*An Egyptian Hieroglyphic Dictionary, Vol. 1 of 2* Ernest Alfred Wallis Budge, 2017-10-19 Excerpt from An Egyptian Hieroglyphic Dictionary Vol 1 of 2 With an Index of English Words King List and Geographical List With Indexes List of Hieroglyphic Characters Coptic and Semitic Alphabets Etc Curiously enough Young did not follow up his discovery by a continued application of his phonetic principle to Egyptian inscriptions other than those on the Rosetta Stone but seems to have been content to leave its further application and development to Champollion le Jeune 2 And for some reason he made no attempt to add to the Egyptian Vocabulary containing 218 words which he published in his article Egypt in the Encyclopedia Britannica or if he did His additions were never printed On the other hand he devoted himself to the preparation of a Demotic Dictionary and this work occupied the last ten years of his life The Advertisement is of considerable interest for it shows that it was only his inability to decide upon the system of arrangement that ought to be employed in an Egyptian Dictionary that prevented him from publishing the work during his lifetime His difficulty is described by him thus About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
