Shirley,2005-10-27 New Institutional Economics NIE has skyrocketed in scope and influence over the last three decades This first Handbook of NIE provides a unique and timely overview of recent developments and broad orientations Contributions analyse the domain and perspectives of NIE sections on legal institutions political institutions transaction cost economics

governance contracting institutional change and more capture NIE's interdisciplinary nature This Handbook will be of interest to economists political scientists legal scholars management specialists sociologists and others wishing to learn more about this important subject and gain insight into progress made by institutionalists from other disciplines This compendium of analyses by some of the foremost NIE specialists including Ronald Coase Douglass North Elinor Ostrom and Oliver Williamson gives students and new researchers an introduction to the topic and offers established scholars a reference book for their research

**Procreation and Population in Historical Social Science** Daniela Danna, 2021-08-03 The book sees procreation the forgotten basis of population dynamics and its macrohistorical results through the lenses of world system analysis in a nondogmatic way This interdisciplinary book sheds light on the historical paths leading to the current unprecedented numbers of humans on the globe fuelled by the capitalist demand for labor and mediated by the role of women in society Procreation and Population is a critical text opposing the current disciplinary fences that demonstrably hinder our comprehension of social phenomena Attentive to gender relations the book boldly tracks the big picture of population dynamics and its most reliable theories in times of postmodernist taboos on generalizations and on the search for the historical laws of human society

**OECD-FAO Agricultural Outlook 2003** OECD, 2003-07-18 The ninth edition of the OECD Agricultural Outlook analyses how global and domestic forces are shaping agricultural markets over the medium term

**Southeast Asian Development** Andrew McGregor, 2008-03-03 Southeast Asia has long fascinated development practitioners and researchers for being one of the few regions of the world that has resisted global trends to become a successful developing region Divided into accessible thematic chapters this book adopts a unique perspective of equitable development to outline the strengths and weaknesses of the transformations taking place in the Southeast Asian region Focusing on four key themes equality and inequality political freedom and opportunity empowerment and participation and environmental sustainability these concepts are used to explore Southeast Asian development and trace the impacts that the growing popularity of market led and grassroots approaches are having upon economic political and social processes Whilst the diversity of the region is emphasized so are some of the homogenizing trends such as the concentration of wealth and services in urban areas and the subsequent migration of rural people into urban factories and squatter settlements The ongoing commercialization and industrialization of rural agriculture as well as the expansion of non farm income earning opportunities in rural spaces and the alarming rates of environmental degradation which threaten health and livelihoods are also exposed In highlighting how Southeast Asian development is unevenly distributing wealth opportunities and risks throughout the region this book emphasizes the need for creative new approaches to ensure that benefits of development are equitably enjoyed by all Including illustrations case studies and further reading this book provides an accessible up to date introductory text for students and researchers interested in Southeast Asian development development studies Asian studies and geography

**Economic Woman** Frances Raday, 2019-05-14 The author introduces the concept of economic woman and

makes her visible in duality with and opposition to the exclusive model of economic man Economic man has epitomized neo liberal capitalism which embraces competition and maximization of profit resulting in a steep increase in economic inequality The book demonstrates that women s inequality is a crucial factor in economic inequality which cannot be fully understood without relating to women s situation and that economic woman cannot thrive in the conditions of economic inequality created under global neo liberalism Emphasising the international human rights guarantees of women s right to equality in all fields of life the author documents woman s increased participation in political public financial and corporate institutions employment and entrepreneurship with some women reaching high profile positions Nevertheless using global data she reveals that economic woman lags behind with a severe economic power deficit an unfulfilled promise of equal employment opportunity a gendered impact of poverty and barriers to gender equality in the family The book analyses the trap of women s increased burden of breadwinning in the context of discriminatory laws and practices infrastructural failures and policy gaps which preempt achievement of gender equality in economic life The book is intended for the general reader academics students policy makers and NGOs It shows economic woman at a global crossroads between a universal paradigm of gender equality and pervasive barriers to equal economic opportunity The author demonstrates that tackling gender inequality restoring welfare priorities and reducing economic inequality are inextricably linked Human rights and governments have a vital role to play in addressing them all to create a sustainable economic infrastructure for the lives of women and men
