Mackie, 2011-11-01 During the late eighteenth and early nineteenth centuries the North West and Hudson s Bay companies extended their operations beyond the Rocky Mountains to the Pacific Ocean There they encountered a mild and forgiving climate and abundant natural resources and with the aid of Native traders branched out into farming fishing logging and mining Following its merger with the North West Company in 1821 the Hudson s Bay Company set up its headquarters at Fort Vancouver on the lower Columbia River From there the company dominated much of the non Native economy sending out goods to markets in Hawaii Sitka and San Francisco *Trading Beyond the Mountains* looks at the years of exploration between 1793 and 1843 leading to the commercial development of the Pacific coast and the Cordilleran interior of western North America Mackie examines the first stages of economic diversification in this fur trade region and its transformation into a dynamic and distinctive regional economy He also documents the Hudson s Bay Company s employment of Native slaves and labourers in the North West coast region

Native American in the Land of the Shogun Frederik L. Schodt, 2013-06-15 The true story of a half Chinook half Scot adventurer who entered feudal Japan in 1848 and helped pave the way for its modernization How Japan after 250 years of self imposed isolation began the process of modernization is in part the story of Ranald MacDonald In 1848 this half Scot half Chinook adventurer from the Pacific Northwest landed on an island off Hokkaido Although promptly arrested and imprisoned for seven months in Nagasaki the intelligent well educated MacDonald fascinated the Japanese and became one of their first teachers of English and Western ways Based on primary research in Japan and North America this book chronicles the events leading to MacDonald s journey and his later struggle to obtain recognition at home John Tod, Rebel in the Ranks Robert C. Belyk, 1995 Canada s western wilderness was the scene of fur trader John Tod s extraordinary life Born in a Scottish village in 1794 Tod spent 40 adventurous years working for the Hudson s Bay Company and in his later years served on the first Legislative Council of the fledgling colony of Vancouver Island Posted all over the Company s vast territory York Factory McLeod Lake Fort Alexandria Island Lake Fort Kamloops he spent most of his years in New Caledonia A spirited and prickly man he was a free thinker impatient with authority and distrustful of many of his superiors He was also a lifelong and loyal friend to many of his fur trade colleagues especially John Work the Ermatinger brothers and James Murray Yale Tod saw astonishing changes in the west from the bitter warfare between the Hudson s Bay Company and the Nor Westers to settlement by pioneers and the conventions of the polite colonial society Few lives have spanned such contrasts This definitive biography presents the picture of the unusual man in an exciting era **The Ermatingers** W. Brian

Stewart,2011-11-01 In about 1800 fur trader Charles Ermatinger married an Ojibwa woman Mananowe Their three sons grew up with both their mother s hunter warrior culture and their father s European culture As adults they lived adventurously in Montreal and St Thomas where they were accepted and loved by fellow citizens while publicly retaining their Ojibwa heritage The Ermatingers contrasts the European commercial and trading society in urban Montreal where Charles was brought up with the Ojibwa hunter warrior values of Mananowe s society Their sons variously risked life at war in Spain and in the Upper and Lower Canada rebellions policed Montreal streets in an era of riots spied on the Fenians on the US border and made a hazardous journey to help establish the Canadian Pacific Railway s route Brian Stewart argues that the sons Ojibwa traditions and values shaped their adult lives during their adventures the sons fought for Native rights for themselves as well as for Ojibwa relatives and friends The Ermatingers is an exciting story that contributes to our understanding of Indian and European biculturalism and its effects on those who make up the various forms of M tis society today It will appeal to general readers as well as scholars and students in Native studies and Canadian history David Douglas Jack Nisbet,2012-01-01 During a meteoric career that spanned from 1825 to 1834 David Douglas made the first systematic collections of flora and fauna over many parts of the greater Pacific Northwest Despite his early death colleagues in Great Britain attached the Douglas name to more than 80 different species including the iconic timber tree of the region David Douglas a Naturalist at Work is a colorfully illustrated collection of essays that examines various aspects of Douglas s career demonstrating the connections between his work in the Pacific Northwest of the 19th century and the place we know today From the Columbia River s perilous bar to luminous blooms of mountain wildflowers from ever changing frontiers of technology to the quiet seasonal rhythms of tribal families gathering roots these essays collapse time to shed light on people and landscapes This volume is the companion book to a major museum exhibit about Douglas s Pacific Northwest travels that will open at the Northwest Museum of Arts Culture in Spokane in September 2012 *Jemmy Jock Bird* John C. Jackson,2003 The story of Jemmy Jock Bird the son of a Chief Factor of the Hudson s Bay Company and a Cree woman is a little known yet fascinating part of the mythology of the northern fur trade Caught between opposing sides of a dual heritage Bird situated himself firmly in both worlds Hired as an undercover confidential servant he crossed into US territory to bring furs taken by Cree and Peigan hunters to his British employers Later he served both nations and his tribal friends in the negotiation of the 1855 Blackfoot peace treaty and the 1877 Canadian Treaty 7 In this creative non fiction account Jackson reconstructs the life of this intriguing individual using materials from the Hudson s Bay Archives the Montana Historical Society and Bird s descendants living on the American Blackfoot Reservation in Browning Montana **Mountain Men and Fur Traders of the Far West** LeRoy Reuben Hafen,1982-01-01 The legendary mountain men the fur traders and trappers who penetrated the Rocky Mountains and explored the Far West in the first half on the nineteenth century formed the vanguard of the American empire and became the heroes of American adventure This volume brings to the general reader brief biographies
