Edwina Currie Diaries 1987 1992

Edwina Currie

Edwina Currie Diaries 1987 1992:

Edwina Currie Edwina Currie,2012-09-18 After Margaret Thatcher Edwina Currie was the second most prominent woman in British politics during the 1980s Indeed she was often spoken of as a potential Prime Minister Her outspokenness and her lively media friendly personality won her a much higher profile than her status as a junior minister would otherwise have commanded When she was forced to resign from the government after warning of the danger signs of salmonella infection in eggs she was already a national figure Revealing her four year affair with former Prime Minister John Major Edwina s diaries caused a media sensation A decade on and now with previously unpublished material the diaries still provide a remarkable insight into politics at the top by a writer with an observant eye and a sharp sense of humour Edwina Currie s honesty her frankness and her courage make these unexpurgated diaries an irresistible read **Edwina Currie**

Diaries Edwina Currie,2002-10 **Edwina Currie** Edwina Currie,2012-09-18 Never far from centre stage Edwina Currie falls comfortably into that category of celebrity you simply cannot ignore Her first published diaries explosively revealed an affair with former Prime Minister John Major This second volume which begins in 1992 with her refusal to serve in Major s government is no less revelatory about her colleagues encounters with others in the public eye and of course her extraordinary career Honest compulsive and of the moment this collection covers her life in Parliament up to the election of Blair s Labour government but more importantly sees Edwina s emergence as a mainstay in the public imagination first as a bestselling author then as a commentator broadcaster presenter and performer Shot through with her trademark effervescence and sense of fun this volume of diaries documents one of the biggest characters in British public life at her saucy scathing best Diaries 1987-1992 Edwina Currie,2002 What if 75 per cent of what we now call depression is actually unresolved grief What if anger is actually an untapped energy source for creativity What if obsessive worry is actually restrained passion Clinical psychologist Dr Gail Feldman casts tragedy in a new light as she presents grief as a catalyst for creativity Portraits of a wide range of historical figures including the biblical Job van Gogh Gandhi and Michelangelo plus clinical case studies illustrate how pain and depression can be transformed into powerful expressions of the self The author s work in this field provides a map for finding possibilities and creativity among the ruins of personal loss and sudden life change *Consuming History* Jerome de Groot,2016-02-08 Consuming History examines how history works in contemporary popular culture Analysing a wide range of cultural entities from computer games to daytime television it investigates the ways in which society consumes history and how a reading of this consumption can help us understand popular culture and issues of representation In this second edition Jerome de Groot probes how museums have responded to the heritage debate and how new technologies from online game playing to internet genealogy have brought about a shift in access to history discussing the often conflicted relationship between public and academic history and raising important questions about the theory and practice of history as a discipline Fully revised throughout with up to date examples from sources such as Wolf

Hall Game of Thrones and 12 Years a Slave this edition also includes new sections on the historical novel gaming social media and genealogy It considers new ground breaking texts and media such as YouTube in addition to entities and practices such as re enactment that have been underrepresented in historical discussion thus far Engaging with a broad spectrum of source material and comparing the experiences of the UK the USA France and Germany as well as exploring more global trends Consuming History offers an essential path through the debates for readers interested in history cultural studies and the media

No Such Thing as Society Andy McSmith,2010-09-16 The 1980s was the revolutionary decade of the twentieth century To look back in 1990 at the Britain of ten years earlier was to look into another country The changes were not superficial like the revolution in fashion and music that enlivened the 1960s nor were they quite as unsettling and joyless as the troubles of the 1970s And yet they were irreversible By the end of the decade society as a whole was wealthier money was easier to borrow there was less social upheaval less uncertainty about the future Perhaps the greatest transformation of the decade was that by 1990 the British lived in a new ideological universe where the defining conflict of the twentieth century between capitalism and socialism was over Thatcherism took the politics out of politics and created vast differences between rich and poor but no expectation that the existence of such gross inequalities was a problem that society or government could solve because as Mrs Thatcher said There is no such thing as society people must look to themselves first From the Falklands war and the miners strike to Bobby Sands and the Guildford Four from Diana and the New Romantics to Live Aid and the big bang from the Rubik s cube to the ZX Spectrum McSmith s brilliant narrative account uncovers the truth behind the decade that changed Britain forever

Major Robert Taylor,2006-10-01 British Prime Minister who worked with Clinton to bring peace to Northern Ireland

Margaret Thatcher Peter Just,2025-07-29 A joy to read Andrew Roberts The story of Margaret Thatcher s post premiership years is a tale of high drama and low farce with at its heart one extraordinary woman Margaret Thatcher enjoyed perhaps one of the most consequential political afterlives in British history No longer in office but never really out of power she was not only one of the most impactful Prime Ministers the UK has ever had she was also one of the most impactful former Prime Ministers the UK has ever had British politics today undoubtedly reflects Thatcher s time in No 10 but it is also shaped by her later life and how people reacted and still react to it To mark the centenary of her birth Margaret Thatcher Life After Downing Street provides a radical reassessment of how Thatcher s premier emeritus years have been viewed to date Covering the four main areas of her work after Downing Street philosophy party policy and performance and analysing her continued and continuing influence on the Conservative leaders and Prime Ministers of all parties who followed her it demonstrates why however small the politics may or may not have got since 1990 Margaret Thatcher is still big

Folens GCSE Applied ICT Maggie Banks,Colin Harber-Stuart,Dave Parry,2003

Theresa May - The Downing Street Revolution Virginia Blackburn,Virginia Urquhart-Stewart,2016-09-08 A COUNTRY THAT WORKS FOR EVERYONE NOT JUST THE PRIVILEGED FEW In these historically turbulent times the United Kingdom will

need a leader for the ages and with those words the nation's new Prime Minister underlined her commitment to creating a better Britain. Only the second woman to hold office at 10 Downing Street, Theresa May inherits the most difficult political mandate of recent times to negotiate Britain's exit from the European Union and re-establish its place in the wider world. She is known as an uncompromising, tenacious and fiercely moral political operator who has risen through the ranks the hard way through profound competence instead of cronyism. Her premiership promises to overthrow what she calls the Nasty Party image the Conservative Party has brought upon itself through infighting, career politicking and dishonesty and restore a steady hand to the tiller of a nation in turmoil. But there is much more to her story than has emerged in the wake of the Brexit vote. In *Theresa May: The Downing Street Revolution*, experienced journalist and political observer Virginia Blackburn examines the astonishing career, the politics and the quite remarkable life of the woman who is tasked with changing not just the public face of the Conservatives but the very fabric of the United Kingdom itself. *Selling Rights* Lynette

Owen, 2014-10-17 *Selling Rights* has firmly established itself as the leading guide to all aspects of rights sales and co-publications throughout the world. The seventh edition is substantially updated to illustrate the changes in rights in relation to new technologies and legal developments in the United Kingdom and the rest of the world. This fully revised and updated edition includes coverage of the full range of potential rights from English language territorial rights through to serial rights, permissions, rights for the reading impaired, translation rights, dramatization and documentary rights, electronic and multimedia rights. More detailed coverage of Creative Commons and Open Access. The aftermath of the Digital Economy Act 2010, the Hooper Report and new UK Statutory Instruments affecting copyright. Updated coverage of book fairs. The implications of adding e-book rights to print licences. A separate chapter on collective licensing via Reproduction Rights Organizations. The impact of new electronic hardware: e-readers, tablets, mobile phones, the distinction between sales and licences, the rights implications of acquisitions, mergers and disposals, updates on serial rights including online. New appendices listing territories normally sought as exclusive by UK publishers and a glossary of rights-specific terms. *Selling Rights* is an essential reference tool and an accessible and illuminating guide to current and future issues for rights professionals and students of publishing. **Our History of the 20th Century** Travis Elborough, 2017-09-28 In Travis

Elborough's expertly curated collection of diaries, letters and journals, the great and the good rub shoulders with the obscure, the unsung and the everyday to bring us a unique top-down and bottom-up history of Britain during the twentieth century.

Thatcher's Britain Richard Vinen, 2013-03-28 Britain's first female prime minister remains a political figure of almost mythical proportions. Margaret Thatcher divided a political nation, became a cultural icon and was the longest-serving prime minister of the twentieth century. Her period in government coincided with extraordinary changes in British society and in Britain's place in the world. *Thatcher's Britain* tells the story of Thatcherism for a generation with no personal memories of the 80s as well as for those who want to revisit the polemics of their youth. It seeks to rescue Thatcher from being seen as

John the Baptist for Tony Blair stresses that Thatcherism was not a timeless phenomenon but rooted in the 70s and 80s and focuses our attention away from her legend to what her government actually did during this tumultuous period in British history

Women of Westminster Rachel Reeves, 2020-03-05 Foreword by Dame Winifred Mary Beard This updated edition is a complete account of the first 100 years of women in Parliament In 1919 Nancy Astor was elected as the Member of Parliament for Plymouth Sutton becoming the first woman MP to take her seat in the House of Commons Her achievement was all the more remarkable given that women and even then only some women had only been entitled to vote for just over a year In the past 100 years a total of 491 women have been elected to Parliament Yet it was not until 2016 that the total number of women ever elected surpassed the number of male MPs in a single parliament The achievements of these political pioneers have been remarkable Britain has now had two female Prime Ministers and women MPs have made significant strides in fighting for gender equality from the earliest suffrage campaigns to Barbara Castle's fight for equal pay to Harriet Harman's recent legislation on the gender pay gap Yet the stories of so many women MPs have too often been overlooked in political histories In this book Rachel Reeves brings forgotten MPs out of the shadows and looks at the many battles fought by the Women of Westminster from 1919 to 2019

A Century of Premiers D. Leonard, 2015-12-22 During the course of the Twentieth Century nineteen men and one woman from Robert Cecil Third Marquis of Salisbury to Tony Blair have occupied the post of Prime Minister of the United Kingdom

Margaret Thatcher Iain Dale, 2025-06-05 A compelling account of a compulsory subject A masterpiece of compression and readability Daniel Finkelstein A deft clear eyed summary of Thatcher's life Rory Stewart Iain Dale introduces Margaret Thatcher to a new generation and intelligently explodes some of the myths about her Simon Heffer Margaret Thatcher was a woman of tremendous paradoxes a conviction politician who was also a pragmatist someone who delighted in her tough reputation yet could also be emotional and even tearful when confronted by personal or national tragedy Her reputation as a cabinet leader was one of being quasi dictatorial yet she left her ministers to get on with their jobs far more than any of her successors ever have She was known as a classical laissez faire liberal yet she started out as a social conservative and wasn't averse to state intervention when she felt it was warranted Iain Dale's sparkling short biography of Margaret Thatcher brings her to life in all her paradoxes and contradictions and shows how her election in 1979 really was a turning point in British history Dubbed the Iron Lady by the Soviets she was one of the few recent prime ministers to burnish an international reputation fighting the Falklands war playing a leading role in defeating Communism and winning the Cold War and through her battles with the European Economic Community Domestically she ushered in a period of forty years of consensus on the limited role of the state an industrial relations settlement and the dominance of the private sector in the economy a settlement that is only now being seriously questioned A little over a decade after her death Margaret Thatcher introduces her to new generations of readers who may not remember her premiership but who are living with its consequences

David Steel David Torrance, 2012-09-18 Michael Foot was speaking

affectionately when in 1979 he quipped that David Steel had apparently gone from rising hope to elder statesman without any intervening period whatsoever But the remark also neatly captured a career which had seen the Boy David enter the House of Commons aged only twenty six become leader of the Liberal Party in 1976 at thirty eight years old one of the youngest party leaders in British history and then within months of his election lead his party into a controversial Lib Lab Pact with James Callaghan s Labour government Taking the lead in demanding cooperation with the new Social Democratic Party Steel helped the Alliance poll an unprecedented share of the vote for a third party in the 1983 election Alongside David Owen of the SDP he fought another memorable election four years later as one of the two Davids and later became the major force behind the troubled birth of the Liberal Democrat Party Based on extensive interviews and fresh archival research this biography with which Steel has cooperated charts both the rising hope and elder statesman phases in Steel s career as well as his role as the first Presiding Officer of the Scottish Parliament and his political legacy in light of the post 2010 Conservative Liberal Democrat coalition

Politipedia Nick Inman,2007 The ultimate quirky reference work for voters students and those in the Westminster village It is ideal for anyone looking to discover where their vote and money actually go or for those looking for quotes and fascinating titbits The book aims to capture the entertaining essence of politics without taking up too much of the reader s

Our Times A. N. Wilson,2024-08-06 When Queen Elizabeth II was crowned in 1953 many proclaimed the start of a new Elizabethan Age Few had any inkling however of the stupendous changes that would occur over the next fifty years both in Britain and around the world In *Our Times* A N Wilson takes the reader on an exhilarating journey through postwar Britain With his acute eye not just for the broad social and cultural sweep but also for the telling detail he brilliantly distills half a century of unprecedented social and political change Here are the defining events and characters of the modern age from the Suez crisis to Vietnam from the Beatles to Princess Diana Here are the Angry Young Men the rise of pop culture and celebrity industrial unrest and the Winter of Discontent the Thatcher era and the eventual collapse of the Soviet Union This book propels the reader from postwar austerity to the end of the British Empire and the emergence of America as a superpower to the multicultural Britain of today With *Our Times* Wilson triumphantly concludes the acclaimed trilogy that opened with *The Victorians* and was followed by *After the Victorians* *Our Times* makes compelling reading for anyone interested in the forces that have shaped our world

Thatcher's Secret War Clive Bloom,2021-08-02 Scary but enlightening Christopher Stone Margaret Thatcher remains one of the United Kingdom s most polarising prime ministers This provocative investigation sheds light on the secret internal cold war that she waged against the enemy within everyone she could not see eye to eye with It was a campaign fuelled by paranoia on both the left and right of the political spectrum and fought with corruption black propaganda dirty tricks and even murder Expertly juxtaposing notable events with today s political arena this new and updated edition of *Thatcher s Secret War* surmises that although Thatcher s ideals seem to have vanished one remains the power and importance of the extra parliamentary state

and its surveillance methods and hidden powers in a new age of terrorism
