

The Fall of the USSR

Thirty one years ago, in 1991, the Soviet Union ceased to exist, but the chain of events, leading up to the collapse was set in motion six years earlier by the sweeping reforms of Mikhail Gorbachev

Economic Consequences Of Soviet Disintegration

Hussin A.Rothana

Economic Consequences Of Soviet Disintegration:

Economic Consequences of Soviet Disintegration John Williamson, 1993 Proceedings of a conference in Vienna in April 1992 cohosted by the Institute and the Austrian National Bank in association with the Russian League of Industrialists and Entrepreneurs

The Economic Consequences of Soviet Disintegration (iie) Williamson John, 1999-04 This volume examines the economic prospects of the republics of the former Soviet Union in the light of the political disintegration that occurred in 1991 It is based on a conference that looked at the possibilities of maintaining a common market and a single currency

The Economic Effects of Soviet Dissolution Michael J. Bradshaw, 1993 *The Former Soviet Union in Transition* John P. Hardt, Richard F. Kaufman, 2016-09-16 This edition of the Joint Economic Committee's 1993 reports on the economies of the ex Soviet states tracks the Soviet and post Soviet economic reform efforts and looks at issues such as integration and developments

The Former Soviet Union in Transition United States. Congress. Joint Economic Committee, 1993 The Former Soviet Union in Transition, 1993 **The Economics of Soviet Breakup** Bert van Selm, 2012-10-12 This book analyzes the effects of the break up of the Soviet Union into fifteen independent states Topics discussed include past and present economic relations between the republics and forecasts for the future discussion of Customs Unions Monetary Union or Payments Union as possible ways forward for these states economic integration theory how the states of the Soviet Union functioned before the dissolution

Economic Interdependence in Ukrainian-Russian Relations Paul J. D'Anieri, 1999-07-23 Explores the emerging political economy of the former Soviet Union

Challenges for Russian Economic Reform Alan Smith, 2010-12-01 The transition to a market economy proves to be far more difficult in Russia than in the former centrally planned economies of eastern Europe The Russian economy continues to face serious problems including substantial inflationary pressures falling output and capital flight The most positive aspect of the transition has been the relatively fast pace of privatization Challenges for Russian Economic Reform contains papers published by the post Soviet Business Forum at the Royal Institute of International Affairs that have been revised for this volume The contributors specialists in Russian economic affairs examine the principal economic and institutional factors that have hindered transformation in Russia The sheer size of the country has complicated the problem of exposing domestic producers to foreign competition and has weakened the ability of central authorities to control the regions Economic stabilization has been hampered by the difficulties in establishing sound economic relations with the former Soviet republics David Dyker and Michael Barrow analyze the problems of monopoly and competition policy in Russia Philip Hanson assesses the obstacles to economic stabilization posed by regional economic interests and examines regional diversity in reform implementation Michael Kaser examines the problems of privatization by regions and sectors in Russia and the CIS and the institutional obstacles encountered by foreign investors Alan Smith explores the problems created by the breakup of traditional trade and payment relations with the non Russian republics of the former Soviet Union and bilateral

trade links with Eastern Europe He also provides an overall assessment of Russian economic performance since the collapse of communism

International Economic Implications of the End of the Soviet Union William L. Helkie, David H. Howard, Jaime R. Marquez, 1994 Output Decline in Transition International Monetary Fund, 1998-04-01 This paper presents a detailed analysis of the output decline in Kazakhstan in the early years of the transition The decline is documented at the aggregate and sectoral levels and the quality of the available data is reviewed A growth accounting framework quantifies the productivity slowdown in Kazakhstan and illustrates how excessive capital accumulation under central planning has contributed to the output decline In addition strong evidence is found that disorganization and inherited sectoral misallocation have played a significant role Credit contractions and reductions in aggregate demand may have had an effect but clear patterns of causality cannot be established

Global Economics in Extraordinary Times C. Fred Bergsten, C. Randall Henning, 2012-11-15 Over five decades John Williamson has written across an extraordinarily broad set of topics in international economics ranging from international monetary economics to development policy The arc of his scholarship follows the main preoccupations of international economists during the second half of the 20th century and the first decade of the 21st Bridging the scholarly literature and policy debates his publications on the Washington Consensus exchange rate policy and international monetary reform have profoundly influenced public discourse government policy and the evolution of the economics discipline As John marked his 75th birthday his friends and colleagues prepared this collection of essays to celebrate these many contributions and reflect on their relevance to the challenges that confront the world economy in the wake of the 2008-09 global financial crisis and its current aftermath in Europe

Russian Politics and Society Richard Sakwa, 2002-09-11 Sakwa's *Russian Politics and Society* is the most comprehensive study of Russia's post communist political development It has since its first publication in 1993 become an indispensable guide for all those who need to know about the current political scene in Russia about the country's political stability and about the future of democracy under its post communist leadership This is the ideal introductory textbook it covers all the key issues it is clearly written and it includes the most up to date material available For this third edition Sakwa has updated the text throughout to include details of Yeltsin's second term and the impact on Russian politics of the rise of his successor Vladimir Putin It also contains a substantially expanded bibliography and appendices showing election results chronology social and demographic figures and recent census data

Central Asia Meets the Middle East David Menashri, 2013-11-05 The emergence of Muslim republics has been part of a larger transformation experienced by the Middle East in the 1990s The main purpose of this volume is to examine the impact of the transformation on the Middle East especially Turkey and Iran

Foreign Trade in the Transition Bart?omie? Kami?ski, L. Alan Winters, 1996-01-01 World Bank Discussion Paper No 323 Presents a framework for evaluating the level and composition of public expenditures The paper applies the framework to the analysis of intrasectoral allocations within key sectors intersectoral allocations across sectors and allocations for major cross sectoral

expenditure categories It identifies the elements that should be an integral part of an ongoing exercise in analyzing the level and composition of public spending and highlights the importance of the institutional policy environment that determines these allocations and their outcomes

Russia in Transition David Lane, 2014-09-25 An accessible book covering the momentous changes that have occurred and are still occurring since the fall of the USSR in 1989 Contributions from an impressive collection of authors are drawn from the most recent and original research available and address political and social issues which impact on all levels of Russian society The book consists of a selection of specially commissioned pieces which have evolved from the conference of the same name held at Cambridge University in December 1994

Market Economics and Political Change Juan D. Lindau, 2000-01-01 Does market liberalization promote democracy The accepted answer from scholars pundits and politicians alike has been yes However the contributors to this innovative study of market reforms and political change in Mexico and the People's Republic of China argue that this easy equation is not only empirically uncertain but methodologically flawed Using comparative contextual analysis the contributors carefully identify the elective affinities between these two very different polities to reveal key variables that determine how markets will affect democracy particularly law as the rudder of democracy and the role of political culture in civil society

Sustaining China's Economic Growth After the Global Financial Crisis Nicholas R. Lardy, 2012

Exchange Rate Regimes for Emerging Markets John Williamson, 2000 In the aftermath of the Asian global financial crises of 1997-98 how should emerging markets now structure their exchange rate systems to prevent new crises from occurring This study challenges current orthodoxy by advocating the revival of intermediate exchange rate regimes In so doing Williamson presents a reasoned challenge to the new prevailing attitude which claims that all countries involved in the international capital markets need to polarize to one of the extreme regimes to a fixed rate with either a currency board or dollarization or to a lightly managed float He concludes that although there is some truth in the allegation that intermediate regimes are vulnerable to speculative crises they still offer offsetting advantages He also contends that it would be possible to redesign them to be more flexible so as to reduce their vulnerability to crises

[Russia After the Global Economic Crisis](#) Anders Åslund, Sergei Guriev, Andrew Kuchins, 2010-06-15 Russia After the Global Economic Crisis examines this important country after the financial crisis of 2007-09 The second book from The Russia Balance Sheet Project a collaboration of two of the world's preeminent research institutions the Peterson Institute for International Economics and the Center for Strategic and International Studies CSIS not only assesses Russia's international and domestic policy challenges but also provides an all encompassing review of this important country's foreign and domestic issues The authors consider foreign policy Russia and its neighbors climate change Russia's role in the world domestic politics and corruption
