Innovations in Economic Education addresses the growing issue of financial illiteracy by showing how economics can be successfully integrated into classrooms from kindergarten through higher education. Pre-service teachers, experienced educators, curriculum leaders, parents, and school administrators will find practical ideas to improve economic understanding. At the elementary level, the book provides creative ways of introducing young students to the basic concepts of economics, financial justice, and social action. For higher grade levels, the book offers ideas to integrate economics into current history, civics, and math curricula. The final portion of the book features recommendations by leading economic educators on how economics can play a greater role in teachers' professional development. The pedagogical tools presented in each chapter include lesson plans and practical insights and are designed to meet the NCSS C3 Framework and Common Core State Standards for Social Studies. This book is a timely and valuable resource for all educators interested in improving their students' economic literacy and financial decision making. Student Handbook to Economics Jane S. Lopus, 2013. Discusses globalization and addresses economic development, trade, and comparative advantage, trade barriers, exchange rates, the balance of payments, and major international organizations today such as the U.N., IMF, and the World Bank.

International Handbook of Financial Literacy Carmela Aprea, Eveline Wuttke, Klaus Breuer, Noi Keng Koh, Peter Davies, Bettina Greimel-Fuhrmann, Jane S. Lopus, 2016-03-24. This Handbook presents in-depth research conducted on a myriad of issues within the field of financial literacy. Split into six sections, it starts by presenting prevalent conceptions of financial literacy, before covering financial literacy in the policy context, the state and development of financial literacy within different countries, issues of assessment and evaluation of financial literacy, approaches to teaching financial literacy, and teacher training and teacher education in financial literacy. In doing so, it provides precise definitions of the construct of financial literacy and elaborates on the state and recent developments of financial literacy around the world to show ways of measuring and fostering financial literacy and to give hints towards necessary and successful teacher trainings. The book also embraces the diversity in the field by revealing contrasting and conflicting views that cannot be bridged while at the same time making a contribution by rejoining existing materials in one volume which can be used in academic discourse, in research workshops, in university lectures, and in the definition of program initiatives within the wider field of financial literacy. It allows for a landscape of financial literacy to be depicted which would foster the implementation of learning opportunities for human beings for sake of well-being within financial living conditions. The Handbook is useful to academics and students of the topic, professionals in the sector of investment and banking, and for every person responsible for managing his or her financial affairs in everyday life. Economics in Action Jane S. Lopus, Amy M. Willis, National Council on Economic Education, 2003.
