## **Fundamentals Of Surgery:**

**Fundamentals of Surgical Simulation** Anthony G. Gallagher, Gerald C. O'Sullivan, 2011-08-24 Fundamentals of Surgical Simulation explains in detail from a behavioural science human factors perspective why modern image guided medicine such as surgery interventional cardiology and interventional radiology are difficult to learn and practice Medicine is currently at a tipping point in terms of how physicians in procedural based medicine are trained Fundamentals of Surgical Simulation helps drive this change and is a valuable resource for medical trainers and trainees alike For trainers this book gives explicit theoretical and applied information on how this new training paradigm works thus allowing them to tailor the application of simulation training to their program no matter where in the world they work For the trainee it allows them to see and understand the rules of this new training paradigm thus allowing them to optimize their approach to training and reaching proficiency in as efficient a manner as possible For the simulation researcher engineer and medical profession Fundamentals of Surgical Simulation poses some difficult questions that require urgent unambiguous and agreed answers

**Fundamentals of General Surgery** Francesco Palazzo, 2018-06-26 This book provides a comprehensive guide to the surgical skills required during general surgery General Concepts are covered with descriptions of basic terminology the logic behind specific approaches limitations of specific skills technical and practical considerations and safety of using specific approaches and skills More advanced topics including gastro intestinal anastomosis exploring a patient after a major trauma and managing crisis situations are also discussed as well as current controversies and future directions within general surgery Fundamentals of General Surgery is relevant to trainees in general surgery and its subspecialties and aims to give them an easy to access resource that contains real life examples iconography and recommended further reading
