**Egypt** D. O'Connor, 2003 Egypt is a place where as one contemporary archaeologist has noted you can't put your spade in the ground and not find something This great treasure house of a country has been luring the curious for centuries Among them have been many who sought to become rich by plundering the past But at their best the searchers were magnificent professionals lovers of history and great respecters of the humanity behind their finds Much of what the world first learned about the Egyptians came from an early obsession with their tombs Thanks to the dryness that prevails throughout most of the land not only did these burial sites often contain bodies that had survived the ages largely intact but with them were found an array of items that revealed much about civilization thousands of years ago *Egypt* Time-Life Books, 1992

**The Lost Civilization Enigma** Philip Coppens, 2012-10-22 An examination of archaeological controversies with arguments showing evidence of prehistoric civilizations not recorded as part of human history Are history books giving us the whole story Or is civilization far more complex and older than we have been taught Our school textbooks barely mention the 6 000 year old Sumerian civilization yet the latest archaeological findings at sites such as Jericho and most recently Gobekli Tepe in Turkey have been dated to 10 000 BC Civilization goes back at least another 10 000 years if we are willing to believe what our ancestors themselves claimed The Lost Civilization Enigma reveals the truth about Lost magnitudes to known cultures such as the Bosnian Pyramids and the civilization of Old Europe The fabled lost golden cities of South America and the Amazon which are slowly being rediscovered Fascinating examples of lost technology such as the Antikythera Device Atlantis and the fact that it was a real civilization Analyzing the historical and archaeological record best selling author Philip Coppens demonstrates that there is substantial evidence that civilization is far older far more advanced and far more special than is currently accepted Clearly our history books have left out a great deal **Earth Tales** Henry T. Lucia Chiavola Birnbaum cultural historian points out that the oldest veneration we know is of a dark mother of central and south Africa whose signs ochre red and the pubic V were taken by african migrants after 50 000 BCE to caves and cliffs of all continents The oldest sanctuary in the world was created in 40 000 BCE by african migrants in Har Karkom later called Mt Sinai foundation place of judaism christianity and islam Lucia documents the continuing memory of the dark mother and her values in prehistoric images of the dark mother in historic black madonnas and in other dark women divinities whose

sanctuaries are on african paths She tracks the memory in rituals and stories of her sicilian grandmothers in persecution of dark others in patriarchal Europe and the United States in the rise of nonviolent dark others since the 1960s in the banners of the 1995 world conference of women at Beijing and in art She finds the dark mother s values justice with compassion equality and transformation in everyday and celebratory rituals of the world s subaltern cultures and suggests that the image and values are in the submerged memories of everyone      **The Complete Idiot's Guide to Ancient Egypt** Donald P.
