Economic & Social Statistics, Singapore, 1960-1982 Singapore. Department of Statistics, 1983 The Economic Growth of Singapore W. G. Huff, 1997-08-13 This book provides a comprehensive overview of the economic development of Singapore easily the leading commercial and financial centre in Southeast Asia throughout the twentieth century This development has been based on a strategic location at the crossroads of Asia a free trade economy and a dynamic entrepreneurial tradition Initial twentieth century economic success was linked to a group of legendary Chinese entrepreneurs but by mid century independent Singapore looked to multinational enterprise to deliver economic growth Nonetheless exports of manufactures accounted for only part of Singaporean expansion and by the 1980s Singapore was a major international financial centre and leading world exporter of commercial services Throughout this study Dr Huff assesses the interaction of government policy and market forces and places the transformation of the Singaporean economy in the context of both development theory and experience elsewhere in East Asia **Economic growth and development in Singapore** Peter Wilson, 2002 In this book Gavin Peebles and Peter Wilson offer an historical overview of the rapid growth and development of the Singapore economy detailing the institutions and policies which have made this growth possible They examine the current state of the economy and its future in terms of prospective growth and structural change Economic Growth of Singapore in the Twentieth Century Ichir? Sugimoto, 2011 Research on Singapore's economic history has been complicated by the absence of economic data on pre independence Singapore This book sheds light on two key aspects of Singapore's economic history namely the relationship between economic instability and growth as well as the government's fiscal policy towards economic growth

Industrialization Garry Rodan, 2016-02-03 A study which challenges the dominant understanding of Singapore as a case where correct policies have made rapid industrialization possible and which raises questions about the possibility and appropriateness of its emulation *Asian Business Networks* Gary G. Hamilton, 1996 The economies of East and Southeast Asia continue to exhibit the world's fastest growth rates This rapid expansion is served by the various business networks that dominate the economic landscape Few scholars have examined these networks and fewer yet have compared and contrasted

the striking regional differences found among them The studies in this volume are among the first to offer a comparative viewpoint The contributing authors are specialists from Asia and the United States who examine business networks in Japan South Korea and the Chinese dominated economies of Taiwan Hong Kong and Singapore An interdisciplinary approach is adopted the economic issues are considered in their sociological organizational and political contexts *Women in the Age of Economic Transformation* Nahid Aslanbeigui, Steven Pressman, Gale Summerfield, 2005-08-04 Changes are sweeping the world economy and are most apparent in post socialist Europe and in the developing world This volume examines the impact these changes are having on women The authors discuss the evidence of gender bias and reach some telling if unsurprising conclusions Regardless of the country involved the findings point to consistent female disadvantage in the transformation process Corruption and governance in Asia J. Kidd, F. Richter, 2002-11-14 This book delves into the nature of governance in Asia both at government and corporate level It reviews the history and suggests potential solutions for years of underperformance due to the corrupt practices that have developed because of a poor understanding of corporate governance The authors are experts in practices in Asia and their views are expressed in a sympathetic manner at no time insisting that a western model of governance is correct Instead the authors advise local models appropriate to the state of development and suggest that individual countries institute behavioural models that will mature as nations quickly develop in an increasingly global world East Asian Welfare Regimes in Transition Alan Walker, Chack-kie Wong, 2005-03-30 This text puts the spotlight on the Chinese and South East Asian welfare systems providing an up to date assessment of their character and development In particular it examines the underlying assumptions of these systems and how the processes of globalisation are impacting on them **Singapore Malay/Muslim Community, 1819-2015** Hussin Mutalib, Rokiah Mentol, Sundusia Rosdi, 2016-06-29 Singapore's Malay Muslim community constituting about 15 per cent of the total population and constitutionally enshrined as the indigenous people of Singapore have had its fair share of progress and problems in the history of this country While different aspects of the vicissitudes of life of the community have been written over the years there has not been a singularly substantive published compendium specifically about the community in the form of a Bibliography available This academic initiative fills this obvious literature gap The scope and coverage of this Bibliography is manifestly comprehensive encompassing the different sources of information print or non print about the many facets of life of the Republic's Malays Muslims such as education economy politics culture history health language religion arts and more The result is a Bibliography that is arguably the most expansive if not exhaustive treasury collection about the community ever available anywhere Scholars and researchers in particular and the public in general should find this Bibliography a highly valuable indispensable source of information about the rich and varied life of Singapore's Malay Muslim community stretching a period of two centuries from the time of Stamford Raffles in 1819 until today The Editors Hussin Mutalib Ph D a senior academic with the National University of Singapore Rokiah Mentol and Sundusia Rosdi former

senior librarians with Singapore's National Library Board are assisted by professional and experienced librarians
