Morrison, 2020-05-14 Almost as soon as club culture took hold during the UK s Second Summer of Love in 1988 its sociopolitical impact became clear with journalists filmmakers and authors all keen to use this cultural context as source material for their texts This book uses that electronic music subculture as a route into an analysis of these principally literary representations of a music culture why such secondary artefacts appear and what function they serve The book conceives of a new literary genre to accommodate these stories born of the dancefloor dancefloor driven literature Using interviews with Irvine Welsh author of Trainspotting 1994 alongside other dancefloor driven authors Nicholas Blincoe and Jeff Noon as case studies the book analyzes three

separate ways writers draw on electronic dance music in their fictions interrogating that very particular intermedial intersection between the sonic and the linguistic It explores how such authors write about something so subterranean as the nightclub scene and analyses what specific literary techniques they deploy to write lucidly and fluidly about the metronomic beat of electronic music and the chemical accelerant that further alters that relationship A Cognitive Approach to John Donne's Songs and Sonnets M. Winkleman, 2013-04-03 Investigations into how the brain actually works have led to remarkable discoveries and these findings carry profound implications for interpreting literature This study applies recent breakthroughs from neuroscience and evolutionary psychology in order to deepen our understanding of John Donne's Songs The Second Summer of Love Alon Shulman, 2019-05-02 The definitive look at dance music and club culture a must read Paul Oakenfold Brilliantly woven collection of aural histories a damn fine read DI MAG In 1987 four friends from London Paul Oakenfold Danny Rampling Nicky Holloway and Johnny Walker took a week long holiday to Ibiza What they saw there and brought back home would give rise to a new global music and counterculture movement As the eighties drew to their close with Thatcherism holding the nation tight in its grip something funny was happening right across the jungle of Britain's nightlife scene People were dressing down not up to go to clubs And they were dancing right through the night armed seemingly with only bottles of water Ecstasy and acid house music had arrived on British shores and a tribal battle between for the moral future of the nation between the youth and the establishment had begun In The Second Summer of Love author and dance music promoter Alon Shulman uses exclusive contributions from the world's biggest DIs including Paul Oakenfold Carl Cox Fatboy Slim Moby Faithless Mr C Farley Heller Danny Rampling and many others to faithfully recreate the story of the summers of 1988 and 1989 and chart the birth and rise of Acid House dance music and club culture right through to the modern day where dance music has become a culturally dominant global industry Complete with stunning unseen photographs this is the first authentic account of what really happened in that glorious period from the politics and the people to the music the drugs the fashion and the culture told by people who were there as they bring to life the creation of an underground scene which inadvertently altered the course of modern global youth culture forever It s as if house music and rave culture tapped into this ancient predilection of humans to stay up all night dancing and staring into the fire and just supercharged it with electricity and MDMA Moby What I was experiencing was right in front of my eyes it was happening right now and I loved it Carl Cox It opened my eyes and ears to a different spirit in music Fatboy Slim Wildest **Dreams** Richard Rudgley, 2014-08-31 This is a drug anthology with a difference Whilst the usual suspects are here Huxley Burroughs Hunter S Thompson and Irvine Welsh among them there are many surprise inclusions such as film stars like Errol Flynn who fancied himself as the new De Quincey and Cary Grant who simply fancied LSD Smashing the myth that drug culture all began in the sixties Rudgley provides a smorgasbord with dishes from the first century AD onwards and from drug cultures across the globe from Thailand to Haiti Throughout history drugs have inspired love and fear in almost equal

proportions no account of these substances can be called complete that seeks only to curse or praise them This anthology is a microcosm that seeks to reflect the diverse worlds that come into being through the interplay of drugs and their users There are individual sections for the most prominent drugs cannabis the narcotics LSD as well as chapters for the lesser known substances such as nutmeg and henbane As such Wildest Dreams attempts to represent the complex history of human interactions with psychoactive drugs in all its diversity
