**On the Political Economy of Market Socialism** James A. Yunker, 2018-05-08 This title was first published in 2001 Spanning a quarter of a century this collection makes conveniently accessible 14 of Yunker's thorough and highly illuminating contributions to the literature on market socialism

**The Political Economy of Socialism** Branko Horvat, 1982-01 *Transition and Economics* Gérard Roland, 2000 The transition from socialism to capitalism in former socialist economies has transformed the economic structure This book provides an overview of research on the issues raised by the shift from collective to private ownership

*The Socialist System* Janos Kornai, 1992-05-28 This book provides a comprehensive account of the structure conduct and performance of the centrally planned economies of Eastern Europe the USSR Communist China and the Marxist LDCs looking at 26 nations in all The author focuses on reform perhaps the most important issue facing countries such as the USSR Poland Hungary and China Bureaucracy soft budget constraints markets and the nature of the socialist state are the central issues that arise in the course of reforming a socialist economy The first half of the book deals with classical socialism and provides a theoretical summary of the main features of a now closed period of history The second half deals with the processes of reform and concludes that the reform of classical socialist systems is doomed to failure as they are unable to renew themselves internally

**Political Economy and Soviet Socialism (Routledge Revivals)** Alec Nove, 2013-02-01 First published in 1979 Political Economy and Soviet Socialism is an integrated selection of papers written over the past 12 years of Russian history which offers a unique insight into some important and controversial issues Professor Nove discusses the ideas of some of the leaders of the Russian revolution Lenin Trotsky and Bukharin the political economy of socialism and the problems of the contemporary USSR The author addresses the role of traditional Russian ideas in shaping the Soviet Union's social structure and the conceptual problems involved in defining its ruling stratum whether or not it is a class He also considers the criteria by which it is reasonable to judge Soviet reality the performance and prospects of agriculture in communist ruled Europe the ability of the Eastern bloc to tackle problems of

inflation and the obstacles to economic reform Looking at the important and original developments of economic thought in the USSR and Eastern Europe Professor Nove dissects the ideas of the new leftists concerning the role of market forces under a feasible socialism These papers offer essential reading for students of politics economics and comparative social structure

*The Economics of Socialism* H. M. Hyndman, 2015-06-16 Excerpt from *The Economics of Socialism Being a Series of Seven Lectures on Political Economy* The first six lectures in this book were delivered at the Central Hall of the Social Democratic Federation in 1893 and again in 1894 I have very often been pressed to publish them by Socialists and non Socialists alike but until lately I could not give the time and attention needed for their careful revision I now issue the lectures in their present form in the hope that I shall thus furnish the rapidly increasing number of students of sociology with a concise and readable statement of the main theories of the scientific school of political economy founded by Karl Marx and Friedrich Engels I have done my best to make the lectures clear and easily intelligible even to those who have not previously studied political economy Lecture IV is the hardest of the series but I do not think it contains any passage which will baffle the comprehension of the careful reader In that Lecture as well as in Lecture VI I have drawn upon the second and third volumes of the Capital not yet translated from the German where it seemed to me advisable to do so About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**The Political Economy of Soviet Socialism: the Formative Years, 1918-1928** Peter J. Boettke, 2013-03-14 This book presents a narrative of one of the more interesting utopian experiments in comparative political and economic history the first decade of the Soviet experience with socialism 1918 1928 Though historical and textual analysis the book s goal is to render this experience intelligible to get at the meaning of the Soviet experience with socialism for comparative political economy today The book examines the texts of Lenin Bukharin and other revolutionaries as well as the interpretations of contemporary historians of the revolution and the writings of more recent interpreters of Soviet political and economic history Arguing that the first three years of the Bolshevik regime 1918 1921 constitute an attempt to carry out the Marxian ideal of comprehensive central planning and that the disastrous results which all commentators agree occurred were the inevitable outcome of this Marxian ideal coming into conflict with the economic reality of the coordination problem that all economic systems face the book draws clear conclusions and elucidates the air of mystery that often surrounds the subject Offering a radical challenge to contemporary comparative political economy at the level of high theory applied research and public policy this book is appropriate for students and scholars interested in Marxism economic history political economy and

Austrian economics      **The Political Economy of Cooperatives and Socialism** Bruno Jossa, 2019-10-10 This book argues that capitalism cannot be said to be truly democratic and that a system of producer cooperatives or democratically managed enterprises is needed to give rise to a new mode of production which is genuinely socialist and fully consistent with the ultimate rationale underlying Marx's theoretical approach. The proposition that firms should be run by the workers on their own was endorsed by John Dewey, the greatest social thinker of the twentieth century, but is also shared by Marxists such as Anton Pannekoek, Karl Korsch, Angelo Tasca, Antonio Gramsci, and Richard Wolff. This book explores the history of this argument, taking in concepts from economic and political thought including historical materialism, cooperation, utopianism, and economic democracy. The book will be of significant interest to scholars and students of political economy, Marxism, socialism, history of economic thought, and political theory.

International Political Economy and Socialism Marie Lavigne, 1991-03-14 This book, first published in 1991, is a revised and updated version of Professor Marie Lavigne's best seller *Economie Internationale des Pays Socialistes*.

Between Capitalism and Socialism Robert L. Heilbroner, 1970 A collection of essays on three topics: the contemporary changes in both economic systems, especially those changes driven by technology; economic theory and its place in the political context; several evaluations of interpreters of our times such as A. A. Berle and J. K. Galbraith, with a concluding essay about the greatest challenge: ecological disaster.

**Transition and Economics** Gérard Roland, 2000 This book provides an overview of current research analyzing issues raised by transition for which economic theorists and policy makers had no ready answers.

A Theory of Socialism and Capitalism Hans-Hermann Hoppe, 1989
