Glass Ruth Kassinger,2003-01-01 Ancient people of Mesopotamia were the first to discover how to turn sand into glass

These early glassmakers created beads and other small pieces of jewelry out of glass. Popular Stories and Promised Lands Roger C. Aden, 2007-07-25 Popular culture stories found in comic strips, TV programs, magazines, and movies gain their popularity by evoking our desires and anxieties. Aden offers a well-constructed argument that creating a sense of place and with it a sense of personal identity and community serves as an important enticement for many popular cultures. Aden handles contemporary theory deftly and does an excellent job of identifying many of the tensions present in 20th-century America. Quarterly Journal of Speech.

Stories encountered at the movies, on television, and in popular magazines are treated as reflections of the popular culture. Believing that the American experience has been guided by a normative narrative or grand narrative that constitutes the American dream, Aden holds that stories can be used to extract the rules of a narrative, determine the direction, and identify conceptions of the promised lands for a culture. Critical Studies in Mass Communication.

Geometries of Crime Avi Brisman, 2016-07-30 This book explores how young people perceive the severity of crime and delinquency. It particularly addresses whom or what they consider to be the victims of crime and delinquency, how they analyze and assess appropriate responses by the criminal justice system as well as their place within it. The book proposes tools for developing a more elaborate and robust understanding of what constitutes crime, identifying those affected by it, and what is deemed adequate or appropriate punishment. In so doing, it offers a thick description of young people's conceptions of and experiences with crime, delinquency, justice, and law and uses this description to interrogate the role of the state in influencing, indeed, shaping these perceptions.
