**Gerrit Th. Rietveld, 1888-1964** Gerrit Thomas Rietveld, Marijke Küper, Ida van Zijl, 1992 As architect and designer Gerrit Rietveld Utrecht 1888-1964 is one of the great international figures of this century His work was basically user friendly and he always tried to see architecture as something for people Reacting against the conventions with which he had grown up the driving force behind Rietveld's development became a quest for the essentials of architecture and design This led in 1918 to the now over familiar Red Blue Chair and six years after that to the internationally acclaimed Rietveld Schroeder House This house built in 1924 signified both an end and a beginning in Rietveld's career Whereas in the preceding years he had progressed from cabinet maker to architect and designer of a complete living environment he was now to concentrate largely on architecture More and more he voiced his support for a functional architecture in which he introduced new constructional methods and where the significance of form and colour was lessened After the Second World War he contributed to the Dutch reconstruction Neighbourhoods in Utrecht and Rijswijk were built according to his design

Within the straitjacket of regulations building stipulations and budgetary restrictions Rietveld contrived to introduce in a highly original but flexible manner the functional and aesthetic principles that he had defined before the war Always experimenting to find the right form always faithful to his principles his work was nevertheless of a huge diversity This variety is what makes Rietveld what he is *How to Construct Rietveld Furniture* Johannes Niemeijer,1996 This how to kit contains the complete directions for building the best known furniture designs by Gerrit Rietveld documented with working drawings measurements details material lists and assembly directions along with a separate workbook *The Red & Blue Chair* Peter Koopmans,1999-12-01 *Gerrit Rietveld, a Centenary Exhibition* Gerrit Thomas Rietveld,1988 **Gerrit Rietveld** Ida Van Ziji,2010-12-13 From his first great design masterpiece the Red Blue Chair to his final design for the Van Gogh Museum in Amsterdam Gerrit Rietveld created a significant body of work and left a remarkable legacy His simple yet dynamic design style has greatly affected international furniture design and has made a significant contribution to the history of architecture His unconventional approach and extraordinary furniture hailed by Theo van Doesburg as the new sculpture inspired many of his contemporaries just as it continues to inspire today s designers he has he has been cited as a source of inspiration by designers ranging from Verner Panton to Konstantin Grcic This detailed yet accessible monograph is structured chronologically and richly illustrated with photographs and sketches of Rietveld s furniture design and his twenty odd architectural projects Following Rietveld from his humble beginnings as a cabinet maker to his final years as a world renowned architect this book will present both his lesser known work and his most celebrated such as The Zigzag Chair of 1934 One chapter focuses exclusively on the Schröder House of 1924 which is among the very few twentieth century buildings to be accorded UNESCO World Heritage Monument status Produced in collaboration with the Centraal Museum which holds the world s largest collection of Rietveld s work this book includes a number of never before published images of Rietveld s work and his life Author Ida van Zijl who is the Deputy Director of the Centraal Museum and who has organized a variety of exhibitions that have included Rietveld gives a thorough accessible account of Rietveld s life and his work She also explores his significance in the wider context of avante garde movements such as his influence within De Stijl and Functionalism and well as the lesser known but equally interesting work he produced with an eye towards mass housing and industrial production Designed by Wim Crowel the best known Dutch graphic designer the book provides a rich mixture of beautiful images and a fascinating story Most crucially this book will give Rietveld the attention he has long deserved as a designer and architect presenting a comprehensive coverage of his output and a full analysis of his achievements
