Myles' Textbook for Midwives E-Book Jayne E. Marshall, Maureen D. Raynor,2014-09-05 The most popular midwifery textbook in the world The sixteenth edition of this seminal textbook Myles Textbook for Midwives has been extensively revised and restructured to ensure that it reflects current midwifery practice with an increased focus on topics that are fundamental to midwifery practice today Well illustrated to assist visual learning Boxes highlighting significant information to aid study Introduction Aims of the chapter and Conclusion for each chapter References Further Reading and Useful websites to promote further learning Glossary of terms and acronyms provide simple definition of more complex terminologies Additional online resources Over 500 multiple choice questions enable students to test their knowledge Unlabelled illustrations help reinforce learning Full image bank of illustrations to make study more visual and assist with projects Full colour illustrations now used throughout the book in response to student feedback Contains many new chapters some of which are authored by members of the multi professional team Up to date guidance on professional regulation midwifery supervision legal and ethical issues risk management and clinical governance Recognition that midwives increasingly care for women with complex health needs in a multicultural society Examination of the dilemmas involved in caring for women with a raised body mass index Chapter on optimising care of the perineum for women with perineal trauma including those who have experienced female genital mutilation Guidance to support the trend for midwives to undertake the neonatal physical examination of the healthy term infant Additional coverage of basic neonatal resuscitation

Obstetrics for Lawyers John Hare,2000-08-02 Unlike most medical subjects obstetrics is largely concerned with normal events and the

most common problems involve decisions about when a normal event becomes abnormal The normal events of pregnancy labour and delivery are fully described together with the standards of care needed to manage them The book describes the interface between normality and abnormality and how it is to be recognised and responded to This book will be of interest to lawyers and barristers alike and will provide them with a useful insight into obstetrics with regard to medico legal litigation It will also prove an invaluable source of reference for risk managers doctors and midwives *Books in Print* ,1982

Thales of Miletus Patricia F. O'Grady,2017-03-02 What is the basic building block of the universe Thales of Miletus was the first to ask this fundamental yet to be answered question in the sixth century B C This book offers an in depth account of the answers he gave and of his adventure into many areas of learning philosophy science mathematics and astronomy Thales proved that the events of nature were comprehensible to man and could be explained without the intervention of mythological beings Henceforth they became subject to investigation experiment questioning and discussion Presenting for the first time in the English language a comprehensive study of Thales of Miletus Patricia O Grady brings Thales out of pre Socratic shadows into historical illumination and explores why this historical figure has proved to be of lasting significance

Made for This Mary Haseltine,2018-03-07 Millions of women have felt the power of birth and countless women long for it But for too many birth can seem like a purely clinical experience something to get through as quickly as possible in order to get on with the joys of being a mother In Made for This author Mary Haseltine draws on Pope St John Paul II s Theology of the Body to show that birth is an essential part of who God created women to be body and soul With real life stories from many moms and practical tips including preparing for birth making informed choices helping fathers embrace their role in the birth room and encountering the work of labor this book is an indispensable guide for navigating the physical and spiritual dimensions of pregnancy and birth Expectant mothers will find the tools they need to approach birth as a gift and to invite God into the experience About the Author Mary Haseltine is a theology graduate and a certified birth doula and childbirth educator With a passion for building a culture of life through the teachings of the Theology of the Body she works to bring an awareness and practice of the teachings of the Church into the realm of childbirth mothering and pregnancy loss She lives in Western New York with her husband and five sons You can find more of her writing at www.betterthaneden.com
