997-2010 Stephen Glaister,2025-01-09 This book provides an inside account of the intense battle between London Mayor Ken Livingstone Chancellor Gordon Brown and Prime Minister Tony Blair over control of the London Underground and the failed implementation of the UK s largest Private Finance Initiative and Public Private Partnership deal Despite spending over 450 million on consultancy and five years of government effort the project collapsed after just seven of its intended 30 years Using documents released under confidentiality the book details New Labour s persistence even as the plan fell apart under scrutiny It reveals personal struggles political spin and character assassinations while analysing technical issues and expert predictions of failure The book offers lessons on large scale public service procurement comparing private and public ownership efficient borrowing consultant use and the importance of scrutiny and accountability *Parties, Elections, and Policy Reforms in Western Europe* Kerstin Hamann,John Kelly,2010-08-30 This book provides a comparative assessment of social pacts between governments labor unions and employer organizations in Western Europe Using a dataset covering 16 European countries as well as eight in depth country case studies the authors argue that governments choice of social pacts or legislation is less influenced by economic problems but is strongly influenced by electoral competition **The Labour Party in Crisis** Paul Whiteley,2018-12-07 First published in 1983 This study draws upon empirical findings on party activists members and voters It examines the origins and nature of Labour s crisis in the 1980s showing how the split leading to the formation of the SDP was merely a manifestation of deeply rooted problems which went back many years It argues that this crisis had three distinct but interrelated aspects first the ideological schism within the party which had grown in intensity over time second the electoral crisis which produced the worst electoral performance at the 1983 general election since 1918 and third the membership crisis arising from the fact that the party had been losing more than 11 000 individual members per year on average since 1945 Using elite and mass surveys the book demonstrates the link between these crises and Labour s policy performance in office set against a background of rapid economic decline The Treasury and Social Policy N. Deakin,R. Parry,2000-01-28 What is the power of the Treasury in controlling the policies and development of the welfare state Drawing on in depth interviews with officials of the Treasury and the spending

departments this book traces the developing role of the Treasury in setting social policy especially under Gordon Brown's chancellorship

## Decoding **Economic Strategy Labour Party Hc**: Revealing the Captivating Potential of Verbal Expression
