Fury On Earth A Biography Of Wilhelm Reich:

Fury on Earth Myron R. Sharaf, 1983-01-01 Recounts the life and career of the controversial psychoanalyst who claimed to have discovered orgone energy *Fury on Earth* Myron Sharaf, 1983-01-01 **Make Love, Not War** David Allyn, 2016-05-23 When Helen Gurley Brown's *Sex and the Single Girl* hit bookstores in 1962 the sexual revolution was launched and there was no turning back Soon came the pill the end of censorship the advent of feminism and the rise of commercial pornography Our daily lives changed in an unprecedented time of sexual openness and experimentation *Make Love Not War* is the first serious treatment of the complicated events ideas and personalities that drove the sexual revolution forward Based on first hand accounts diaries interviews and period research it traces changes in private lives and public discourse from the fearful fifties to the first tremors of rebellion in the early sixties to the heady heyday of the revolution Bringing a fresh perspective to the turbulence of these decades David Allyn argues that the sexual revolutionaries of the 60s and 70s by telling the truth about their own histories and desires forced all Americans to re-examine the very meaning of freedom Written with a historian's attention to nuance and a novelist's narrative drive *Make Love Not War* is a provocative vivid and thoughtful account of one of the most captivating episodes in American history Also includes an 8 page insert

Wilhelm Reich Robert S. Corrington, 2003-07-14 A stirring reappraisal of the brilliant maligned psychoanalytic thinker Robert S. Corrington offers the first thorough reconsideration of Wilhelm Reich's life and work since Reich's death in 1957 Reich was seventeen years old at the outbreak of World War I and had already witnessed the suicides of his mother and father A native of Vienna he became a disciple of Freud but by his late twenties having already written his classic *The Function of the Orgasm* he fled the Third Reich and departed too from Freudian psychoanalysis In *The Mass Psychology of Fascism* Reich first took the now classic position that social behavior has its every root in sexual behavior and repression But the psychoanalytic community was made uncomfortable by this claim and it was said by the time of Reich's death in an American prison on dubious charges brought by the federal government that Reich had squandered his prodigious genius and surrendered to his own paranoia and psychosis an opinion still responsible for the neglect and misconception of Reich's contribution to psychology In this transfixing psychobiography Corrington illuminates the themes and obsessions that unify Reich's work and reports on Reich's fascinating unrelenting one-man quest to probe the ultimate structures of self world and cosmos

The Annual of Psychoanalysis, V. 32 Jerome A. Winer, James W. Anderson, 2013-05-13 *Psychoanalysis and Women* Volume 32 of *The Annual of Psychoanalysis* is a stunning reprise on theoretical developmental and clinical issues that have engaged analysts from Freud on It begins with clinical contributions by Joyce McDougall and Lynne Layton two theorists at the forefront of clinical work with women Jessica Benjamin Julia Kristeva and Ethel Spector Person from their respective vantage points all engage the issue of passivity which Freud tended to equate with femininity Employing a self-psychological framework Christine Kieffer returns to the Oedipus complex and sheds new light on the typically Pyrrhic

oedipal victory of little girls Section III broadens the historical context of contemporary theorizing about women by offering the personal reminiscences of Nancy Chodorow Carol Gilligan Brenda Solomon and Malkah Notman A final section dedicated to women who shared psychoanalysis features historical essays on Ida Bauer Freud's Dora Anna Freud Dorothy Burlingham Edith Jacobson and Therese Benedek along with Linda Hopkins's revealing interview of Marion Milner Of special note is Marian Tolpin's examination of three women Bauer Helene Deutch and Anna Freud who helped shape Freud's notion of the female castration complex and Elisabeth Young Bruehl's exploration of how two women Anna Freud and Dorothy Burlingham developed parent infant observation Psychoanalysis and Women is an extraordinary chronicle of the distance traveled since Freud characterized women's sexual life as the dark continent The contributors vitalize a half century of theory with the lessons of biography and they broaden clinical sensibilities by drawing on recent developmental gender related and socio psychological research In doing so they attest to the ongoing reconfiguration of Freud's dark continent and show the psychoanalytic psychology of women to be very much a revolution in progress

Antitrust , Form Follows Libido

Sylvia Lavin,2007-09-28 How modern architecture came to embrace the urges and fears of the affective unconscious Eight million Americans a year cool their heels in psychiatric waiting rooms Design can help lower this nervous overhead Richard Neutra 1954 Sylvia Lavin's Form Follows Libido argues that by the 1950s some architects felt an urge to steer the cool abstraction of high modernism away from a neutral formalism toward the production of more erotic affective environments Lavin turns to the architecture of Richard Neutra 1892 1970 to explore the genesis of these new mood inducing environments In a series of engaging essays weaving through the designs and writings of this Vienna born California based architect Lavin discovers in Neutra a sustained and poignant psychoanalytic reflection set in the context of a burgeoning psychoanalytic culture in America Lavin shows that Neutra's redirection of modernism constituted not a lyrical regression to sentimentality but a deliberate advance of architectural theory and technique to engage the unconscious mind fueled by the ideas of psychoanalysis that were being rapidly disseminated at the time In Neutra's responses to a vivid range of issues from psychoanalysis proper to the popular psychology of televangelical prayer Lavin uncovers a radical reconstitution of the architectural discipline Arguing persuasively that the received historical views of both psychoanalysis and architecture have led to a suppression of their compelling coincidences and unorthodoxies Lavin sets out to unleash midcentury architecture's hidden libido Neither Neutra nor psychoanalysis emerges unscathed from her investigation of how architecture came to be saturated by the intrigues of affect often against its will If Reyner Banham sought to put architecture on the couch then Lavin through Neutra leaps beyond Banham's ameliorative aim to lure contemporary architecture into the lush and dangerous liaisons of environmental design

Bundist Counterculture in Interwar Poland Jack Jacobs, 2009-05-01 In the years between the two world wars the Jewish community of Poland the largest in Europe was the cultural heart of the Jewish diaspora The Jewish Workers Bund which had a socialist secularist Yiddishist and anti Zionist orientation won a series of important electoral battles in Poland on the eve of the Second World War and became a major political party Many earlier works on the politics of Polish Jewry have suggested that Bundist victories were ephemeral or attributable to outside forces Jack Jacobs however argues convincingly that the electoral success of the Bund was linked to the long term efforts of the constellation of cultural educational and other movements revolving around the party The Bundist movements for children youth and women and for physical education offered highly innovative programs and promoted countercultural values Drawing on meticulously researched archival materials Jacobs shows how the development of these programs such as a program to provide sex education to working class Jewish youth translated into a stronger more robust party At the same time he suggests the Bund s limitations highlighting its failed women s movement Jacobs provides a fascinating account of Bundist movements and a thoughtful revision to the accepted view

Man Enough Victor J Jeleniewski Seidler, 1997-09-15 In this book one of the leading contributors to the growing debate about men masculinities and sexual politics Victor J Seidler criticizes the Enlightenment coupling of white heterosexual masculinity with reason He argues that in modern society masculinity can never be taken for granted Men must always prove that they are man enough to cope in the correct way with the problems and challenges of everyday life Seidler believes that men have to break this chain of obligations to the Enlightenment notion of masculinity Through engaging with men s diverse relationships with their bodies sexualities emotional lives feelings and desires Seidler explores ways of affirming masculinities while critically engaging with the power that men have in the wider society The book is also a contribution to antisexist politics Seidler is interested in taking on those forms of men s politics which find it difficult to engage with men s power and society and also those who take it for granted that male power is normal and natural He seeks to recognize both the power that white heterosexual masculinities have in shaping forms of philosophy and social theory while at the same time recognizing that masculinity cannot be simply defined as a relationship of power
