needs to know It is the task Of the accountant to put the information in the desired Shape and to correlate various kinds Of information or as we commonly say edit the informa tion Because the accountant must prepare information for the general manager or other Officer he usually occupies a more or less confidential position and Often is a vice president of a corporation He must have the knack Of preparing information in shape for use by others he must have sufficient imagination to see what sort Of information the various officials will desire and he must have sufficient power Of analysis to see how to get the sort Of information that will enable the operating Officers Of the business to tie up the various parts Of the business with each other and with the outside business world and he should provide them with such information even if they have not realized the need Of such par ticular information It is his task in a sense to foresee what information about the business will be later required and to see that such information will be available at the proper time He must anticipate the need for information SO that he may have his lines laid before the occurrence Of the event for the procurement Of that information as soon as the event happens This is just the task Of the editor Of a newspaper or a magazine for he not only tells people what they already wish to know but he gives them what they are glad to know though they had not previously known that they needed to know it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
