Future Men Douglas Wilson, 2001 How do we build our sons to be tough but not arrogant mannered but not soft imaginative but not lazy bold but not hollow *Future Men* is a Christian guide to raising strong virtuous sons contrary to the effeminacy and sentimentalism of contemporary culture When Theodore Roosevelt taught Sunday school for a time a boy showed up one Sunday with a black eye He admitted he had been fighting and on a Sunday too He told the future president that a bigger boy had been pinching his sister and so he fought him TR told him that he had done perfectly right and gave him a dollar The stodgy vestrymen thought this was a bit much and so they let their exuberant Sunday school teacher go What a loss Unbelief cannot look past surfaces Unbelief squashes faith teaches Faith takes a boy aside and tells him that this part of what he did was good while the other part of what he did got in the way And this is how to do it better next time As we look to Scripture for patterns of masculinity for our sons we find them manifested perfectly in the life of the Lord Jesus Christ He is the one who set the ultimate pattern for friendship for courage for faithfulness and integrity **FUTURE OF**

### **The Art and Science of Making the New Man in Early 20th-Century Russia**

Yvonne Howell, Nikolai Kremmentsov, 2021-12-02 The idea that morally mentally and physically superior new men might replace the currently existing mankind has periodically seized the imagination of intellectuals leaders and reformers throughout history This volume offers a multidisciplinary investigation into how the new man was made in Russia and the early Soviet Union in the first third of the 20th century The traditional narrative of the Soviet new man as a creature forged by propaganda is challenged by the strikingly new and varied case studies presented here The book focuses on the interplay between the rapidly developing experimental life sciences such as biology medicine and psychology and countless cultural products ranging from film and fiction dolls and museum exhibits to pedagogical projects sculptures and exemplary agricultural fairs With contributions from scholars based in the United States Canada the UK Germany and Russia the picture that emerges is emphatically more complex contradictory and suggestive of strong parallels with other new man visions in Europe and elsewhere In contrast to previous interpretations that focused largely on the apparent disconnect between utopian new man rhetoric and the harsh realities of everyday life in the Soviet Union this volume brings to light the surprising historical trajectories of new man visions their often obscure origins acclaimed and forgotten champions unexpected and complicated results and mutual interrelations In short the volume is a timely examination of a recurring theme in modern history when dramatic advancements in science and technology conjoin with anxieties about the future to fuel dreams of a new and improved mankind
