The Funeral Game Noel Monahan, 2004 The Funeral Game travels the pathway between two worlds holding and reconciling Earth and Heaven Life and Death as one reality A soul landscape of changing myths fugitive idols where fantasy is at play and collection is colored by a deep rooted spirituality and a longing for change in an aging Christianity much challenged by the secular **The Games & Diversions of Argyleshire** ,1901 **The Games & Diversions of**

Argyleshire Robert Craig Maclagan, 1901 **The Presence of the Dead in Our Lives** ,2012-01-01 This volume offers a selection of articles from authors representing a wide array of disciplines all of whom explore the following central theme how can the presence of the dead take life in the hearts of the living Although individuals die they can indeed remain present But how Authors in this volume explicate practical mourning strategies to help survivors cope with the tremendous sadness and emptiness experienced when we lose someone we love Dramatic Circumstances William Wesbrooks, 2014-03-01 Book

In this groundbreaking book noted director and educator William Wesbrooks provides an exciting and eminently practical approach for singers and actors who want to think about their work in a way that brings them a greater sense of vitality freedom and empowerment Drawing upon his years of experience and a keen psychological insight Wesbrooks utilizes our inherent attraction to storytelling He presents an exciting process that allows you as a performer to extract from the dramatic circumstances of stories everything you need to bring the characters you play and the songs you sing to a place of vibrant realization His approach will inspire you to trust in yourself and your own ability as you use your mind body and spirit so as to begin living inside your stories in a way that brings them to life for yourself as well as your audience The process is simple in its structure yet profound in its impact Dramatic Circumstances will prove an invaluable resource for actors singers teachers directors and anyone else who knows and believes in the power of stories to inform and touch the lives of those who tell and hear them **Epic** Frederick Turner, 2017-07-28 Epic does many things Among others it defines the nature of the

human storyteller recalls the creation of the world and of the human race describes the paradoxical role of the hero as both the Everyman and the radical exception and establishes the complex quest underlying all human action Epic illustrates that these ingredients of epic storytelling are universal cultural elements in existence across multiple remote geographical locations historical eras ethnic and linguistic groups and levels of technological and economic development Frederick Turner argues that epic despite being scoffed at and neglected for over sixty years is the most fundamental and important of all literary forms and thereby deserves serious critical attention It is the source and origin of all other literature the frame within which any story is possible The mission of this book is to repair gaps in the literary understanding of epic studies and offer permission to future epic writers and composers The cultural genres of Marvel Comics gothic anime manga multi user dungeon gaming and superhero movies reprise all the epic themes and motifs Consider The Wizard of Oz Star Wars The Lord of the Rings Lost The Matrix Superman Harry Potter and Narnia Here can be found the epic beast man the miraculous birth
