LA ECONOMÍA POSMENEMISTA ¿atrapada sin salida?

Prólogo de Alfredo Eric Calcagno

SEGUNDA EDICIÓN CORREGIDA Y ACTUALIZADA

 *Peudeba*

Economia Posmenemista La

G Psacharopoulos

Economía Posmenemista La:

La economía posmenemista Naúm Minsburg, 2001 *La Economía Política de Lo Posible en América Latina* Javier Santiso, 2006 *Las economías regionales* Alejandro Boris Rofman, 2012 □□□□□□□□, 2008 **50 años de libros para todos** Leandro de Sagastizábal, 2008 REC, 2007 **La Argentina rural** Carla Gras, Valeria Hernández, 2021-04-21 En este libro se describen los principales cambios en el universo agropecuario argentino en los últimos veinte años teniendo en cuenta los distintos grupos de actores y sus contextos. Los autores, todos especialistas de las ciencias sociales y humanidades, aportan sus análisis sobre la base de estudios circunstanciados de las distintas realidades observadas: zona pampeana, noroeste, Cuyo, noreste, etc. Los campesinos, empresarios de los agronegocios, productores familiares, ingenieros agrónomos, instituciones técnicas públicas y privadas van siendo objeto de la mirada de antropólogos, geógrafos, politólogos, sociólogos, etc. con el objetivo de dar sentido a esa cartografía novedosa que se fue configurando a partir del marco político de desregulación de los mercados, 1991 de la liberación de los transgénicos, 1996 y de la managerialización de las empresas. Luego de este recorrido, el lector tendrá elementos para comprender las nuevas solidaridades evidenciadas durante el conflicto: el campo versus el gobierno, entre productores medianos y grandes, pooles de siembra, entre urbanos y rurales, entre rentistas y productores. El paso del paradigma de la agricultura familiar al de los agronegocios no solo supuso una revolución tecnológica sino que implicó una innovación conceptual, subjetiva e ideológica muy profunda, cuyos elementos centrales son abordados en estas páginas.

The Politics of Market Reform in Fragile Democracies Kurt Weyland, 2021-01-12 This book takes a powerful new approach to a question central to comparative politics and economics: Why do some leaders of fragile democracies attain political success culminating in reelection victories when pursuing drastic, painful economic reforms while others see their political careers implode? Kurt Weyland examines in particular the surprising willingness of presidents in four Latin American countries to enact daring reforms and the unexpected resultant popular support. He argues that only with the robust cognitive psychological insights of prospect theory can one fully account for the twists and turns of politics and economic policy in Argentina, Brazil, Peru, and Venezuela during the 1980s and 1990s. Assessing conventional approaches such as rational choice, Weyland concludes that prospect theory is vital to any systematic attempt to understand the politics of market reform. Under this theory, if actors perceive themselves to be in a losing situation, they are inclined toward risks; if they see a winning situation around them, they prefer caution. In Latin America, Weyland finds where the public faced an open crisis, it backed draconian reforms. And where such reforms yielded an apparent economic recovery, many citizens and their leaders perceived prospects of gains. Successful leaders thus won reelection, and the new market model achieved political sustainability. Weyland concludes this accessible book by considering when his novel approach can be used to study crises generally and how it might be applied to a wider range of cases from Latin America, Africa, and Eastern Europe. V

tiempo de la política Juan Carlos Portantiero, Osvaldo Pedroso, 2000 En el epílogo el autor plantea que la revolución neoliberal encabezada por Menem Cavallo fue la forma de ajuste que el Estado argentino asumió frente a la crisis y a la transformación del capitalismo y que si bien las reformas pro mercado eran un imperativo de los tiempos la magnitud y la calidad de la adaptación dejaron un saldo de devastación un país desguarnecido sin instrumentos de política económica a su alcance En el nuevo modelo el Estado se convirtió en un mero espejo de las leyes de la economía y los capitalistas locales reforzaron por otras vías el secular espíritu rentístico que los caracterizó desde sus orígenes El desmantelamiento de la industria el carácter poco competitivo de la que quedó en pie el escaso interés que nuestros productos tienen en el mundo reflejado en precios de exportación en descenso y el cuadro social de penuria que deriva de esa decadencia obligan a la discusión profunda de una estrategia capaz de movilizar un nuevo tipo de sociedad La coalición que asumió el gobierno anade debe asumir las expectativas que generó implantar reformas profundas en el orden republicano y en el orden social tornar vivibles las promesas democráticas aun sabiendo de todas las restricciones interpuestas por la sociedad global y por la encrucijada de una crisis que está poniendo en peligro las coordenadas de la nación Pero tal es la dimensión del desafío que solo una recuperación del tiempo de la política como planeamiento estratégico y como voluntad del poder como construcción de consensos pero también como confrontación decisiva con los intereses que se oponen a los cambios articulando la movilización de la sociedad con la capacidad del Estado podría abrir un camino a la esperanza Desde ese punto de vista y con el lucido compromiso si
