

Buddhism

Is one of the major world religions. Buddhism is characterized by a conception of life based on self-confidence, tolerance and nonviolence.

WHO WAS BUDDHA?

Siddhartha Gautama was born in the Ganges Valley in northern India in 560 B.C. and was the son of King Suddhodana of the Shakyas tribe. He reached the state of Buddha, which means "enlightened" and began to preach the message of this religion.

PHILOSOPHY AND HABITS

Buddhism preaches the pursuit of a state of "perfect vacuum" that leads beyond pain and desire. It is not considered a sacrifice to give up material things and to live a simple life, instead a form of liberation and approach to knowledge.

Fundamentals Of Buddhism:

Fundamentals of Buddhism Dr Peter D. Santina, 2024-04-30 Buddhism has long been an important part of the cultural heritage of South East Asia. The monuments of Angkor Wat in Cambodia and Borobudur in Indonesia are just two of countless testimonies to the former greatness of Buddhism in this region. In Singapore too, Buddhism is an important element in the cultural heritage of the people. The fact that a large section of the Chinese Community as well as the small but influential Srilankan Community acknowledge Buddhism as the primary force shaping their religious ideals and moral values is more than proof of this. Nonetheless, it is certain that if Buddhism is to continue to exercise a positive influence upon present and future generations, it cannot remain content with the achievements of the past. **Fundamentals of Buddhism** Peter D.
